Felix Yz Lisa Bunker, 2018-06-05 "If it wasn't for the fused-with-Zyx thing, I suppose I would just be normal—whatever that means." When Felix Yz was three years old, a hyperintelligent fourth-dimensional being became fused inside him after one of his father's science experiments went terribly wrong. The creature is friendly, but Felix—now thirteen—won't be able to grow to adulthood while they're still melded together. So a risky Procedure is planned to separate them . . . but it may end up killing them both instead. This book is Felix's secret blog, a chronicle of the days leading up to the Procedure. Some days it's business as usual—time with his close-knit family, run-ins with a bully at school, anxiety about his crush. But life becomes more out of the ordinary with the arrival of an Estonian chess Grandmaster, the revelation of family secrets, and a train-hopping journey. When it all might be over in a few days, what matters most? Told in an unforgettable voice full of heart and humor, Felix Yz is a groundbreaking story about how we are all separate, but all connected too.

Félix Guattari Franco Berardi Bifo, 2008-11-05 Félix Guattari: Thought, Friendship, and Visionary Cartography, by Franco Berardi 'Bifo', originates in the author's close personal acquaintance with Félix Guattari's writings and political engagement in the context of Berardi Bifo's activism in Italian autonomist politics and his ongoing collaboration with Guattari in the 1970s and 1980s. This biography gains distinction from its keen insight into Guattari's political practice and from a precise understanding of how this practice relates to the theoretical and conceptual aspects of Guattari's writings, alone and with Gilles Deleuze. Thanks to an approach at once personal and theoretically well informed, Bifo's biography provides a clear and accessible introduction to Guattari's works. This edition also includes a critical introduction and a 2005 interview with Bifo on a range of topics relating Guattari's works to the current political conjuncture.

More Lives Than One: The Extraordinary Life of Felix Dennis Fergus Byrne, 2015-09-10 Canny, infuriating, cynical and generous by turns, Felix Dennis was a true one-off. When he died in 2014 he was a multi-millionaire. Yet he spent his last months writing poetry and planting the millionth tree in his own forest in Warwickshire. Journalist Fergus Byrne got to know him well in this time and was granted exclusive access to Dennis's archives and papers. He found everything had been kept and, along with hours of interviews with girlfriends, family, staff and friends the world over, he has now written the only authorised biography of a man who described himself as lucky to have led several lives. His early rebellious days started with dropping out of grammar school, playing in a rock 'n' roll band, and being imprisoned (with Richard Neville and Jim Anderson) for charges of obscenity relating to a priapic Rupert Bear in the 'schoolkids' issue of the magazine Oz. The launch of Kung-Fu magazine, created when Dennis spotted a queue at a Leicester Square cinema for a Bruce Lee film, changed his fortunes. An industrious and self-destructive era then followed. He moved to America, added the magazines MacUser and Maxim to his portfolio, but also discovered crack, hookers and S & M. When his lifestyle led him to hospital, he gave up the drugs overnight and took to writing poetry. He acquired a mansion in Warwickshire, bought a much loved home in Mustique from rock star David Bowie, gave generously to charities, planted the largest broadleaf forest in Britain, and published several volumes of verse promoted by very well received readings nationwide. This is a hugely readable account of one of the most extraordinary characters of our time.

The Letters of Fanny Hensel to Felix Mendelssohn Fanny Mendelssohn Hensel, Felix Mendelssohn, 1987 Fanny Mendelssohn Hensel (1805-47), pianist and composer, maintained a prolific and witty correspondence with her younger brother Felix over the course of approximately 25 years, which is here presented in English translation, with the original German for reference. As the leader of a vibrant salon, Hensel deploys her critical prowess to describe Berlin musical life, including its conservative institutions and personalities, as well as to evaluate Felix's works-in-progress in detail. We also learn about Hensel's own compositions, her attitudes toward herself as a composer, and the significance of Felix's views on the formation of those attitudes. Hensel's letters provide a fascinating glimpse into the problems and challenges facing gifted women musicians in the nineteenth century. The 150 letters are drawn from the Green Books collection of letters addressed to Felix Mendelssohn, in the Bodleian Library, Oxford. Reviews-These letters reveal Fanny Mendelssohn to be a thoroughly fascinating individual, one whose special relationship to Felix would be enough to guarantee the interest of the documents. But we soon become engrossed with Fanny herself, as composer, as critic, as musical commentator and figure in the musical life of Berlin. To watch this world through her eyes is to watch it come alive through the wisdom, wit, and grace of a remarkable person. Citron has a gift for rendering the substance and spirit of these letters into charming and effective English prose that preserves something of the formality of nineteenth-century discourse together with the passion and spirit of Fanny Mendelssohn. Philip Gossett ...reading this volume is a pleasure,

not just a musicological duty. Clifford Bartlett the volume contains penetrating and highly scholarly critical commentaries and is a valuable addition to Mendelssohniana. J.R. Belanger, Choice, April 1988

Cartier created one-of-a-kind pieces; Leonora Carrington and Diego Rivera painted portraits; Carlos Fuentes wrote a play; Agustín Lara, a bestselling song. But she was nobody's muse. Did Félix really bring baby crocodiles to the Cartier boutique to request lifelike copies in a necklace? The story may be apocryphal, but it perfectly encapsulates her powerful, independent and unconventional persona. This book first examines Félix's life and work, reviewing her films and acting style and considering what they say about gender norms and a woman's place on screen. It then turns to her role as curator and benefactor, exploring how art, literature and song sustained her image. It concludes by exploring the persistent interest in her life story and evaluating her significance for contemporary audiences. benefactor, exploring how art, literature and song sustained her image. Felix Guattari's Schizoanalytic Ecology Hanjo Berressem, 2020-05-28 Hanjo Berressem establishes the notion of a schizoanalytic ecology as the most consistent conceptual spine of Félix Guattari's work. He covers the whole range of Guattari's solo work and the books co-authored with Gilles Deleuze, primarily a rigorous explication and analysis of 'Schizoanalytic Cartographies'.

Gilles Deleuze and Félix Guattari Francois Dosse, 2010-07-20 In May 1968, Gilles Deleuze was an established philosopher teaching at the innovative Vincennes University, just outside of Paris. Félix Guattari was a political militant and the director of an unusual psychiatric clinic at La Borde. Their meeting was quite unlikely, yet the two were introduced in an arranged encounter of epic consequence. From that moment on, Deleuze and Guattari engaged in a surprising, productive partnership, collaborating on several groundbreaking works, including *Anti-Oedipus*, *What Is Philosophy?* and *A Thousand Plateaus*. François Dosse, a prominent French intellectual known for his work on the Annales School, structuralism, and biographies of the pivotal intellectuals Paul Ricoeur, Pierre Chaunu, and Michel de Certeau, examines the prolific if improbable relationship between two men of distinct and differing sensibilities. Drawing on unpublished archives and hundreds of personal interviews, Dosse elucidates a collaboration that lasted more than two decades, underscoring the role that family and history particularly the turbulent time of May 1968 play in their monumental work. He also takes the measure of Deleuze and Guattari's posthumous fortunes and the impact of their thought on intellectual, academic, and professional circles.

The Routledge Companion to Twenty-First Century Literary Fiction Daniel O'Gorman, Robert Eaglestone, 2019-01-15
The study of contemporary fiction is a fascinating yet challenging one. Contemporary fiction has immediate relevance to popular culture, the news, scholarly organizations, and education – where it is found on the syllabus in schools and universities – but it also offers challenges. What is 'contemporary'? How do we track cultural shifts and changes? The Routledge Companion to Twenty-First Century Literary Fiction takes on this challenge, mapping key literary trends from the year 2000 onwards, as the landscape of our century continues to take shape around us. A significant and central intervention into contemporary literature, this Companion offers essential coverage of writers who have risen to prominence since then, such as Hari Kunzru, Jennifer Egan, David Mitchell, Jonathan Lethem, Ali Smith, A. L. Kennedy, Hilary Mantel, Marilynne Robinson, and Colson Whitehead. Thirty-eight essays by leading and emerging international scholars cover topics such as: • Identity, including race, sexuality, class, and religion in the twenty-first century; • The impact of technology, terrorism, activism, and the global economy on the modern world and modern literature; • The form and format of twenty-first century literary fiction, including analysis of established genres such as the pastoral, graphic novels, and comedic writing, and how these have been adapted in recent years. Accessible to experts, students, and general readers, The Routledge Companion to Twenty-First Century Literary Fiction provides a map of the critical issues central to the discipline, as well as uncovering new perspectives and new directions for the development of the field. It is essential reading for anyone interested in the past, present, and future of contemporary literature.

Felix Aprahamian Felix Aprahamian, 2015 A picture of a highly creative music critic, notable for his humane commentary, as well as his promotion of contemporary French and British music. The music critic Felix Aprahamian (1914-2005) was a remarkable self-made man whose enormous influence in musical circles was deeply founded in his practical experience of promoting music in London, notably British and French composers. Early on he became interested in the organ and was soon corresponding with the leading French names of the day - André Marchal, Charles Tournemire, Maurice Duruflé and the young Olivier Messiaen. In 1933, the nineteen-year-old Aprahamian visited Frederick Delius in France, and while in Paris, met the aged Charles-Marie Widor. The surviving diaries, published here complete for the first time, document these events in detail. During the Second World War he acted as concert director of the London Philharmonic Orchestra, was the guiding spirit behind the influential Concerts de Musique Française and became assistant to Sir Thomas Beecham. After the liberation of Paris, a wide circle of outstanding French musicians and composers including Francis Poulenc, Messiaen, Pierre Bernac and Pierre Fournier became personal friends. Aprahamian made his name as music critic on The Sunday Times, where from 1948 to 1989 he was required reading. He helped numerous young musicians to develop their careers and was associated with many musical organizations, notably the Delius Trust and Society. Prefaced by an illuminating biography, this collection sheds new light on Aprahamian's life and work. His diaries and BBC broadcasts uniquely illuminate London concert life from the 1930s to the 1960s, while his articles on many composers and musicians - nearly all friends and colleagues - testify to his promotion of French and British music. Examples of his record and concert reviews are included, and the book evokes the almost vanished world of a music criticism both humane and strict, paying tribute to music's spontaneous and absolute qualities. It will be of interest to anyone following London concert life in the twentieth century; British and French music; writing about Debussy, Poulenc, Messiaen and, in particular, Delius; as well as organ music. LEWIS FOREMAN is a writer on British music and the editor of The John Ireland Companion (The Boydell Press, 2011) and author of Bax: A Composer and His Times. SUSAN FOREMAN is author of various books on Whitehall and, together with Lewis Foreman, London. A Musical Gazetteer (2005).
