Rendering Nature Marguerite S. Shaffer, Phoebe S. K. Young, 2015-07-02 We exist at a moment during which the entangled challenges facing the human and natural worlds confront us at every turn, whether at the most basic level of survival—health, sustenance, shelter—or in relation to our comfort-driven desires. As demand for resources both necessary and unnecessary increases, understanding how nature and culture are interconnected matters more than ever. Bridging the fields of environmental history and American studies, *Rendering Nature* examines the surprising interconnections between nature and culture in distinct places, times, and contexts over the course of American history. Divided into four themes—animals, bodies, places, and politics—the essays span a diverse array of locations and periods: from antebellum slave society to atomic testing sites, from gorillas in Central Africa to river runners in the Grand Canyon, from white sun-tanning enthusiasts to Japanese American incarcerated, from taxidermists at the 1893 World's Fair to tents on Wall Street in 2011. Together they offer new perspectives and conceptual tools that can help us better understand the historical realities and current paradoxes of our environmental predicament. Contributors: Thomas G. Andrews, Connie Y. Chiang, Catherine Cocks, Annie Gilbert Coleman, Finis Dunaway, John Herron, Andrew Kirk, Frieda Knobloch, Susan A. Miller, Brett Mizelle, Marguerite S. Shaffer, Phoebe S. K. Young.

Encyclopedia of Twentieth-Century Photography, 3-Volume Set Lynne Warren, 2005-11-15 The *Encyclopedia of Twentieth-Century Photography* explores the vast international scope of twentieth-century photography and explains that history with a wide-ranging, interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form, while also recognizing it as a developing technology and cultural force. This *Encyclopedia* presents the important developments, movements, photographers, photographic institutions, and theoretical aspects of the field along with information about equipment, techniques, and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout, and each volume contains a color plate section. A useful glossary of terms is also included.

Fashion's Double Adam Geczy, Vicki Karaminas, 2015-12-17 Mere clothing is transformed into desirable fashion by the way it is represented in imagery. *Fashion's Double* examines how meanings are projected onto garments through their representation, whether in painting, photography, cinema or online fashion film, conveying identity and status, eliciting fascination and desire. With in-depth case studies including the work of Nick Knight and Helmut Newton, film examples such as *The Hunger Games*, music video *Girl Panic* by Duran Duran, and much more, this book analyses the interrelationship between clothing, identity, embodiment, representation and self-representation. Written for students and scholars alike, *Fashion's Double* will appeal to anyone studying fashion, cultural studies, art theory and history, photography, sociology, and film.

American Notebook Michael Gawenda, 2007 One of the rewards extended to former editors—and if they are lucky and get to plan their departure—is that they can choose their next assignment. I had no doubt about what I wanted: to be Washington correspondent for *The Age* and *The Sydney Morning Herald*. There was no more important and interesting international story to cover than the United States at the beginning of George W. Bush's second term. The war in Iraq was going badly, and it was not at all clear that the war on terror was being won—or even if there was any agreement that it was, in fact, a war. When veteran journalist Michael Gawenda was posted to the USA as a Washington correspondent in 2005, George W. Bush was beginning his second term, and the war in Iraq was showing signs of becoming a quagmire. Two years later, Bush is a lame duck president and most Americans want their troops out of Iraq. *American Notebook* is Gawenda's absorbing and insightful account of his American posting. Weaving the personal into the political, Gawenda takes the reader on his journey into a country he has always loved. Beyond daily life in Washington, he visits hurricane-ravaged New Orleans and the God-fearing states of the Midwest. His engaging analysis of politics and current events is interwoven with his reflections on his childhood as a post-war Jewish refugee, growing up in the sixties in a Melbourne steeped in American culture. In light of the increasingly evident failure of efforts in Iraq, he revisits his own controversial decision while editor of *The Age* newspaper to support the Howard Government's decision in 2003 to join the coalition of the willing. *American Notebook* is a fascinating discussion of the role of journalism and the nature of public debate about war, politics and current events.

Social History of the United States [10 volumes] Brian Greenberg, Linda S. Watts, Richard A. Greenwald, Gordon Reavley, Alice L. George, Scott Beekman, Cecelia Bucki, Mark Ciabattari, John C. Stoner, Troy D. Paino, Laurie Mercier, Andrew Hunt, Peter C. Holloran, Nancy Cohen, 2008-10-23 This ten-volume encyclopedia explores the social history of 20th-century America in rich, authoritative detail, decade by decade, through the eyes of its everyday citizens. *Social History of the United States* is a cornerstone reference that tells the story of 20th-century America, examining the interplay of policies, events, and everyday life in each decade of the 1900s with unmatched authority, clarity, and insight. Spanning ten volumes and featuring the work of some of the foremost social historians working today, *Social History of the United States* bridges the gap between 20th-century history as it played out on the grand stage and history as it affected—and was affected by—citizens at the grassroots level. Covering each decade in a separate volume, this exhaustive work draws on the most compelling scholarship to identify important themes and institutions, explore daily life and working conditions across the economic spectrum, and examine all aspects of the American experience from a citizen's-eye view. Casting the spotlight on those whom history often leaves in the dark, *Social History of the United States* is an essential addition to any library collection.

On Adventure with Dad Kenny Deuss, 2022-04-11 * Kenny Deuss, the man behind the humorous Instagram account *On adventure with Dad*, makes his 400k followers laugh every week with hilarious photos about fatherhood* The perfect Father's Day gift or new father gift Alone every Tuesday with his newborn daughter, Kenny Deuss fielded frequent requests from his partner, Tineke, for photos of the baby when she was away from home. His series of hilariously Photoshopped images of the baby in mock perilous situations began with teasing photographs that showed just how safe the baby was. Currently, people from all over the world follow Kenny's adventures with his (now 2) daughters Alix and Aster through his Instagram account *On Adventure with Dad*. In this book he bundles his best photos, supplemented with a large number of never-before-seen images. He also includes 'tips' for dads and dads-to-be with a large dose of his typical dry humor.

The Graphic Lives of Fathers Mihaela Precup,2020-02-21 This book explores the representation of fatherhood in contemporary North American autobiographical comics that depict paternal conduct from the post-war period up to the present. It offers equal space to autobiographical comics penned by daughters who represent their fathers' complicated and often disappointing behavior, and to works by male cartoonists who depict and usually celebrate their own experiences as fathers. This book asks questions about how the desire to forgive or be forgiven can compromise the authors' ethics or dictate style, considers the ownership of life stories whose subjects cannot or do not agree to be represented, and investigates the pervasive and complicated effects of dominant masculinities. By close reading these cartoonists' complex strategies of (self-)representation, this volume also places photography and archival work alongside the problematic legacy of self-deprecation carried on from underground comics, and shows how the vocabulary of graphic narration can work with other media and at the intersection of various genres and modes to produce a valuable scrutiny of contemporary norms of fatherhood.

Cancer In Young Adults Grinyer, Anne,2002-10-01 Based on the use of narrative material written by parents whose young adult children have been diagnosed with cancer, this work addresses issues such as sexuality and fertility, independence, the need for normality, the effect on siblings, the ownership of medical information, and financial issues.

535 Best Beaches - Fodor's Fodor's,Fodor's Travel Publications, Inc. Staff,2010-11-02 The ultimate guide for planning a beach vacation covers every great beach from Maine's rugged coast to the tranquil waters of the Florida Keys to the best surfing beaches in Los Angeles to the white sands of Grand Turk to the Banzai Pipeline of Oahu. Full-color photos and magazine-style features make this the go-to source for beach-lovers.

Mental Jaime Lowe,2017-10-03 A riveting memoir and a fascinating investigation of the history, uses, and controversies behind lithium, an essential medication for millions of people struggling with bipolar disorder. It began in Los Angeles in 1993, when Jaime Lowe was just sixteen. She stopped sleeping and eating, and began to hallucinate—demonically cackling Muppets, faces lurking in windows, Michael Jackson delivering messages from the Neverland Underground. Lowe wrote manifestos and math equations in her diary, and drew infographics on her bedroom wall. Eventually, hospitalized and diagnosed as bipolar, she was prescribed a medication that came in the form of three pink pills—lithium. In *Mental*, Lowe shares and investigates her story of episodic madness, as well as the stability she found while on lithium. She interviews scientists, psychiatrists, and patients to examine how effective lithium really is and how its side effects can be dangerous for long-term users—including Lowe, who after twenty years on the medication suffers from severe kidney damage. *Mental* is eye-opening and powerful, tackling an illness and drug that has touched millions of lives and yet remains shrouded in social stigma. Now, while she adjusts to a new drug, her pursuit of a stable life continues as does her curiosity about the history and science of the mysterious element that shaped the way she sees the world and allowed her decades of sanity. Lowe travels to the Bolivian salt flats that hold more than half of the world's lithium reserves, rural America where lithium is mined for batteries, and tolithium spas that are still touted as a tonic to cure all ills. With unflinching honesty and humor, Lowe allows a clear-eyed view into her life, and an arresting inquiry into one of mankind's oldest medical mysteries.

On the Move: a Black Family's Western Saga S. Rudolph Martin,2009-02-10 Yet it is less Martin's own personal history than that of his family - both paternal and maternal - that makes this narrative vital for those who would understand the African American experience west of the Mississippi. After avid genealogical research and the generous memory-sharing of relatives, Martin has crafted the story of his forebears from Emancipation to their exodus from the South and Texas - begun even before the great black migrations that occurred around the two world wars. As Martin explains it, he and his brother arrived on the scene at the confluence of these family streams in time to catch a ride to the shining sea. Martin reveals his family's struggles and triumphs as they embrace their new life in the western united States. Students, scholars, and interested general readers of modern African American history and sociology will be greatly rewarded by reading this warm and vivid personal and family memoir.--Jacket.
