Oak Ridge Institute of Nuclear Studies. Medical Division

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

**Mindful Being** Nataša Pantović, 2017-05-21 Mindfulness, such an ancient concept in Europe, an innate quality known in Ancient Greece as “Pure Reason” or with Egyptians as “heart-mind” or “Intelligence of the Heart” going back to Ancient Egyptian Babylon’s philosophy, or Ancient Greek Plato’s Soul’s Eye that is purified “for it is by it alone that we contemplate the truth”. The course consists of 12 modules that are full of personal development exercises and transformational tools designed to help the explorer understand body, thinking patterns, core beliefs, or relationships matrix. On this journey, you will be exploring: Nutrition, Will Power Exercises, Emotional Intelligence, Core Beliefs, Relationship Contract, building own Personal Development Plan...

**"41-10"** Martha Rodden, 2020-11-23 Stormi is a young girl whose planet has been destroyed by an unknown invader. Stormi’s family and surviving

members of her race search the galaxy for an inhabitable planet. She and her family face many challenges in space and on their new planet. As they attempt to survive in their new world, they are again threatened by the unknown Invaders.

Confessions of a Real 'CB' Nut Bob Holt,1999-12 On the way back down 64 to Jamesville, I'd take a shortcut over to Washington going back home, I kicked around how to price Ann's Equipment. Totally oblivious to what was going on, I heard a siren. Looking in the rear-view mirror, it was full of FLASHING BLUE LIGHTS. "Holy...!" My heart started beating so fast, the draft almost took the rest of me with it. You've heard of your whole life passing before your eyes, it wasn't my life, it was my driving record. I'd just gotten the last ticket off my record, now this. The squelch broke on the CB. "Hey Cousin, you got your ears on?" Who the...? In a great sense of despair, my turn signal on and slowing down, I keyed the mike. "This is the Country Cousin." No CB lingo here. Just utter despair. "This is the Cigar Smoker, I got your back door. 10-4?" Walter Parrish!! Damn his hide. He'd just cost my 10 years of my life. He pulled up along side. I'd never seen him laugh so hard. He shook his finger at me and pulled away. "Cigar Smoker got your front door now Cousin, put the hammer down and bring her on." I planned to take the shortcut, but looking at my watch, I knew it was break-time for him. I rolled the windows down to get the smell out and followed him to the Town and Country. The guys at the "Family Table" would enjoy this.

Playing Like a Girl Marian Betancourt,2016-05-03 More and more women and girls are discovering the joy and relishing the fierce competition of team sports. Their increasing participation in sports is influencing all aspects of women's—and men's—lives. *Playing Like a Girl* explores the ramifications of this sports revolution, such as the change in male-female relationships, the impact on women in the workplace, the long-term effects of Title IX, and the phenomenon of men coaching women. These ideas are explored through stories of women from grandmothers playing basketball in the Senior Olympics, to working women who get up before dawn to row on the Potomac River. Robert Lipsyte, writing in *The New York Times*, said, "For a wider look at the obstacles and opportunities facing the emergent female athlete, read, *Playing Like a Girl*." Jo A. Hannafin, MD, PhD, founder of the Women's Sports Medicine Center Hospital for Special Surgery and team physician, U.S. Rowing Team, called the book, "A wonderful compilation of personal stories and hard facts, which provide compelling evidence for the power of team sports in the development of strong and successful women."

Getting the Love You Want Harville Hendrix,2001 I know of no better guide for couples who genuinely desire a maturing relationship.M. Scott Peck, author of *The Road Less Traveled* A remarkable bookthe most incisive and persuasive I have ever read on the knotty problems of marriage

relationships. Ann Roberts, former president, Rockefeller Family Fund

**Women Writers in Renaissance England** Randall Martin, 2014-07-21 Of all the new developments in literary theory, feminism has proved to be the most widely influential, leading to an expansion of the traditional English canon in all periods of study. This book aims to make the work of Renaissance women writers in English better known to general and academic readers so as to strengthen the case for their future inclusion in the Renaissance literary canon. This lively book surveys women writers in the sixteenth century and early seventeenth centuries. Its selection is vast, historically representative, and original, taking examples from twenty different, relatively unknown authors in all genres of writing, including poetry, fiction, religious works, letters and journals, translation, and books on childcare. It establishes new contexts for the debate about women as writers within the period and suggests potential intertextual connections with works by well-known male authors of the same time. Individual authors and works are given concise introductions, with both modern and historical critical analysis, setting them in a theoretical and historicised context. All texts are made readily accessible through modern spelling and punctuation, on-the-page annotation and headnotes. The substantial, up-to-date bibliography provides a source for further study and research.

*Values and Valuing in Mathematics Education* Philip Clarkson, Wee Tiong Seah, JeongSuk Pang, 2019-04-24 This engaging open access book discusses how a values and valuing perspective can facilitate a more effective mathematics pedagogical experience, and allows readers to explore multiple applications of the values perspective across different education systems. It also clearly shows that teaching mathematics involves not only reasoning and feelings, but also students' interactions with their cultural setting and each other. The book brings together the work of world leaders and new thinkers in mathematics educational research to improve the learning and teaching of mathematics. Addressing themes such as discovering hidden cultural values, a multicultural society and methodological issues in the investigation of values in mathematics, it stimulates readers to consider these topics in cross-cultural ways, and offers suggestions for research and classroom practice. It is a valuable resource for scholars of mathematics education, from early childhood through to higher education and an inspiring read for all mathematics teachers.

**Refuse to Choose!** Barbara Sher, 2006-03-07 Don't know what to do with your life? Drawn to so many things that you can't choose just one? New York Times best-selling author Barbara Sher has the answer--do EVERYTHING! With her popular career counseling sessions, motivational speeches,

workshops, and television specials, Barbara Sher has become famous for her extraordinary ability to help people define and achieve their goals. What Sher has discovered is that some individuals simply cannot, and should not, decide on a single path; they are genetically wired to pursue many areas. Sher calls them Scanners--people whose unique type of mind does not zero in on a single interest but rather scans the horizon, eager to explore everything they see. In this groundbreaking book, you will learn: What's behind your hit and run obsessions When (and how) to finish what you start How to do everything you love What type of Scanner you are (and which tools you need to do your very best work)

Hardcover, ISBN 0-89820-147-0.

**Foundations of Maternal-Newborn and Women's Health Nursing - E-Book** Sharon Smith Murray,Emily Slone McKinney,2013-10-01 With easy-to-read coverage of nursing care for women and newborns, Foundations of Maternal-Newborn & Women's Health Nursing, 6th Edition shows how to provide safe, competent care in the clinical setting. Evidence-based guidelines and step-by-step instructions for assessments and interventions help you quickly master key skills and techniques. Also emphasized is the importance of understanding family, communication, culture, client teaching, and clinical decision making. Written by specialists in maternity nursing, Sharon Smith Murray and Emily Slone McKinney, this text reflects the latest QSEN

competencies, and the accompanying Evolve website includes review questions to prepare you for the NCLEX® exam! Nursing Care Plans help you apply the nursing process to clinical situations. Procedure boxes provide clear instructions for performing common maternity skills, with rationales for each step. UNIQUE! Therapeutic Communications boxes present realistic nurse-patient dialogues, identifying communication techniques and showing to respond when encountering communication blocks. Communication Cues offer tips for interpreting patients' and families' verbal and nonverbal communication. Critical Thinking exercises focus on clinical situations designed to test your skills in prioritizing and critical thinking. Updated drug guides list important indications, adverse reactions, and nursing considerations for the most commonly used medications. Check Your Reading helps you assess your mastery of key content. Critical to Remember boxes highlight and summarize need-to-know information. Want to Know boxes provide guidelines for successful client education. Glossary provides definitions of all key terms. NEW! Safety Alerts help you develop competencies related to QSEN and safe nursing practice. NEW! Unfolding case studies help you apply what you've learned to practice. UPDATED Evidence-Based Practice boxes highlight the latest research and the most current QSEN (Quality and Safety Education for Nurses) practice guidelines for quality care. UPDATED content includes the late preterm infant, fetal heart rate pattern identification, obesity in the pregnant woman, and the QSEN competencies.
