Claire Fontaine Crime Fighter Tracey Enright,2007-04-01 A Novel of Life and Death...and Shoes Claire Fontaine is sassy, sexy, sophisticated, and rich. Henry Bennett is fat, sloppy, slow, and a bad dresser. He's a private eye, and as far as he's concerned, she's his assistant. As far as she's concerned, he's her partner. Their entire relationship, in fact, is one big difference of opinion, and the results are hilarious. Now Henry has been hired to investigate the murder of a young woman who liked to party. Claire helps (or hinders, depending on your point of view) when she can drag herself away from her Brentwood mansion and the James Bond-like hunk who lives next door. As Claire and Henry try to trace the victim's last known companions, they stumble across streets that the rich and famous desperately try to hide. If you like sleuths who are stylish, seductive, and full of great fun, then Claire Fontaine is the crime fighter for you.

Fighter: The Unauthorized Biography of Georges St-Pierre, UFC Champion Jerry Langton,2011-03-17 St-Pierre is two-time and current champion of the UFC's most desired and hotly contested weight class. He has forced other fighters to go to great lengths in an effort to unseat him. But he's more than that. He's ramping up the popularity of the sport itself and the culture around it. St-Pierre is a marketer's dream. He's handsome, charismatic and funny in a self-effacing way. He's Canadian, fluently bilingual, came up from a difficult background with a few personal tragedies and has never been involved with drugs or crime or had his love life make any headlines. He's the man that the UFC is going to ride on in its quest to transform itself from niche market to mainstream. It's already beginning. While other UFC fighters have sponsors like gyms and equipment suppliers, St-Pierre has

signed multi-million-dollar deals with brands such as Under Armour and is even following in the footsteps of such luminaries as Michael Jordan, Peyton Manning and Sidney Crosby as a spokesman for Gatorade. *Fighter* details the life of St-Pierre: how his talent, hard work and perseverance have paid off handsomely, and how his star has risen in the psyche of mixed martial arts fans around the world. It describes how he is held in high esteem by a huge number of Canadians despite the fact that his profession is looked down upon by many and is even illegal in several US States and Canadian Provinces. St-Pierre's ascent and fame have become a democratizing force, pressuring the establishment to take Mixed Martial Arts and Ultimate Fighting seriously in ways that it would not have without him.

The Fighter Jean Jacques Greif, 2012-10-01 Moshe Wisniak grew up malnourished and fatherless outside Warsaw at a time when Jews and Poles lived in poverty and violence. When Moshe's brothers emigrate to Paris in the 1930s, it means a new life for the whole family, who follow soon after. A decent job, a lovely young wife, and a hobby as an amateur boxer vastly improve Moshe's prospects until the day he is rounded up and sent to Auschwitz. There he is tortured, starved, and most shockingly, asked to entertain Nazi soldiers by boxing against dying prisoners. Moshe wants to survive without killing his comrades, but how? Based on the memoir of his family friend, Jean-Jacques Greif has taken the facts and turned them into a gripping novel about life and death in Auschwitz.

Ultra Taiwan Fighter Jon Schiller, Jon Schiller, PhD, 2008-12 Consumed with the desire to regain Mainland China (the Peoples' Republic of China), the leaders of the Republic of China (Taiwan) plan to build a super-advanced fighter aircraft/rocket and use it to destroy the Chinese leadership during a military parade when they will all be sitting in the same reviewing stand. After an unsuccessful attempt to obtain assistance from the US, the Taiwan intelligence agency sends an agent, Eddie Chung, to the US to recruit the aid of an American aircraft designer, Randy McLyle, and his beautiful associate, Patricia Manos. These two talented engineers agree to immigrate to Taiwan when offered ten million dollars for their super advanced design which had just been rejected by the US Air Force as being too far out. Love blooms between test pilots, intelligence agents, political leaders and aircraft designers from China and from Taiwan as plots thicken and patriotism grows.

The Crime Fighter Jack Maple, Chris Mitchell, 2000-10-17 Former NYPD Deputy Commissioner Jack Maple was a man in a bow tie and homburg--he was also on a mission to revolutionize the way crime is fought: how cops go after crooks, and how they prevent crime in the first place. And he succeeded. But Maple is not satisfied. In *The Crime Fighter*, he shows how crime can be attacked all across America. Laced with fascinating, incredible, and often very funny

tales of Maple's adventures as a cop, the book is as entertaining as it is informative. Anyone interested in how criminals think and act, and how the police should do their jobs, will devour this absorbing book.

A Writer and a Fighter Paula Denise Johnson, 2012-06-26 A Writer and A Fighter by Paula Denise Johnson is a collection of poems that pierce the heart and cause reflection and self evaluation. The writer pours out her soul throughout the pages of this book, deftly handling issues from abortion and baby momma drama to love for God and fulfilling ones purpose. Her work speaks of experience from the school of hard knocks, yet is inspiring rather than bitter. This work of art is a portrait of resilience. With some of the same compassion, strength and sadness as poet, Maya Angelou, Johnsons writing leaps from the pages and caresses readers hearts and moves one to tears. Her readers are sure to appreciate her sincerity and determination. Anyone who has ever struggled in life will find something that resonates within their spirit. Johnson gives readers a glimpse of her inner psyche as she demonstrates unequivocally her true calling. Furthermore, through her own journey of self-discovery, she encourages readers to find their true selves and fulfill their own calling. What Mary J. Blige is to music, Paula Denise Johnson is to poetry.

The Cutting Edge Mark A. Lorell, Hugh P. Levaux, 1998 The proposition that innovation is critical in the cost-effective design and development of successful military aircraft is still subject to some debate. RAND research indicates that innovation is promoted by intense competition among three or more industry competitors. Given the critical policy importance of this issue in the current environment of drastic consolidation of the aerospace defense industry, the authors here examine the history of the major prime contractors in developing jet fighters since World War II. They make use of an extensive RAND database that includes nearly all jet fighters, fighter-attack aircraft, and bombers developed and flown by U.S. industry since 1945, as well as all related prototypes, modifications, upgrades, etc. The report concludes that (1) experience matters, because of the tendency to specialize and thus to develop system-specific expertise; (2) yet the most dramatic innovations and breakthroughs came from secondary or marginal players trying to compete with the industry leaders; and (3) dedicated military R&D conducted or directly funded by the U.S. government has been critical in the development of new higher-performance fighters and bombers.

RAF Fighter Command Pilot Mark Barber, 2012-09-20 The recent 70th anniversary of the Battle of Britain, combined with the threat of significant cuts to the current RAF, have highlighted the importance of Fighter Command in the early days of World War II once more. The role of the "few", as described by Churchill, during the Battle of Britain has been the subject of

much mythologizing both at the time and in the years since. This title will put Fighter Command in context; describing the lack of funding and attention which it received during the interwar period, until it was almost too late. The myth of the fighter pilot will be humanized, with first-hand accounts quoted which put nervous but brave human beings from all walks of life in the cockpit. Although the Battle of Britain may not have in itself been the decisive encounter that it has historically been portrayed as, the moral victory won by the RAF, the victory that proved that Germany could be defeated, was just as important as a military-strategic victory.

Dark Waters, Starry Skies Jeffrey Cox, 2023-03-02 Esteemed Pacific War historian Jeffrey Cox has produced a fast-paced and absorbing read of the crucial New Georgia phase of the Guadalcanal-Solomons Campaign during the Pacific War. Thousands of miles from friendly ports, the US Navy had finally managed to complete the capture of Guadalcanal from the Japanese in early 1943. Now the Allies sought to keep the offensive momentum won at such a high cost. This is the central plotline running through this page-turning history beginning with the Japanese Operation I-Go and the American ambush of Admiral Yamamoto and continuing on to the Allied invasion of New Georgia, northwest of Guadalcanal in the middle of the Solomon Islands and the location of a major Japanese base. Determined not to repeat their mistakes at Guadalcanal, the Allies nonetheless faltered in their continuing efforts to roll back the Japanese land, air and naval forces. Using first-hand accounts from both sides, this book vividly recreates all the terror and drama of the nighttime naval battles during this phase of the Solomons campaign and the ferocious firestorm many Marines faced as they disembarked from their landing craft. The reader is transported to the bridge to stand alongside Admiral Walden Ainsworth as he sails to stop another Japanese reinforcement convoy for New Georgia, and vividly feels the fear of an 18-year-old Marine as he fights for survival against a weakened but still determined enemy. **Dark Waters, Starry Skies** is an engrossing history which weaves together strategy and tactics with a blow-by-blow account of every battle at a vital point in the Pacific War that has not been analyzed in this level of detail before.
