Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Creating Autoethnographies Tessa Muncey,2010-03-25 Creating Autoethnographies is an introduction to autoethnography, a form of autobiographical personal narrative that explores the writer's experience of life. The first ever practical text on this increasingly popular research method, it provides a background and considers some of the criticisms of the approach. It is suitable for all social science students, both at postgraduate and also upper level undergraduate stage. The book is structured to mirror the process of writing about experience, from establishing an idea through to the process of writing and the development of creative writing skills, and provides detailed worked examples of the whole process. The final two chapters are devoted to exploring two cases in which readers can see the principles discussed in action. There are also a wide range of case studies drawn from a wide a range of social science disciplines and exercises throughout the text. In the book, Tessa Muncey identifies a number of trends in social science research, such as the increasing focus on the individual and giving a voice to service users, that are resulting in an increase of interest in narrative research. Creating Autoethnographies is a timely contribution to the field. Tessa Muncey is one of the leading names in this field and is the annual organiser and chair of the Mixed Methods Conference.

Patrimony Alan Dean Foster,2007-10-30 In this Pip & Flinx thriller, Alan Dean Foster displays the brilliance that has made him one of the brightest lights in science fiction. In Patrimony, fans will learn more about their favorite redhead—with emerald eyes, uncanny powers, and a poisonous minidrag—than they ever dreamed possible. “I know who your father is . . . Gestalt.” A shocked Flinx hears these dying words from one of the renegade eugenicists whose experiments with humans twenty-odd years ago shocked the galaxy . . . and spawned Flinx. So Flinx and his minidrag, Pip, venture to Gestalt, an out-of-the-way planet perfect for someone who never wants to be found—disregarding the advice of those who think Flinx could make better use of his time locating the ancient, sentient weapons platform that could be the galaxy’s only chance of stopping the exterminating scourge that’s fast approaching. Flinx might agree with them—but the quest for patrimony wins out. (Sorry, galaxy!) Could Gestalt supply the key to Flinx’s shadowy past and strange powers? An eccentric loner in a remote area could be the father Flinx has never stopped searching for, perhaps the only person who can unravel the mystery of his birth and his amazing, agonizing powers. Unfortunately for Flinx, Gestalt also hosts a resident bounty hunter who’s just learned about the stupendous reward offered for a certain dead redhead. Flinx gets a chance to test his adversary’s skills when our hero’s skimmer is blasted out of the sky and into a raging river in the middle of nowhere—a nowhere of impassable terrain and ravenous, carnivorous beasts. But hey, what’s one more impossible challenge for someone who’s spent his life defying the odds and escaping the inescapable? Flinx has one thing going for him . . . plenty of experience.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Spirituality and Ethics in Management Laszlo Zsolnai,2011-04-20 The book - which was originally published by Kluwer in 2004 - is a collection of scholarly papers focusing on the role of spirituality and ethics in renewing the contemporary management praxis. The basic argument is that a more inclusive, holistic and peaceful approach to management is needed if business and political leaders are to uplift the environmentally degrading and socially disintegrating world of our age. The book uses diverse value-perspectives (Hindu, Catholic, Buddhist, and Humanist) and a variety of disciplines (philosophy, ethics, management studies, psychology, and organizational sciences) to extend traditional reflections on corporate purpose and focuses on a self-referential organizational-existential search for meaning, identity and success.
