Swede Robert G. Masin,2009-07-15 Swede is a memoir to a great father who happened to be a humble, legendary New Jersey athlete. It is also a visit back to a storied time and place, Newarks historic Weequahic section. Swede covers the life of Seymour Swede Masin: his growing up in Newark, the son of Russian Jewish immigrants; his marrying out of the faith, temporarily breaking his parents hearts; his fascinating competitors and contemporaries; numerous anecdotes that best define him; the saga of Newarks Weequahic High School, past and present; and Swedes final years battling Alzheimers Disease. Of special note is the attention he received after serving as an inspiration for Philip Roths main character, Seymour Swede Levov, in the Pulitzer Prize-winning novel, American Pastoral. There was something very special about him, especially some of his fascinating contradictions: strong yet gentle; frugal yet generous; individualistic yet a great team player; a worry wart yet with a great sense of humor. For Robert Masin, this was the father he was so fortunate to have known, admired, and loved. This memoir will allow people a glimpse of the Seymour Swede Masin he idolized.

The Art of Extreme Self-Care Cheryl Richardson,2009-01-01 Beloved author and teacher Cheryl Richardson updates her classic, New York Times best-selling self-care manual, giving you the permission and practical tools you need to dramatically upgrade your life. For the last 20 years I've dedicated my personal and professional life to the importance of self-care by teaching from my own experience, writes Cheryl Richardson. In the past, I've sacrificed my health and my relationships for work, given to others at the expense of my own needs, and watched my dreams slip through the cracks of a busy life. As a result, I've learned a lot about what it takes to put an end to the madness. . . . From years of personal experience, as well as coaching great men and women, I've come to understand that selfishness leads to selflessness. When we care deeply for ourselves, we naturally begin to care for others - our families, our friends, our greater global community, and the environment - in a healthier and more effective way. We tell the truth. We make choices from love instead of guilt and obligation. And we soon realize that we're all connected and that our individual actions affect a greater whole. This updated edition of Cheryl's best-selling handbook The Art of Extreme Self-Care brings her message home to readers with a new section about forming and running a successful support group, as well as updated resources so readers stay inspired and motivated. Her practical, action-oriented program outlines 12 strategies to transform your life one month at a time, each one challenging you to alter one behavior that's blocking your path. Chapters include End the Legacy of Deprivation, Find Your Passion, The Absolute No List, and Does That Anger Taste Good? (Hint: it really doesn't.)
