User Innovators in the Silver Market Konstantin

Wellner,2015-03-03 In this study among camping tourists of all age groups between 19 and 86 years of age, Konstantin Wellner compares key characteristics regarding innovative behavior of different age groups. The focus of the analysis is on the so-called “Silver Market” segment (consumers of at least 55 years) which gains importance to the demographic shift. Generally, older users are still actively innovating, especially if it relates to age-specific improvements (e.g., comfort and compatibility to other equipment). Analysis by a Structural Equation Model showed that the most important determinant of innovative behavior for older users is technical expertise and that being relatively ahead of trends increases their dissatisfaction with existing products. Additional evidence was found that user with high use experience suffer from functional fixedness.

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading	over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative	platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and
