Face Reading Ramesh Chandra Ramesh Chandra Shukla, 2020-09-01 What Your Face Says About You? Most of us are familiar with using palm reading to determine fame, fortune and future. How about face? Face reading, also known as physiognomy, is a science which predicts the future by reading the facial features of people. Through face reading, we can form an opinion about someone we meet for the first time. Of great importance, it is applicable to many occasions like blind date, job interview, making friends and business negotiation, and can reasonably help prevent some wrong decisions. The Face reveals it all! 1. Your face tells about your Fate! 2. Your face tells about your Career & Success 3. Your face tells about your Life 4. Your face tells about your Love Life 5. Your face tells about your Children 6. Your face tells about your Old age This book on Face Reading offers knowledge and techniques to learn and discover the general characteristics of a person. It may not be exactly accurate. You will learn all about the important organs that are made use of in Face Reading and what they signify; and the organs are Forehead, Eyes, Eyebrows, Nose, Mouth, Ears, Cheeks, Chin/Jaw, and Philtrum (central area between nose and upper lip). Numerous illustrations given in the book depict the shapes and contours an organ (such as, forehead, eyes, nose, mouth, cheeks etc) may take.

Practical Face Reading and Palmistry 易经 Peter So, 2012-07-01 This is how a Chinese proverb goes, “It takes a long way to tell how strong a horse is; it takes a long time to know a person well.” Yet, the Chinese also developed a set of rules to know a person simply by observation – read first his face and palm, then his gesture and demeanour for his intelligence and his luck. If you’re interested in knowing a person by just looking, this book is an indispensable read: - Is she/he the perfect wife or husband? Is he pretending to be rich, but is actually a less-privileged working class? Is he a sex fiend or a shameless con man? They are giving it away on their face and with their gestures. -What is your boss thinking? How do you tell if a subordinate is loyal? Which of the workers is the most competent? Simply take a look and you’d know. -Read both the face and the palm to tell his/her love luck and if his/her marriage is good or bad. -A mole, a zit, the voice, the hair and the way a person walks are all essential clues to tell his/her luck. -This book comes with remedies to dissipate your bad luck and boost your good luck. Dye your hair. Grow a beard. Or even wear a pair of spectacles for better luck. This book is great fun to read, encompassing a broad base of knowledge in face and palm reading. It also puts theories in contexts, so that you’d get to know those around you in everyday situations. This book lets you take a peep at a person’s heart by reading his/her tiniest feature or trait. Not to be missed.

and musculature of the face to reveal temperament, personality traits, health predispositions, and mental state • Explores the history and development of face morphology from its origins in Israel and Egypt more than 4,500 years ago to its modern use in French medical schools • Examines the Foursquare diagram, developed by French occultist Papus, for highly accurate and detailed facial readings The face is a unique reflection of our genetic, inherited inclinations as well as the effects that life, nature, and relationships have had upon us. By looking at a person's face, you can gain valuable insight into their personality, health, and how they navigate in the world. In this illustrated guide, Jennifer Lamonica reveals the sacred tradition of face morphology, an esoteric system that has been passed quietly from rabbi to student as an unbroken oral tradition for more than 4,500 years. She explores the history and development of this ancient art from its origins in Israel and Egypt to its use as the major diagnostic system in Europe until the Enlightenment and its current applications in French medical schools. Sharing the techniques of master face readers, the author details how to read the angles of the profile, as well as palm color and nose shape, to determine a person's temperament, providing health and career insight into each of the four temperaments, including nutritional needs, digestive issues, sleep patterns, health predispositions, and ideal occupational paths. Exploring the Foursquare diagram, developed by French occultist Papus, for highly accurate and detailed facial readings, she explains how to read the front face in combination with planetary shapes, which reveal a person's character; the major facial features, such as eyebrows, which reveal personal inclinations; and the musculature of the face, including expressions, which reveals a person's current mental state. Providing case studies, she examines how to apply face morphology in relationships and in parenting. Exploring the meaning of each facial variation, while also honoring the intuitive impression received at first glance, Lamonica reveals how the ancient science of face reading allows you to compassionately help your loved ones, students, or clients, as well as overcome personal obstacles and better know yourself.
