In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

An Introduction to Constitutional Law Randy E. Barnett, Josh Blackman, 2023-02-28 An Introduction to Constitutional Law teaches the narrative of constitutional law as it has developed historically and provides the essential background to understand how this foundational body of law has come to be what it is today. This multimedia experience combines a book and video series to engage students more directly in the study of constitutional law. All students—even those unfamiliar with American history—will garner a firm understanding of how constitutional law has evolved. An eleven-hour online video library brings the Supreme Court's most important decisions to life. Videos are enriched by photographs, maps, and audio from the Supreme Court. The book and videos are accessible for all levels: law school, college, high school, home school, and independent study. Students can read and watch these materials before class to prepare for lectures or study after class to fill in any gaps in their notes. And, come exam time, students can binge-watch the entire canon of constitutional law in about twelve hours.

Fight Back and Win Gloria Allred, Deborah Caulfield Rybak, 2009-10-13 Voted by her peers as one of the best lawyers in America, and described by Time magazine as one of the nation's most effective advocates of family rights and feminist causes, Allred has devoted her career to fighting for civil rights and has won hundreds of millions of dollars for victims of abuse. She has taken on countless institutions to promote equality, including the Boy Scouts, the Friars Club, and the United States Senate. And as the attorney for numerous high-profile clients—including Nicole Brown Simpson's family, actress Hunter Tylo, and Amber Frey, Scott Peterson's girlfriend—Allred has helped victims assert and protect their rights. Throughout her memoir, Allred offers colorful—sometimes shocking—examples of self-empowerment from her personal and professional life. Presenting nearly fifty of her most memorable cases, Allred takes us deep inside the justice system to show how it's possible to win even in the face of staggering odds. Her inspiring true stories serve to remind us that winning justice depends on the righteousness of the cause and an individual's willingness to stand up, speak out, and fight back. *Fight Back and Win* is a powerful testament to Gloria Allred's trailblazing career and the battles she has fought alongside countless brave individuals to win justice for us all.

Erase Your Record Eric Dirga, 2018-01-19 You deserve a second chance. We were all young once. We all made mistakes and did things that we later regret. Unfortunately, an arrest in your past can continue to haunt you and impact the rest of your life. Fighting to Win Bob Vogel,2001-04-23 How a lone Florida Sheriff fought the U.S. Justice Department--and won! The amazing career of Bob Vogel began in the Florida Highway Patrol, where he personally took over billion dollars in street value of drugs off the market in just three years. Bob tells his story about the war on drugs, on the controversial practice of profiling, and about his years-long battle to prove that his law enforcement efforts were both lawful and prudent. His results helped stem the flow of drugs north and south up Interstate 95 for a number of years, and he was featured on 60 Minutes for his remarkable record. Bob Vogel had taken the upper hand in the fight against drugs. Word in the drug trade spread - avoid Volusia County. His office and officers received numerous citations for a job well done. What should have followed was thankful support from the local media, the state of Florida and even the U.S. Justice Department. Despite full clearance by two separate FBI investigations and a Governor's Panel, and further vindication from a judge who tossed out a class action lawsuit for lack of evidence, two Department of Justice attorneys spent more than two years investigating Sheriff Vogel and his office, at a cost of millions to taxpayers. Fighting to Win is Bob Vogel's own story of his nightmarish odyssey against forces he never dreamed he'd have to battle. But, as he will tell you throughout this compelling chronicle of his career, when you have right on your side you will ultimately triumph.

Open Season Ben Crump, 2019-10-15 Genocide—the intent to destroy in whole or in part, a group of people. TIME's 42 Most Anticipated Books of Fall 2019 Book Riot's 50 of the Best Books to Read This Fall As seen on CBS This Morning, award-winning attorney Ben Crump exposes a heinous truth in *Open Season*: Whether with a bullet or a lengthy prison sentence, America is killing black people and justifying it legally. While some deaths make headlines, most are personal tragedies suffered within families and communities. Worse, these killings are done one person at a time, so as not to raise alarm. While it is much more difficult to justify killing many people at once, in dramatic fashion, the result is the same—genocide. Taking on such high-profile cases as George Floyd, Ahmaud Arbery, Breonna Taylor, Trayvon Martin, Michael Brown, and a host of others, Crump witnessed the disparities within the American legal system firsthand and learned it is dangerous to be a black man in America—and that the justice system indeed only protects wealthy white men. In this enlightening and enthralling work, he shows that there is a persistent, prevailing, and destructive mindset regarding colored people that is rooted in our history as a slaveowning nation. This biased attitude has given rise to mass incarceration, voter disenfranchisement, unequal educational opportunities, disparate health care practices, job and housing discrimination, police brutality, and an unequal justice system. And all mask the silent and ongoing systematic killing of people of color. *Open Season* is more than Crump's incredible mission to preserve justice, it is a call to action for Americans to begin living up to the promise to protect the rights of its citizens equally and without question.

Exposure Robert Bilott, 2020-07-14 “For Erin Brockovich fans, a David vs. Goliath tale with a twist” (The New York Times Book Review)—the incredible true story of the lawyer who spent two decades building a case against DuPont for its use of the hazardous chemical PFOA, uncovering the worst case of environmental contamination in history—affecting virtually every person on the planet—and the conspiracy that kept it a secret for sixty years. The story that inspired *Dark Waters*, the major motion picture from Focus Features starring Mark Ruffalo and Anne Hathaway, directed by Todd Haynes. 1998: Rob Bilott is a young lawyer specializing in helping big corporations stay on the right side of environmental laws and regulations. Then he gets a phone call from a West Virginia farmer named Earl Tennant, who is convinced the creek on his property is being poisoned by runoff from a neighboring DuPont landfill, causing his cattle and the surrounding wildlife to die in hideous ways. Earl hasn't even been able to get a water sample tested by any state or federal regulatory agency or find a local lawyer willing to take the case. As soon as they hear the name DuPont—the area's largest employer—they shut him down. Once Rob sees the thick, foamy water that bubbles into the creek, the gruesome effects it seems to have on livestock, and the disturbing frequency of cancer and other health problems in the area, he's persuaded to fight against the type of corporation his firm routinely represents. After intense legal wrangling, Rob ultimately gains access to hundreds of thousands of pages of DuPont documents, some of them fifty years old, that reveal the company has been holding onto decades of studies proving the harmful effects of a chemical called PFOA, used in making Teflon. PFOA is often called a “forever chemical,” because once in the environment, it does not break down or degrade for millions of years, contaminating the planet forever. The case of one farmer soon spawns a class action suit on behalf of seventy thousand residents—and the shocking realization that virtually every person on the planet has been exposed to PFOA and carries the chemical in his or her blood. What emerges is a riveting legal drama “in the grand tradition of Jonathan Harr's *A Civil Action*” (Booklist, starred review) about malice and manipulation, the failings of environmental regulation; and one lawyer's twenty-year struggle to expose the truth about this previously unknown—and still unregulated—chemical that we all have inside us.
