However, when applied together, some of the guidelines appear to be contradictory. In such cases, you should decide for yourself which principle is the most weighty in your particular situation. And the best way is to follow the protective measures. With the help of this book, you will master the practices of Feng Shui and become a specialist. You will have endless possibilities of finding harmony, love and financial wealth. You will learn how to manage the space of your own home, as well as be able to work as a Feng Shui master and get paid for your services.
