Criminal Investigation for the Professional Investigator BCPI, CLI, Warren J. Sonne, 2006-01-13 Aimed at the busy professional who aspires to become certified in the field, *Criminal Investigation for the Professional Investigator* details essential techniques a trained investigator will be called upon to perform during the course of a career. The book is authored by a veteran of the NYPD who went on to launch and operate two successful private investigation agencies. It covers crime scenes, death investigations, the art of interrogation, and specific criminal investigations. It also provides important strategies for making arrests and testifying in courtrooms, details the most effective investigative tools to use, and explains the role of criminal defense investigators.

Fundamentals of Thermodynamics Claus Borgnakke, Richard E. Sonntag, 2020-07-08 The field's leading textbook for more than three decades, *Fundamentals of Engineering Thermodynamics* offers a comprehensive introduction to essential principles and applications in the context of engineering. Now in its Tenth Edition, this book retains its characteristic rigor and systematic approach to thermodynamics with enhanced pedagogical features that aid in student comprehension. Detailed appendices provide instant reference; chapter summaries review terminology, equations, and key concepts; and updated data and graphics increase student engagement while enhancing understanding. Covering classical thermodynamics with a focus on practical applications, this book provides a basic foundational skillset applicable across a variety of engineering fields. Worked examples demonstrate the

appropriate use of new formulas, while clarifying the proper approach to generalized problems of a relevant nature. Going beyond the usual guidance in the basics of the field, this book is designed as comprehensive preparation for more advanced study in students' engineering field of choice.

Finding the Exit Lea a Ellermeier,2018-06-05 What's it really like for the average woman to start and sell a technology company? Standing splendidly in the intersection of two genres - business memoir and gritty personal tell-all - Finding the Exit is a courageous tale of a woman who, against harrowing odds that began in childhood, successfully started and sold a medtech company to a Fortune 100 in less than five years. Lea Ellermeier recounts her experiences with candor and razor-sharp intrepidity - from the unexpected death of her entrepreneur father, dropping out of high school, alcohol addiction as a teenager to a failed marriage, single parenthood, to sexism in the business world. Finding the Exit delivers empowering lessons for working women of all backgrounds, ages, and walks of life

Welfare Realities Mary Jo Bane,David T. Ellwood,1996 Mary Jo Bane and David T. Ellwood examine the welfare system - its recipients, its providers and the many policy ideas surrounding it. Focusing on the AFDC Programme (Aid to Families with Dependent Children), they identify three models that have been used to explain welfare dependency and test them against an accumulating body of evidence, offering suggestions for identifying potential

long-term recipients so that resources can be targeted to encourage self-sufficiency. Finally, they review policy options.
