Patricia Polacco

Thank You, Mr. Falker Patricia Polacco,2012-04-12 The real-life, classic story of a dyslexic girl and the teacher who would not let her fail. A perfect gift for teachers and for reading students of any age. Patricia Polacco is now one of America's most loved children's book creators, but once upon a time, she was a little girl named Trisha starting school. Trisha could paint and draw beautifully, but when she looked at words on a page, all she could see was jumble. It took a very special teacher to recognize little Trisha's dyslexia: Mr. Falker, who encouraged her to overcome her reading disability. Patricia Polacco will never forget him, and neither will we. This inspiring story is available in a deluxe slipcased edition, complete with a personal letter to readers from Patricia Polacco herself. Thank You, Mr. Falker will make a beautiful gift for the special child who needs encouragement&150or any special teacher who has made a difference in the child's life.

Using Music to Enhance Student Learning Jana R. Fallin,Mollie Gregory Tower,2018-10-15 Integrating musical activities in the elementary school classroom can assist in effectively teaching and engaging students in Language Arts, Science, Math, and Social Studies, while also boosting mental, emotional and social development. However, many elementary education majors fear they lack the needed musical skills to use music successfully. Future elementary school teachers need usable, practical musical strategies to easily infuse into their curriculum. Written for both current and future teachers with little or no previous experience in music, Using Music to Enhance Student Learning, Second Edition offers strategies that are not heavily dependent on musical skills. While many textbooks are devoted to teaching music theory skills, this textbook is dedicated to pedagogy – the actual teaching of music – particularly in those schools without a separate music class in their curriculum. The ultimate goal is for future teachers to provide their elementary school classes with engaging learning experiences. These learning experiences are clearly presented to enable children to acquire knowledge in all subject areas within a joyful, creative environment rich with music activities. New to the second edition are the animated listening maps, more audio tracks, a new guitar unit, expanded coverage in the recorder unit, a connection with visual art and music, expanded activities in American history and math, and updated research and statistics. SPECIAL FEATURES Animated Listening Maps help listeners focus on music selections through clear visual representations of sound. Group Activities reinforce the social aspects of music-making, as well as the benefits of collaborative teaching and learning. A thorough integration of music in the curriculum establishes that music is essential in a child's development, and that the incorporation of music will enhance all other subjects/activities in the classroom. Learning Aids include Tantalizing Tidbits of Research, which provide the justifications for why these activities are important, as well as Teaching Tips, and Thinking It Through activities. The Using Music Package Streamed listening selections from the Baroque, Classical, Romantic, and Contemporary Periods Get America Singing... Again! Volume 1 (developed in association with the Music Educators National Conference, now NAFME, and other music organizations) with 43 songs that represent America's varied music heritage of folk, traditional, and patriotic themes Appendices include a songbook with Hispanic folksongs, a recorder music songbook and a guitar unit Companion website hosts various teaching and learning resources ISBN 978-0-367-11067-3 Using Music, Second Edition set includes: ISBN 978-0-415-70936-1 Using Music, Second Edition textbook Get America Singing...
