Advances in Iranian Linguistics II Simin Karimi,Narges Nematollahi,Roya Kabiri,Jian Gang Ngui,2023-04-15 This volume offers insight into different aspects of an interesting but fairly understudied language family, opens a path to new inquiries, and provides valuable contribution to linguistics, in general, and to Iranian linguistics, in particular. The articles in this volume offer novel analyses of significant properties of some of the Iranian languages, and contribute to various linguistic subareas such as experimental and historical linguistics as well as the morphology, syntax and semantics of several members of this language family. Specifically, this volume features a few articles on the Ezafe construction which shed new light on this interesting phenomenon of Western Iranian languages from historical, comparative and syntactic points of view. Moreover, a few articles address the syntax and formal semantics of properties of Persian, offering new insight into particular constructions in this language which are also fruitful for the general theory of linguistics. Crucially, all authors raise important questions, opening up the path for

further investigations.

Tula Pink's City Sampler Tula Pink, 2013-04-17 Create a sampler quilt as unique as you are! Tula Pink

gives you an inspiring quilt block collection with Tula Pink's City Sampler. Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: You will notice...that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make.
