**Please Feed Me** Niall McGuirk, 2004-11-04 A punk rock vegan cookbook featuring anecdotes from the bands that performed at the Hope Collective, a legendary venue in Dublin that became the blue print and inspiration for punk and DIY spaces across Ireland and the UK. Featuring contributions from more than 120 people who donated their vegan recipes and thoughts on the importance of the punk rock community and culture, including stories from seminal punk bands such as Fugazi, Bikini Kill, and Chumbawamba, *Please Feed Me* uniquely illustrates the connections between community, art, activism and health. The thunderous subtext of the book is the vital underground community and network created and maintained by a collective of organizers and hundreds of musicians at a time when most punk bands were signing to major labels for the highest dollar amount. The book documents pieces of the stories of many popular US and international punk bands that continue to have a major influence on youth subcultures today.

*Love Me, Feed Me* Judith Jones, 2014-10-28 From the esteemed food editor and author Judith Jones, a charming, practical guide to sharing the pleasures of home cooking with your dog. Doesn't man's best friend deserve a little more than cardboard-dry kibble day in and day out? Judith Jones thinks so, and in this delightful new cookbook she offers up more than fifty home-cooked recipes, both time efficient and finance friendly—among them Salmon Cakes, Wild Mushroom Risotto, and Shepherd's Pie—that she's loved and shared with her own canines. Jones explains the nutritional benefits of substituting, or supplementing, store-bought food with a diet of fresh, home-prepared ingredients. She offers helpful extras like advice on portion size, what to do with scraps, and the latest research on controversial ingredients such as garlic (newly vindicated), ginger (use sparingly), and eggplant (an acquired taste, but scrape out the seeds). Though many of the recipes are simple to prepare, using basic techniques and ingredients home cooks are likely to have on hand, Jones never compromises flavor or variety; when a full recipe—her mouth-watering Moussaka, for instance—is too complex for a dog's palate or digestive health, Jones gives detailed instructions on how to modify your pet's share. Jones balances her recipes, tips, and techniques with endearing accounts of life with her own dogs, including her very first, a Scottish terrier; a poodle who charmed a French chef into serving up a haute-cuisine feast gratis; and her current Havanese

pup, Mabon, who occasionally contributes his own two cents within these pages. She also includes the thoughts of some of her canine- and food-loving friends, Jacques Pépin and M. F. K. Fisher among them. With *Love Me, Feed Me* to guide you, planning what to put in your dog's bowl becomes a natural part of deciding what to put on your own table, and your dog will savor mealtimes all the more because of it. Filled with the practical wisdom and verve of a master home cook and lifetime dog lover, *Love Me, Feed Me* can only lead to a happier, healthier dog.

*Europa: A Thousand Years of Oil* Joe Jeney, 2018-03-08 As global oil reserves finally dry up and rising ocean levels flood coastal areas, oil companies continue to deny evidence of global warming and set their sights on off-world sources of carbon fuels. Their target? Jupiter's water-rich moon, Europa. Only one thing stands between Big Oil and Europa's rich energy reserves: the moon may contain life, and the presence of even microorganisms would ban resource harvesting under international space law. A manned mission plans to scout the moon for life and, if none exists, claim it for the United States. But powerful interests have embedded operatives in the crew, with orders to ensure that life on Europa-if it exists-doesn't stand in the way of energy extraction. A thrilling mix of Jules Verne and *An Inconvenient Truth*, Europa offers a glimpse of the upcoming energy crisis and the steps humanity must take to survive its addiction to carbon fuels. IndieReader Approved. Fans of sci-fi novels will enjoy JJ's EUROPA, a fast-paced thriller set on one of Jupiter's moons.... Plenty of high-stakes scenes are included.... EUROPA offers a fun read for sci-fi devotees. IndieReader ...well-written story of what could be a possible future with suspense and intrigue on almost every page. The cast of characters is diverse and their interaction sets the stage for much of the action. Paul Johnson for Readers' Favorite

**Stories and Portraits of the Self** Helena Carvalhão Buescu, João Ferreira Duarte, 2007 In contemporary societies privatization has long ceased to be just an economic concept; rather, it must increasingly be made to refer to the ongoing shrinking of the public space under the impact of the representation of individual lives and images, which cuts across all discourses, genres and media to become one of the primary means of production of culture. This volume is intended to cover such an historical, social and intellectual ground, where self-representation comes to the fore. Targeting mostly an academic readership but certainly also of interest to the general educated public, it collects a wide range of essays dealing with diverse modes of life writing and portraying from a variety of perspectives and focusing on different historical periods and media.
