The Stretcher Bearers Reid Beaman, Ryan Beaman, 2022-04-20

Maxwell Fox didn't know what he would witness in France.

America had only been in the Great War since April 2, 1917. Nothing could have prepared him for the horrors that awaited him and the rest of the men of the 4th Infantry "Ivy" Division. As the Meuse-Argonne Offensive raged on, Maxwell became assigned to a unit of stretcher bearers, men who were tasked with running into harm's way to rescue their fallen brethren from the clutches of death. This wouldn't be an easy job, but with Graham, Frank, and Ralph by his side, Maxwell had to rely on his team and hope to survive. A dark and honest look at the bond of brotherhood during war, *The Stretcher Bearers* tells the unforgettable tale of a young soldier trying to save the lives of wounded soldiers and keep the men he'd formed a bond with alive. But in the "war to end all wars," no one was safe.

The 7 Visions of the Apocalypse Larry Beaman, 2023-05-29 The 7 Visions of the Apocalypse is a must have book for anyone seeking the deeper truths of end time prophecy. Since the mid 1800's there has been a subtle shift in the way we view the end times and the book of Revelation. Come take a journey into the world of prophecy and current events in the world today. If you want to take your walk with Christ to the next level, I challenge you to read this book. This is probably one of the most profound books written in the last 24 years that has such a concise and graphic understanding of the concepts of the end time prophesies. This book is going to stretch your faith; it is going to force you to grow up in the things of God. This is an opportunity to be ahead of the prophetic curve in a world of doubt and fear. This brother has stepped up and given the church the necessary tools it needs to understand and teach others God's plan for the end of time. Look into the Bible and see the difference of meanings of the Day of the Lord. There has, been so many

interpretations of this day and how long it lasts. Read for yourself and you be the judge. You will not be able to put this book down, you will read it over and over. Not only will you be blessed, but all those you teach this to will be blessed also. This book is destined to become one of your major tools to teach the Gospel to others. It is an easy read and hard to put down. See for yourself. The love of God bestowed to His people in the end times. Ulysses (J.R.) Williams Author and Bible Student

Jelly Bean Man ,1997

Hans-Joachim Marseille James H. Kitchens,John R.

Beaman,2008-02 Few fighter pilots in the history of aviation have achieved such spectacular recognition as Hans-Joachim Marseille. His accomplishments over the deserts of North Africa during the SecondWorld War earned him the sobriquet 'The Star of Africa'. On one day in September 1942, he accounted for no fewer than seventeen Allied aircraft shot down in three missions. His final score of 158 enemy aircraft would be the highest such achievement against the Western Allies throughout the war. This book is not intended as another biography or photographic account of Marseille's life and career, but rather as a valuable and unique encyclopaedia to the prevailing historical record on the man and his aircraft, from his early Bf 109 E to the Bf 109 G of his later operational service with Jagdgeschwader 27 in Africa. Based on sustained and exacting study by the authors, both of whom are internationally recognised authorities on the Luftwaffe, this study offers those already familiar with Marseille an immensely rich and easy to use reference source which may well dispel numerous preconceptions. To those approaching the subject in detail for the first time, the book will provide comprehensive analysis and revealing insight into Marseille's aircraft as well as a guide for further study. With fascinating

photographs and specially commissioned artwork by leading aviation artist, Tom Tullis, this is the reference source for Hans-Joachim Marseille and his aircraft.
