Adventure To Raconia Rob Grable,2009-12 Best friends Stone, Tad and Gabe are out on another of their adventures, exploring the woods, rivers and lakes around their home in Battle Creek, Michigan. After losing their way, the trio is enveloped by a strange light. When the light disappears, they find themselves somewhere that is definitely not Battle Creek-somewhere that has two moons in the sky! But the bigger problem is that the boys are not alone. There is a full-scale battle with real weapons going on all around them. Before they can make sense of anything, and as deadly arrows whistle overhead, they come face-to-face with a beautiful girl who says that she is Princess Antonia of Raconia. The boys have no choice but to follow the princess to safety and try to figure out what they are doing in this strange and magical land...and how they are going to get home! Author Rob Grable grew up in Battle Creek, Michigan and currently lives not far away in Kalamazoo. The saga of Raconia will continue on in Return to Raconia.

Histories of Surveillance from Antiquity to the Digital Era Andreas Marklund,Laura Skouvig,2021-07-27 Deploying empirical studies spanning from early Imperial China to the present day, 17 scholars from across the globe explore the history of surveillance with special attention to the mechanisms of power that impel the concept of surveillance in society. By delving into a broad range of historical periods and contexts, the book sheds new light on surveillance as a societal phenomenon, offering 10 in-depth, applied analyses that revolve around two main questions: • Who are the central actors in the history of surveillance? • What kinds of phenomena have been deemed eligible for surveillance, for example, information flows, political movements, border-crossing trade, interacting with foreign states, workplace relations, gender relations, andsexuality?
