Josua und Salomo Christa Schäfer-Lichtenberger, 2014-09-03 Josua und Salomo puts forward the thesis that the literary figure of the successor was created by circles who strongly relied on the book of Deuteronomy. In order to construct the ideal of a successor they used the characters of Joshua and Solomon and implemented the results of their theological reflection which were unleashed by the complete destruction of the pre-exilic political, social and religious organization of the nation. The figure of Joshua combines all the traits of their theological conception of an ideal political

leader, whereas the figure of Solomon demonstrates the dangers which are implied in monarchical succession. From the theological perspective of deuteronomism “Solomon” and “Joshua” are opposite characters. The deuteronomic concepts of God and authority play a central role for the reflection on both characters.

Synopse des lois du Pentateuque Guy Lasserre,2014-09-03 *Synopse des lois du Pentateuque* contains synopses in Hebrew of the different laws of the Pentateuch arranged thematically. The main collections and lists are followed in succession and in their entirety. The main part of the work consists of the synopses. The laws figure in them according to the collections and lists to which they belong. Secondary parallels indicate allusions to or quotations from the Old Testament. The introduction gives the methodological principles of the work and explains how to use it. Tables enable the student to visualise all the parallels quickly. Notes explain the choices that have been made. In order to study the laws, it is essential to compare them. This book facilitates research into the pentateuchal collections and lists, as it does into special prescriptions, rites or institutes.

A.W. Tozer Bible-KJV Hendrickson Publishers,2012-10 -The Word of God well understood and religiously obeyed is the shortest route to spiritual perfection. Nothing less than a whole Bible can make a whole Christian.- --A. W. Tozer Key writings of one of the twentieth century's most profound Christian authors are married with the scriptures that A. W. Tozer loved, studied and wrote about over the course of his forty year ministry. Hendrickson Publishers is proud to introduce the A. W. Tozer Bible, which will introduce a whole generation of readers to his work. Tozer (1897-1963), an pastor, preacher, student and teacher, is perhaps the closest American writer to C. S. Lewis, with the same penetrating insights and straightforward use of language. His bracing words, which accompany related passages throughout this Bible, unlock many of the mysteries of the Scriptures in language that could have been written today. This unique volume features over 500 key selections and teachings, taken from more than 40 of Tozer's writings, ranging from seminal bestselling books like The Pursuit of God and The Attributes of God to lesser-known works such as The Size of the Soul and The Root of the Righteous. Each selection appears in one of three categories:

On Scripture - Over 365 selections, each sharing the page with the Bible passage to which it refers, add depth and insight to a particular verse's application for the believer. Reflections - More than 100 writings that apply the deep meaning of the Christian faith to everyday life. Challenges - Nearly 100 entries, tied to scripture, that exhort the reader to resist complacency in particular areas of one's -living out- the Word in the world. Special Features - Brief biography of A. W. Tozer - Over 500 Tozer selections - Book introductions - Words of Christ in red - Concordance - Maps
