Spartak Moscow Robert Edelman, 2012-11-15 In the informative, entertaining, and generously illustrated *Spartak Moscow*, a book that will be cheered by soccer fans worldwide, Robert Edelman finds in the stands and on the pitch keys to understanding everyday life under Stalin, Khrushchev, and their successors. Millions attended matches and obsessed about their favorite club, and their rowdiness on game day stood out as a moment of relative freedom in a society that championed conformity. This was particularly the case for the supporters of Spartak, which emerged from the rough proletarian Presnia district of Moscow and spent much of its history in fierce rivalry with Dinamo, the team of the secret police. To cheer for Spartak, Edelman shows, was a small and safe way of saying no to the fears and absurdities of high Stalinism; to understand Spartak is to understand how soccer explains Soviet life. Champions of the Soviet Elite League twelve times and eleven-time winner of the USSR Cup, Spartak was founded and led for seven decades by the four Starostin brothers, the most visible of whom were Nikolai and Andrei. Brilliant players turned skilled entrepreneurs, they were flexible enough to constantly change their business model to accommodate the dramatic shifts in Soviet policy. Whether because of their own financial wheeling and dealing or Spartak's too frequent success against state-sponsored teams, they were arrested in 1942 and spent twelve years in the gulag. Instead of facing hard labor and likely death, they were spared the harshness of their places of exile when they were asked by local camp commandants to coach the prisoners' football teams. Returning from the camps after Stalin's death, they took back the reins of a club whose mystique as the people's team was only enhanced by its status as a victim of Stalinist tyranny. Edelman covers the team from its days on the wild fields of prerevolutionary Russia through the post-Soviet period. Given its history, it was hardly surprising that Spartak adjusted quickly to the new, capitalist world of postsocialist Russia, going on to win the championship of the Russian Premier League nine times, the Russian Cup three times, and the CIS Commonwealth of Independent States Cup six times. In addition to providing a fresh and authoritative history of Soviet society as seen through its obsession with the world's most popular sport, Edelman, a well-known sports commentator, also provides biographies of Spartak's leading players over the course of a century and riveting play-by-play accounts of Spartak's most important matches—including such highlights as the day in 1989 when Spartak last won the Soviet Elite League on a Valery Shmarov free kick at the ninety-second minute. Throughout, he palpably evokes what it was like to cheer for the Red and White. For historic film of Spartak Moscow playing against the Wolverhampton Wanderers (the Wolves) in 1954 and 1955, click here: <https://www.britishpathe.com/record.php?id=38828> and here: <https://www.britishpathe.com/record.php?id=39604>

English Loans in Contemporary Russian Yuliya Baldwin, 2020-11-18 English Loans in Contemporary Russian presents over 2,000 English borrowings in the Russian lexicon, providing a unique account of changes in the language and culture. The entries in this practical Russian-English dictionary cover a wide range of well-established loanwords to more recent neologisms. They address an increasingly relevant part of the contemporary Russian lexicon, particularly in the language of business, politics, mass media, computer, medicine, and other professional areas. The dictionary reflects how the language is responding to new patterns of life and will be of interest to Russian language learners and linguists.

Socio-economic Systems: Paradigms for the Future Elena G. Popkova, Victoria N. Ostrovskaya, Aleksei V. Bogoviz, 2021-03-05 This book is reflective of a

science-based vision of the future development paradigm of economic and social systems. It deals with the digitization as the technological basis for the future development of economic and social systems and presents a review of groundbreaking technologies and prospects for their application. The specific character of the industry and prospects for the application of digital technologies in business are analyzed. A rationale is provided for future prospects for the sustainable development of economic and social systems in a digital economy. The authors determine the process of the formation and development of the information-oriented society, social and educational aspects of the digitization, as well as the institutional framework of the digital future of social and economic systems. The book combines the best works following the results of the 12th International Research-to-Practice Conference "Artificial Intelligence: Anthropogenic Nature vs. Social Origin" that was held by the Institute of Scientific Communications (ISC) in cooperation with the Siberian Federal University and the Krasnoyarsk Regional Fund of support of scientific and scientific-technical activities on 5-7 December 2019, in Krasnoyarsk, Russia, as well as following the results of the 3rd International Research-to-Practice Conference "Economic and Social Systems: Paradigms for the Future" that was held by the ISC in cooperation with the Pyatigorsk State University on 5-6 February 2020. The target audience of the book consists of representatives of the academic community concerned with the future prospects for the development of economic and social systems, as well as economic agents engaged in the digitization of business processes, and representatives of public agencies regulating the development of business systems for their progressivity, sustainability and competitiveness.

Russia Company Laws and Regulations Handbook – Strategic Information and Basic Laws IBP, Inc., 2015-06 Russia Company Laws and Regulations Handbook – Strategic Information and Basic Laws

Management practices of Russian companies. Vol.2 Коллектив авторов, 2022-12-27 The HSE Graduate School of Business continues to support the initiative of involving the faculty members into the case studies development. The second group of GSB professors has completed the certification program in case writing from The Case Centre, one of the top case clearing houses. The cases included into this volume explore a spectrum of managerial challenges from a multidisciplinary angle. The collection is intended for professors and business school students, as well as for managers who are interested in understanding the peculiarities of modern Russian business and the specifics of managerial approaches of international companies operating in Russia.

The Anthropology of Sport Niko Besnier, Susan Brownell, Thomas F. Carter, 2018 Few activities bring together physicality, emotions, politics, money, and morality as dramatically as sport. In Brazil's stadiums or parks in China, on Cuba's baseball diamonds or rugby fields in Fiji, human beings test their physical limits, invest emotional energy, bet money, perform witchcraft, and ingest substances, making sport a microcosm of what life is about. The Anthropology of Sport explores not only what anthropological thinking tells us about sports, but also what sports tell us about the ways in which the sporting body is shaped by and shapes the social, cultural, political, and historical contexts in which we live. Core themes discussed in this book include the body, modernity, nationalism, the state, citizenship, transnationalism, globalization, and gender and sexuality--Provided by publisher.

Law, Ethics, and Integrity in the Sports Industry Margaritis, Konstantinos, 2018-08-17 Sports play a significant role in society, as they are a multilevel field of interest. Nonetheless, a major problem that has been undermining the field is the rise of issues surrounding integrity. Indeed, major scandals of corruption have been disclosed, and they have challenged the effectiveness of sports institutions. As a result, it is vital

to explore how to navigate the complex landscape of legal and ethical issues. *Law, Ethics, and Integrity in the Sports Industry* is an essential reference source that discusses the legitimacy and integrity of sports institutions by focusing on the social, economic, and political influence of sports. Featuring research on topics such as global sports governance, legal and ethical implications, and the validity of e-sports, this book is ideally designed for scholars interested in institutional aspects of sports and ethics, academicians, researchers, advanced-level students, and officials with a broad interest in sports seeking coverage on the institutional aspects of sports and ethics.

The Rough Guide to Moscow Rough Guides, 2009-02-02 *The Rough Guide to Moscow* is the definitive guide to one of Europe's most fascinating and rewarding cities. The full-colour introduction covers the awe-inspiring Kremlin and The Red Square and includes the essential list of 'what not to miss'. There are lively explorations of all the sights, from Moscow's lavish palaces to world-class museums, as well as detailed accounts of Russian history and politics that have formed this intriguing city. You'll find two full-colour sections that highlight the New Moscow Style - contemporary art, design, fashion, galleries, boutiques, bars and clubs - and the magnificent art-deco metro, famous for its arts, murals, mosaics and ornate chandeliers. With updated and easy-to-use maps, expanded listings of nightlife, restaurants and hotels in Moscow for all budgets, *The Rough Guide to Moscow* is the must-have item to this colourful and spirited city.

Politics under the Influence Anna L. Bailey, 2018-09-15 You know just how serious a problem alcoholism has become for our country. Frankly speaking, it has taken on the proportions of a national disaster. So spoke Russian President Dmitry Medvedev in 2009 as the government launched its latest anti-alcohol campaign. Challenging the standard narrative of top-down implementation of policy, Anna Bailey's *Politics under the Influence* breaks new ground in the analysis of Russian alcoholism and the politics of the Putin regime. The state is supposed to make policy in the national interest, to preserve the nation's health against the ravages inflicted by widespread alcohol abuse. In fact, Bailey shows, the Russian state is deeply divided, and policy is commonly a result of the competitive interactions of stakeholders with vested interests. *Politics under the Influence* turns a spotlight on the powerful vodka industry whose ties to Putin's political elite have grown in influence since 2009. She details how that lobby has used the anti-alcohol campaign as a way to reduce the competitiveness of its main rival-the multinational beer industry. Drawing on a wide range of sources including fieldwork interviews, government documents, media articles, and opinion polls, Bailey reveals the many ambivalences, informal practices, and paradoxes in contemporary Russian politics. *Politics under the Influence* exhibits the kleptocratic nature of the Putin regime; as a result, analysis of vested interests and informal sources of power is essential to understanding public policy in contemporary Russia. This book will be an invaluable resource for anyone working on policy and corruption in Putin's Russia.

Cold War Olympics Harry Blutstein, 2021-12-03 The political tension of the Cold War bled into the Olympic Games when each side engaged in psychological warfare, exploiting sport for political ends. In Helsinki, the Soviet Union nearly overtook the United States in the medal count. Caught off guard, the U.S. hastened to respond, certain that the Soviets would use a victory at the next Olympics to broadcast their superiority over the Western world. Following the 1956 suppression of the Hungarian uprising, a Soviet athlete struck a Hungarian opponent in the Melbourne water polo semifinals, turning the pool red. The United States covertly encouraged Eastern Bloc athletes to defect, communist Chinese agents nearly succeeded in goading the Taiwanese government into withdrawing from the games, and a forbidden romance between an American and Czech athlete resulted in a politically complex marriage.

This history describes those stories and more that resulted from the complicated relationship between Cold War politics and the Olympics.

A Mashup World Irina Perianova, 2018-12-05 In the 21st century, hybrids (such as hybrid war, hybrid regimes, hybrid cars, and hybrid identities, among others) have become all-pervasive, and the computer term "mashup" has turned into a symbol of hybridity. This book highlights the phenomenon of hybridity and hybridization from a variety of angles and perspectives - in social and cultural practices, education and fiction - and notes the connecting patterns between hybridization in different fields of human endeavour. Perhaps the most important hallmark of our age is the crossover into the virtual. The spread of hybrids in "post-reality" has snowballed due to the Internet and the ease of the web-based dissemination of information and disinformation. New entities, such as fake news, have been put together using collage techniques with the result that make-believe events produce real-life effects. Without the special analysis provided in this book, this non/reality generated to manipulate people is unlikely to be differentiated from authentic stories.

Research Anthology on Business Strategies, Health Factors, and Ethical Implications in Sports and eSports Management Association, Information Resources, 2020-11-27 From issues of racism to the severity of concussions to celebrity endorsements, the sports industry continues to significantly impact society. With the rise of eSports and its projection as the next billion dollar industry, it is vital that a multifaceted approach to sports research be undertaken. On one side, businesses are continually offering new methods for marketing and branding and finding the best ways to enhance consumer engagement and the consumer experience. On the other side, there has been progress and new findings in the physical fitness and training of the athletes themselves along with discussions on their psychology and wellbeing. This two-tiered approach to analyzing sports and eSports from a practical business perspective, along with a lens placed on the athletes themselves, provides a comprehensive view of the current advancements, technologies, and strategies within various aspects of the sports and esports industry. **Research Anthology on Business Strategies, Health Factors, and Ethical Implications in Sports and eSports** covers the latest findings on all factors of sports: the branding and marketing of sports and eSports, studies on athletes and consumers, a dive into the ethics of sports, and the introduction of eSports to the industry. This wide coverage of all fields of research recently conducted leads this book to be a well-rounded view of how sports are functioning in modern times. Highlighted topics include branding tactics, consumer engagement, eSports history and technologies, ethics and law, and psychological studies of athlete wellness. This book is ideal for sports managers, athletes, trainers, marketers, brand managers, advertisers, practitioners, stakeholders, researchers, academicians, and students interested working in the fields of sports medicine, law, physical education, assistive technologies, marketing, consumer behavior, and psychology.

Tal, Petrosian, Spassky and Korchnoi Andrew Soltis, 2018-12-06 This book describes the intense rivalry--and collaboration--of the four players who created the golden era when USSR chess players dominated the world. More than 200 annotated games are included, along with personal details--many for the first time in English. Mikhail Tal, the roguish, doomed Latvian who changed the way chess players think about attack and sacrifice; Tigran Petrosian, the brilliant, henpecked Armenian whose wife drove him to become the world's best player; Boris Spassky, the prodigy who survived near-starvation and later bouts of melancholia to succeed Petrosian--but is best remembered for losing to Bobby Fischer; and Evil Viktor Korchnoi, whose mixture of genius and jealousy helped him eventually surpass his three rivals (but fate denied him the title they achieved: world champion).

The Reference Book of the Lumbermen's Credit Association Lumbermens Credit Association, 1894

Vassily Ivanchuk Nikolay Kalinichenko, 2014-03-07 "Chuky, you're a genius." Leading grandmasters have been heard to whisper these words, impressed with yet another brilliancy of Vassily Ivanchuk. The Ukrainian wizard, immensely popular with pros and amateurs alike, has been a member of the world elite for more than twenty years and is one of the most active players on the international circuit. Ivanchuk has finished first in all major tournaments in the world, at times with astonishing supremacy and always with deeply creative chess. He has won the Junior World Championship, the Blitz World Championship and reached the number two spot in the world rankings. Four times he was a member of the team that won the Chess Olympiad, once also claiming the individual gold medal on first board. The question why Ivanchuk, with his phenomenal talent and uncompromising passion for the game, has never become World Champion is something of a mystery. The inability to handle stress has been suggested and he himself has pointed at periods of 'black moods' or 'psychological crises'. Still, despite occasional erratic results, he has always maintained his position among the very best. For this book Correspondence Grandmaster and chess author Nikolay Kalinichenko has selected 100 of Vassily Ivanchuk's best and most instructive games, explaining his moves and plans for club players. The result is a fascinating and rewarding journey to 'Planet Ivanchuk', the extraterrestrial location where the sphinx from Lvov is said to receive his best brainwaves.

Основы финансовой грамотности: Краткий курс А.Богдашевский, 2018-05-11 Все мы хотим быть финансово независимыми, но лишь немногие знают, как этого добиться. Для остальных же надежным подспорьем может послужить данная книга. Ее автор постарался как можно доходчивее расширить кругозор читателей в плане финансовой грамотности и научить их основным правилам обращения с деньгами. Как организовать контроль над расходами, как создать пассивный доход, в каком банке открыть вклад, какие приобретать облигации — об этих и других вещах он рассуждает со знанием дела, поскольку прежде опробовал их на собственной практике. Пожалуй, самый обстоятельный раздел посвящен акциям, в котором автор тщательно разбирает их достоинства и недостатки на примере ведущих российских компаний, давая дельные и конкретные советы по их приобретению. Издание адресовано широкому кругу читателей, тем, кто хочет научиться распоряжаться своими финансами, грамотно копить и инвестировать деньги.

Proceedings of the 2nd International Conference Engineering Innovations and Sustainable Development Valentina Mantulenko, 2023-07-20 This book presents the contributions from the 2nd International Conference Engineering Innovations and Sustainable Development, held in Samara, Russia on April 20-21, 2023. By presenting international research on various sustainability issues, it includes topics such as current trends in industrial and agricultural development, innovations in the construction and transport sectors, problems concerning the financing of innovative activities and governmental support for innovations, and engineering competences and skills in the era of new technologies. It also covers the economic, environmental, and informational aspects of sustainable development in the context of innovations. Finally, the book addresses theoretical and practical aspects by studying the phenomenon of sustainability and engineering development in terms of comparing international experiences. It provides significant value for scientists, teachers, and students of higher educational institutions, and specialists, who are researching sustainable development issues in the era of engineering innovations.

Express.ru Introduction

In today's digital age, the availability of Express.ru books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals.

With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Express.ru books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Express.ru books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Express.ru versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Express.ru books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Express.ru books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature

enthusiasts. Another popular platform for Express.ru books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Express.ru books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Express.ru books and manuals for download and embark on your journey of knowledge?

FAQs About Express.ru Books

How do I know which eBook platform is the best for me? Finding the best

eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely!
