**Leaving Las Vegas** John O'Brien, 2007-12-01 This "brutal and unflinching" novel of fleeting love in Sin City inspired the film starring Nicholas Cage and Elizabeth Shue (Jay McInerney, author of *Bright Lights, Big City*). John O'Brien's debut novel, *Leaving Las Vegas*, is an emotionally wrenching story of a woman who embraces life and a man who rejects it; a powerful tale of hard luck, hard drinking, and a relationship of tenderness and destruction. An avowed alcoholic, Ben drinks away his family, friends, and, finally, his job. With deliberate resolve, he burns the remnants of his life and heads for Las Vegas to end it all in the last great binge of his hopeless life. On the Strip, he picks up Sera, a prostitute, in what might have become another excess in his self-destructive jag. Instead, their chance meeting becomes a respite on the road to oblivion as they form a bond that is as mysterious as it is immutable.

**Insider Baseball** Joan Didion, 2016-10-04 A Vintage Shorts Selection • Almost three decades ago, iconic and incomparable American essayist Joan Didion's now-classic report from the Dukakis campaign trail exposed, in no uncertain terms, the complete sham that is the modern American presidential run. Writing with bite and some humor too, Didion betrays "the process"—the way in which power is exchanged and the status quo is maintained. All insiders—politicians, journalists, spin doctors—participate in a political narrative that is "designed as it is to maintain the illusion of consensus by obscuring rather than addressing actual issues." The optics of presidential campaigns have grown ever more farcical and remote from the needs and issues most relevant to Americans' lives, and Didion's elegant, shrewd, and prescient commentary has never been more urgent than it is right now. An ebook short.

**The Diary and Letters of Gouverneur Morris** Gouverneur Morris, 1888 A biography of Gouverneur Morris (1752-1816) by his granddaughter, making extensive use of his letters and diary.

**Lady Midnight** Cassandra Clare, 2016-03-08 The Shadowhunters of Los Angeles star in this #1 New York Times and USA TODAY bestselling novel in Cassandra Clare's newest series, *The Dark Artifices*, a sequel to the internationally bestselling *Mortal Instruments* series. *Lady Midnight* is a Shadowhunters novel. It's been five years since the events of *City of Heavenly Fire* that brought the Shadowhunters to the brink of oblivion. Emma Carstairs is no longer a child in mourning, but a young woman bent on discovering who killed her parents and avenging her losses. Together with her battle partner Julian Blackthorn, Emma must learn to trust her head and her heart as she investigates a demonic plot that stretches across Los Angeles, from the Sunset Strip to the enchanted sea that pounds the beaches of Santa Monica. If only her heart didn't lead her in treacherous directions... Making things even more complicated, Julian's brother Mark—who was captured by the faeries five years ago—has been returned as a bargaining chip. The faeries are desperate to find out who is murdering their kind—and they need the Shadowhunters' help to do it. But time works differently in faerie, so Mark has barely aged and doesn't recognize his family. Can he ever truly return to them? Will the faeries really allow it? Gritz, glimmers, and Shadowhunters abound in this heartrending opening to Cassandra Clare's *Dark Artifices* series.

**In the Time of the Butterflies** Julia Alvarez, 2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time." —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

**Global Trends 2030** National Intelligence Council, 2018-02-07 This important report, *Global Trends 2030: Alternative Worlds*, released in 2012 by the U.S. National Intelligence Council, describes megatrends and potential game changers for the next decades. Among the megatrends, it analyzes: - increased individual empowerment - the diffusion of power among states and the ascent of a networked multi-polar world - a world's population growing to 8.3 billion people, of which sixty percent will live in urbanized areas, and surging cross-border migration - expanding demand for food, water, and energy It furthermore describes potential game changers, including: - a global economy that could thrive or collapse - increased global insecurity due to regional instability in the Middle East and South Asia - new technologies that could solve the problems caused by the megatrends - the possibility, but by no means the certainty, that the U.S. with new partners will reinvent the international system Students of trends, forward-looking entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades will find this essential reading.

**A Long Way Gone** Ishmael Beah, 2007-02-13 My new friends have begun to suspect I haven't told them the full story of my life. "Why did you leave Sierra Leone?" "Because there is a war." "You mean, you saw people running around with guns and shooting each other?" "Yes, all the time." "Cool." I smile a little. "You should tell us about it sometime." "Yes, sometime." This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists,

and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. In *A Long Way Gone*, Beah, now twenty-five years old, tells a riveting story: how at the age of twelve, he fled attacking rebels and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty.

**Black Looks** bell hooks, 2014-10-10 In the critical essays collected in *Black Looks*, bell hooks interrogates old narratives and argues for alternative ways to look at blackness, black subjectivity, and whiteness. Her focus is on spectatorship—in particular, the way blackness and black people are experienced in literature, music, television, and especially film—and her aim is to create a radical intervention into the way we talk about race and representation. As she describes: the essays in *Black Looks* are meant to challenge and unsettle, to disrupt and subvert. As students, scholars, activists, intellectuals, and any other readers who have engaged with the book since its original release in 1992 can attest, that's exactly what these pieces do.

**Red Gold** Alan Furst, 2007-12-18 “Nothing can be like watching *Casablanca* for the first time, but Furst comes closer than anyone has in years.”—*Time* Autumn 1941: In a shabby hotel off the place Clichy, the course of the war is about to change. German tanks are rolling toward Moscow. Stalin has issued a decree: All partisan operatives are to strike behind enemy lines—from Kiev to Brittany. Set in the back streets of Paris and deep in occupied France, *Red Gold* moves with quiet menace as predators from the dark edge of war—arms dealers, lawyers, spies, and assassins—emerge from the shadows of the Parisian underworld. In their midst is Jean Casson, once a well-to-do film producer, now a target of the Gestapo living on a few francs a day. As the occupation tightens, Casson is drawn into an ill-fated mission: running guns to combat units of the French Communist Party. Reprisals are brutal. At last the real resistance has begun. *Red Gold* masterfully re-creates the shadow world of French resistance in the darkest days of World War II.

**Moving Away from Silence** Thomas Turino, 2010-02-15 Increasingly popular in the United States and Europe, Andean panpipe and flute music draws its vitality from the traditions of rural highland villages and of rural migrants who have settled in Andean cities. In *Moving Away from Silence*, Thomas Turino describes panpipe and flute traditions in the context of this rural-urban migration and the turbulent politics that have influenced Peruvian society and local identities throughout this century. Turino's ethnography is the first large-scale study to concentrate on the pervasive effects of migration on Andean people and their music. Turino uses the musical traditions of Conima, Peru as a unifying thread, tracing them through the varying lives of Conimeos in different locales. He reveals how music both sustains and creates meaning for a people struggling amid the dramatic social upheavals of contemporary Peru. *Moving Away from Silence* contains detailed interpretations based on comparative field research of Conimeo musical performance, rehearsals, composition, and festivals in the highlands and Lima. The volume will be of great importance to students of Latin American music and culture as well as ethnomusicological and ethnographic theory and method.

**Mastering the Twister** Eddie Bravo, Erich Krauss, Glen Cordoza, Joe Rogan, 2007-07-15 The Twister is a neck-jarring, spine-torturing submission hold refined and mastered by Brazilian Jiu-Jitsu superstar Eddie Bravo. Early in his jiu-jitsu career, Eddie Bravo dominated dozens of jiu-jitsu competitions with this unorthodox move. When the Brazilian Jiu-Jitsu Federation banned his trademark move, he proved the effectiveness of his entire grappling style by defeating the legendary Royler Gracie without The Twister. In *Mastering the Twister: Jiu-Jitsu for Mixed Martial Arts Competition*, Bravo uses over 1,200 color photos and descriptive narrative to illustrate snaring an opponent in the infamous Twister from virtually every control position. Also revealed is the entire Twister Side Control game, dozens of submissions from the mount, numerous routes to take your opponent's back, highly effective ways to pass your opponent's guard, and the secrets of The Truck, Bravo's patented control position.

**Regions and Powers** Barry Buzan, Ole Wæver, 2003-12-04 This book develops the idea that since decolonisation, regional patterns of security have become more prominent in international politics. The authors combine an operational theory of regional security with an empirical application across the whole of the international system. Individual chapters cover Africa, the Balkans, CIS Europe, East Asia, EU Europe, the Middle East, North America, South America, and South Asia. The main focus is on the post-Cold War period, but the history of each regional security complex is traced back to its beginnings. By relating the regional dynamics of security to current debates about the global power structure, the authors unfold a distinctive interpretation of post-Cold War international security, avoiding both the extreme oversimplifications of the unipolar view, and the extreme deterritorialisations of many globalist visions of a new world disorder. Their framework brings out the radical diversity of security dynamics in different parts of the world.

**Global Trends 2030** National Intelligence Council (U.S.), 2012 This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous *Global Trends* reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of *Global Trends 2030*. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.
