Family Feud Anthony Galvin,2003-01-01 THIS IS THE STORY of how it all began. 1978 and a double-murder that Gardai could not solve - the murder no one saw. It was a busy evening in Kiely's Bar when two members of the McNamara clan attacked Anthony Kelly with knives. In the ensuing struggle he wrestled the knives from both assailants. When he walked from the bar he left two dead men, and a bitterness that prevails to this day. THIS IS THE STORY of what followed: Vicious interfamily feuding, coupled with a thriving drug trade and petty crime, giving the city a name for mindless violence - 'stab city', best seen through the rear-view mirror of your car. THIS IS THE STORY of the detectives who have tried to contain the problem. Over three decades the weapons seized have changed - Stanley knives have been replaced on the streets by AK47s, pump action shotguns, and grenades. THIS IS THE STORY of a gang leader who became an alderman on the city council and brought the attitude of the streets to the council chamber. Michael Kelly's sights were set on the Dail before a CAB investigation derailed his ambitions. He is currently appealing an eight-year prison sentence. THIS IS THE STORY of a city which waits in fear for reprisals following the latest killing. Everyone says they don't want revenge. Everyone knows that's not true. The feuds go on. This is the story of Limerick, it's gangs, the men who have tried to stop them, and the innocent people who have endured twenty five years of fear, thuggery and intimidation.

Kiss Me, Mi Amor Alana Quintana Albertson,2023-07-04 It turns out that a fake relationship is the perfect recipe for a love that sizzles hotter than Santa Barbara's spiciest salsa—when it's between enemies.... Enrique Montez, smooth-talking heir to the Taco King empire, is man enough to admit that he made a critical error when he underestimated Carolina Flores. The agricultural hotshot should have been an easy conquest—who would turn down the chance to partner with California's largest fast-food chain? But instead of signing her name on the dotted line, Carolina has Enrique eating out of the palm of her hand, and when fate steps in with an unexpected opportunity, Enrique is willing to do whatever it takes to capture her heart. Growing up as the daughter of farmworkers, Carolina spent her youth picking strawberries in the fields of Santa Maria and vowing to improve the lives of people like her parents. Now, as one of only a few Latina farm owners, she has no time for romance and she's certainly not about to let the notorious Montez brother anywhere near her business—even if just being near Enrique makes her skin tingle. But she is willing to let him help get her overinvolved family off her back. When Carolina's father and her lovelorn sisters mistake Enrique for her (nonexistent) boyfriend, she reluctantly agrees to a series of pretend dates to their town's traditional Mexican-American holiday celebrations. Soon the fake feelings turn real and both Carolina and Enrique must convince each other to take a chance on love before their vacation romance is over.

Grizzly Beginning Becca Jameson,2017-06-17 When trust is damaged, even binding might not be enough to unite mates for a lifetime. Nuria Orson has waited fifteen years to return to her hometown of Silvertip, Alberta, the place where she was molested at age fifteen by her boyfriend's older brother. If she had her way, she would never return, but she needs to sell her childhood home so she can move on with her life. Austin Tarben has spent half his life silently pining for the girl he was certain was his mate before she left town with her parents in the middle of the night fifteen years ago. Believing she willingly dumped him for his brother before she disappeared, he has longed for answers for all these years. When Austin learns his childhood sweetheart is in town, he forces himself to confront her. Nuria doesn't welcome him with open arms, however. In fact, she's furious. As the true story of what happened in high school unfolds, the two mates must decide if they can put the past behind them and forge a future together. But Austin isn't the only shifter in town shocked by Nuria's arrival. It would seem she has a pile of enemies. Before Austin and Nuria can possibly reconcile, they need to figure out who wants her dead and why. This book is a re-release of a previously published book. No additions or changes have been made to the story.

Pop Goes the Decade Thomas Harrison,2017-08-24 This fascinating overview of popular culture in the 1980s describes the decade of excess that resulted from the social, political, and economic conditions of the time, documenting why so many milestones in entertainment, arts, and technology occurred the 80s. Popular culture in the United States in the 1980s—as reflected in film, television, music, technology, and art—serves to illustrate the general feeling of American citizens during this decade that the sky was the limit, and the only thing better than big was bigger. This title provides readers with an engaging, in-depth study of the 1980s and supplies the larger historical and social context of popular culture in an era when the extraordinary seemed normal and all the rules were being rewritten. The book's wide scope includes the concepts, fashions, foods, sports, television, movies, and music that became popular in the 1980s. Readers will see how specific elements of the decade, such as visual art and architecture, reflect the sense of change in the 1980s, often through excessive displays of expression that helped further movements into the avant-garde. The technological advances, entertainment developments, and

game changers that were essential to establishing the popular culture of the decade are highlighted, as is the trend of how personal expression in the 80s began to penetrate a wider segment of American culture, spanning across all ages. The book also calls attention to the standout events and individuals who influenced society in the 1980s, with emphasis on the figures who intentionally used pop culture as an avenue for change as well as the influences from the 1980s that are still felt today.

Live Fearlessly Lenya Heitzig,Penny Pierce Rose,2018-01-01 Do you ever feel like you don't have what it takes? Like you can't be as good as those around you? Well, after waiting decades for his time to lead, Joshua had some big shoes to fill. He may have felt slightly intimidated by the task at hand. Joshua's predecessor, Moses, had a near spotless résumé: he led the Jews out of Egypt, parted the Red Sea, and even conversed directly with God. Not exactly an easy act to follow. Yet Joshua's fearless confidence in God proved to be more than enough. God used Joshua in miraculous ways. All his life, the people of Israel followed and trusted Joshua's lead. The Fresh Life series was created by women for women, who crave a profound experience of God's Word without an overwhelming time commitment. In just 20 minutes a day, you will come to a deeper understanding of the truths of the Bible. With a group or by yourself, use this easy-to-use study to develop a fearless, Joshua-like confidence in God so you can accomplish everything He asks you to do.

Factory Man Beth Macy,2014-07-15 The instant New York Times bestseller about one man's battle to save hundreds of jobs by demonstrating the greatness of American business. The Bassett Furniture Company was once the world's biggest wood furniture manufacturer. Run by the same powerful Virginia family for generations, it was also the center of life in Bassett, Virginia. But beginning in the 1980s, the first waves of Asian competition hit, and ultimately Bassett was forced to send its production overseas. One man fought back: John Bassett III, a shrewd and determined third-generation factory man, now chairman of Vaughan-Bassett Furniture Co, which employs more than 700 Virginians and has sales of more than \$90 million. In *Factory Man*, Beth Macy brings to life Bassett's deeply personal furniture and family story, along with a host of characters from an industry that was as cutthroat as it was colorful. As she shows how he uses legal maneuvers, factory efficiencies, and sheer grit and cunning to save hundreds of jobs, she also reveals the truth about modern industry in America.

Dr.Manmohan Singh- A Decade of Decay M.R.Venkatesh,2013-07-11 This Book is a compilation of select articles authored by M R Venkatesh, mostly in Rediff.com. To the reader, his writings offer a ring side view of the debilitating state of affairs in India under the leadership of Dr. Manmohan Singh. With a persuasive, passionate and powerful style of writing the author demystifies the challenges confronting India and Indian economy in a manner that is comprehensible even to the layman. Making a strong case for a small yet effective government, Venkatesh canvasses for sweeping economic, administrative and judicial reforms while simultaneously pointing out to the gargantuan failures of Dr. Manmohan Singh's administration. Written between 2011 and 2013 these articles capture India's precipitous decline in various spheres caused by a singular lack of willingness and / capacity to govern. In a refreshing departure from the known suspects who end up merely being critical of the Government, he also offers various alternatives to the challenges confronting the country. Needless to emphasize, while his suggestions are eminently debatable, the fact remains that these proposals are sure to secure necessary traction in days to follow. The Toynbee like sweep of the subjects dealt by Venkatesh in a precise, succinct and incisive manner makes this book a compelling read. The foreword of this book has been authored by Dr. Subramanian Swamy.
