Surviving "Paradise" Susan Willoch Shaver, 2011-01-29 Follow a woman who moves into a new town with great expectations—only to be met by a ridiculous set of people. The story begins when a forty-seven year old Southern woman moves to Sarasota, Florida (also known as Paradise), and finds it to be anything but. This book looks at the hilarity and the absurdity of horrible, loud, criminal neighbors; an inappropriate, horny cop; a jealous, bitchy wife; other neighbors behaving “badly”; an ineffective and dishonest homeowners’ association; and all things redneck and white trash encountered in this odd, unfriendly, rude, strange little town. Explore a fascinating parallel universe as they find out what Surviving ‘‘Paradise’’ entails.

Living on Paper Iris Murdoch, 2016-01-12 For the first time, novelist Iris Murdoch's life in her own words, from girlhood to her last years Iris Murdoch was an acclaimed novelist and groundbreaking philosopher whose life reflected her unconventional beliefs and values. But what has been missing from biographical accounts has been Murdoch's own voice—her life in her own words. *Living on Paper*—the first major collection of Murdoch's most compelling and interesting personal letters—gives, for the first time, a rounded self-portrait of one of the twentieth century's greatest writers and thinkers. With more than 760 letters, fewer than forty of which have been published before, the book provides a unique chronicle of Murdoch's life from her days as a schoolgirl to her last years. The result is the

most important book about Murdoch in more than a decade. The letters show a great mind at work—struggling with philosophical problems, trying to bring a difficult novel together, exploring spirituality, and responding pointedly to world events. They also reveal her personal life, the subject of much speculation, in all its complexity, especially in letters to lovers or close friends, such as the writers Brigid Brophy, Elias Canetti, and Raymond Queneau, philosophers Michael Oakeshott and Philippa Foot, and mathematician Georg Kreisel. We witness Murdoch's emotional hunger, her tendency to live on the edge of what was socially acceptable, and her irreverence and sharp sense of humor. We also learn how her private life fed into the plots and characters of her novels, despite her claims that they were not drawn from reality. Direct and intimate, these letters bring us closer than ever before to Iris Murdoch as a person, making for an extraordinary reading experience.

Rural New Yorker, 1897

The Papers of Thomas Jefferson, Volume 25 Thomas Jefferson, 2018-06-05 The dramatic escalation in the conflict between Thomas Jefferson and Alexander Hamilton to determine the future course of the new American nation is the main theme of this volume. Under pressure from other Republicans, Jefferson decides to continue as Secretary of State instead of retiring to Monticello at the end of President Washington's first term. At the same time he begins to play a more active role as a Republican party leader, involving himself secretly in a major effort by House Republicans to have Hamilton dismissed from office by censuring his management of public finances. France's declaration of war on Great Britain and the Netherlands leads Jefferson into a serious conflict with Hamilton over how to protect American neutrality in the face of the widening European war. After persuading Washington to preserve the treaties of alliance and commerce with France, Jefferson must then confront the first in a series of French violations of American neutrality that will sorely

test the relationship between the two republics. Testifying to the catholicity of Jefferson's interests, this volume also deals with his efforts to promote a voyage of western exploration by the noted French botanist Andr Michaux, his observation of the first manned balloon flight in America by the celebrated French aeronaut Jean Pierre Blanchard, and his concern for expediting work on the new national capital.
