Roopa Farooki

Memories of My Gay Brothers Michael T. Roper,2001-03-20 I could never have imagined what the future had in store for me and my Castro Street friends when I began a memory book in 1985. This is my memoir of more than ninety people I knew in San Francisco who died of AIDS. It was the decimation of a thriving culture in just over a decade. Who cares? We all should.

Lincoln the Lawyer Brian R. Dirck,2008-12-12 What the law did to and for Abraham Lincoln, and its important impact on his future presidency

Utilitarianism and Coordination Allan Gibbard,1990

Bitter Sweets Roopa Farooki,2007-11-13 With this spellbinding first novel about the destructive lies three immigrant generations of a Pakistani/Bangladeshi family tell each other, Roopa Farooki adds a fresh new voice to the company of Zadie Smith, Jhumpa Lahiri and Arudhati Roy. Henna Rub is a precocious teenager whose wheeler-dealer father never misses a business opportunity and whose sumptuous Calcutta marriage to wealthy romantic Ricky-Rashid Karim is achieved by an audacious network of lies. Ricky will learn the truth about his seductive bride, but the way is already paved for a future of double lives and deception--family traits that will filter naturally through the generations, forming an instinctive and unspoken tradition. Even as a child, their daughter Shona, herself conceived on a lie and born in a liar's house, finds telling fibs as easy as ABC. But years

later, living above a sweatshop in South London's Tooting Bec, it is Shona who is forced to discover unspeakable truths about her loved ones and come to terms with what superficially holds her family together--and also keeps them apart--across geographical, emotional and cultural distance. Roopa Farooki has crafted an intelligent, engrossing and emotionally powerful Indian family saga that will stay with you long after you've read the last page.

Poppy in the Wild Teresa Rhyne, 2020-10-06 From the #1 New York Times bestselling author of The Dog Lived (And So Will I) comes a tale of love and devotion defying all the odds. After losing her beloved beagle Daphne to lymphoma, author Teresa Rhyne launches herself into fostering other dogs in need, including Poppy, a small, frightened beagle rescued from the China dog meat trade. The elation of rescue quickly turns to hysteria when Poppy breaks free from a potential adopter during a torrential thunderstorm and disappears into a rugged, mountainous, 1,500 acre wilderness park. In the quest to find

Poppy, Teresa will work with rescue specialists, volunteers, psychics, a Native American who communes with owls, helpful neighbors, decidedly unhelpful strangers, a howling woman, the police, crushing dead ends, glimmers of hope, and her own emotional and physical limits as she sits in the wind and rain in the wilderness park for hours each dusk and dawn with bags of roasted chicken and her dirty socks, the human lure for a terrified beagle and packs of less terrified coyotes. Meanwhile, Poppy encounters heavy rains, a homeless encampment, the Sheriff and his wife, a series of strangers, speeding traffic, hawks, and, ultimately, a world of people willing to do anything to protect rather than harm her. Through an unexpected late night encounter, Poppy is finally caught. After her time in the wild, a surprisingly transformed Poppy reunites with Teresa. Now newly confident and brave Poppy is ready to be welcomed into her forever home.

The Dog Lived (and So Will I) Teresa J. Rhyne, 2012 Recounts the author's journey nursing her adopted beagle Seamus through his cancer treatment as she learned to deal with medical situations, unknowingly preparing herself for her own later triple-negative breast cancer diagnosis.

An Honest Calling Mark Steiner, 2009-05 Abraham Lincoln practiced law for nearly twenty-five years, five times longer than he served as president. Nonetheless, this aspect of his life was known only in the broadest outlines until the Lincoln Legal Papers project set to work gathering the surviving documentation of more than 5,600 of his cases. One of the first scholars to work in this vast collection, Mark E. Steiner goes beyond the hasty sketches of previous biographers to paint a detailed portrait of Lincoln the lawyer. This portrait not only depicts Lincoln's work for the railroads and the infamous case in which he defended the claims of a slaveholder; it also illustrates his more typical cases involving debt and neighborly disputes. Steiner describes Lincoln's legal education, the economics of the law office, and the changes in legal practice that Lincoln himself experienced as the

nation became an industrial, capitalist society. Most important, Steiner highlights Lincoln's guiding principles as a lawyer. In contrast to the popular caricature of the lawyer as a scoundrel, Lincoln followed his personal resolve to be honest at all events, thus earning the nickname Honest Abe. For him, honesty meant representing clients to the best of his ability, regardless of his own beliefs about the justice of their cause. Lincoln also embraced a professional ideal that cast the lawyer as a guardian of order. He was as willing to mediate a dispute outside the courtroom in the interest of maintaining peace as he was eager to win cases before a jury. Over the course of his legal career, however, Lincoln's dedication to the community and his clients' personal interests became outmoded. As a result of the rise of powerful, faceless corporate clients and the national debate over slavery, Lincoln the lawyer found himself in an increasingly impersonal, morally ambiguous world.

Now You Say Yes Bill Harley, 2022-08-02 Two recently orphaned siblings embark on an unforgettable cross-country road trip in search of their place in the world. When her mother dies, fifteen-year-old Mari is desperate to avoid being caught up in the foster system....again. And to complicate matters, she is now the only one who can take care of her super-smart and on-the-spectrum nine-year-old stepbrother, Conor. Is there anyone Mari can trust to help them? Certainly not her mother's current boyfriend, Dennis. Not the doctors or her teachers, who would be obliged to call in social services. So in a desperate move, Mari takes Conor and sets out to find their estranged grandmother, hoping to throw themselves at the mercy of the only person who might take them in. On their way to New England, the duo experiences the snarls of LA traffic, the backroads of the Midwest, and a monumental stop in Missouri where they witness the solar eclipse, an event with which Conor is obsessed. Mari also learns about the inner workings of her stepbrother's mind and about her connections to him and to the world...and maybe even a little about her own place in it. This heartwarming, fast-paced, and engaging middle

grade novel is a beautiful exploration of identity and family.
