*Calligraphy Basics from Left Handed*

*Calligraphers* Emma Moore, 2021-01-22 Calligraphy Basics from Left Handed Calligraphers: Easy and Best Calligraphy Samples for Lefties Lettering and calligraphy are quickly becoming desired skills in a designer's toolbox. Designers such as Marian Bantjes, Jessica Hische, Sean Wes and Martina Flor, just to name a few, have become not only an inspiration to the rest of us, but also a standard. Their work is not only client-based; they have become their own brand by providing products to their followers as well. Other

designers have followed suit, and now it would seem that lettering and calligraphy are everywhere. With only 10% of the general population being left-handed, it's no wonder the resources for lefties is sparse and limited. The very intention of this book is to add to the knowledge and information available to left-handers.
