In Defense of the Princess Jerramy

Fine,2016-03-22 It's no secret that most girls, at some point, love all things princess: the poofy dresses, the plastic tiaras, the color pink. Even grown-up women can't get enough of royal weddings and royal gossip. Yet critics claim the princess dream sets little girls up to be weak and submissive, and allows grown women to indulge in fantasies of rescue rather than hard work and self-reliance. Enter Jerramy Fine -- an unabashed feminist who is proud of her life-long princess obsession and more than happy to defend it. Through her amusing life story and in-depth research, Fine makes it clear that feminine doesn't mean weak, pink doesn't mean inferior, and girliness is not incompatible with ambition. From 9th century Cinderella to modern-day Frozen, from Princess Diana to Kate Middleton, from Wonder Woman to Princess Leia, Fine valiantly assures us that princesses have always been about power, not passivity. And those who love them can still be confident, intelligent women. Provocative, insightful, but also witty and personal, In Defense of the Princess empowers girls, women, and parents to dream of happily ever after without any guilt or shame.

The Maccabees NASEEBA OMAR, 2013-12-03 A family of three, is cooped in the shell of desperation, dying to be out of the miseries like how a chick can't wait to be out of the heat of its shell. Charlotte loses her husband at an early stage after seeing her parents get buried with her brother, nowhere to be found. The deadly rhythms keep on because most of all, her first child is the devil herself. Kayla MacCabee, the charming devil loves machines, does anything to get loved and thinks her mother is heartless. She hates that her dearest friends (her father and her grandmother) are off board her ship, hates she's in love with her only surviving friend, Andrew Patterson who rather keeps to the memories of his dead girlfriend. But comes Ralph Carter, a wealthy young business man who pours out roses. But . . . Ingrid MacCabee is a sweet blond, a successful play maker. Only she falls well madly in an obsession. She damns herself for the special eyes she has for a no-nice guy, an artist. She would not look at Ray Adams, a handsome, half-American half-Spanish talent who would die for her. Her scalding attraction- the guy in person, Jason Sands, the beastliest Casanova in her college. Then jumps in is Maureen de Crapeau, another malicious character, an awesome play maker who would do anything to put Ingrid in the darkest dark. Out of the family's mansion comes their

friends. But they are unfortunately no better than the MacCabees.

Early Professional Women in Northern Europe, c. 1650-1850 Johanna Ilmakunnas,Marjatta Rahikainen,Kirsi Vainio-Korhonen,2017-07-06 This book focuses on early examples of women who may be said to have anticipated, in one way or another, modern professional and/or career-oriented women. The contributors to the book discuss women who may at least in some respect be seen as professionally ambitious, unlike the great majority of working women in the past. In order to improve their

positions or to find better business opportunities, the women discussed in this book invested in developing their qualifications and professional skills, took economic or other kinds of risks, or moved to other countries. Socially, they range from elite women to women of middle-class and lower middle-class origin. In terms of theory, the book brings fresh insights into issues that have been long discussed in the field of women's history and are also debated today. However, despite its focus on women, the book is conceptually not so much focused on gender as it is on profession, business, career, qualifications, skills, and work. By applying such concepts to analyzing women's endeavours, the book aims at challenging the conventional ideas about them.
