The Middle Finger Project Ash Ambirge, 2020-02-11 Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own. --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young women who disobey with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

A Youth Baseball Coaching Guide Danford Chamness,2001-06 This book was written expressly for you who are coaching children in basetball. We stress how to teach children this complex game and to have fun doing it. The book covers all facets of the game from the most basic how to throw, catch, run and bat to game strategies and tactics. When coaching children it should be a fun experience for everyone, for you, for the parents, and most important of all, for the children. As a coach, we cover the teaching attitude and methods. We always keep in mind that these are children, and the game is for the kids and not for the adults. Winning isn't everything, but learning to play well and wanting to win is. We have taken the children from first grade through the eighth grade and bro-ken them into four categories. In each category we discuss the players needs and abilities, what they are capable of in both the physical and emotion sense, and their limitations. We have also defined the coach's role, the parent's role and the player's role.

Free Radicals Lila Riesen,2023-03-21 Afghan-American Mafi's sophomore year gets a whole lot more complicated when she accidentally exposes family secrets, putting her family back in Afghanistan in danger in this smartly written YA debut. Sixteen-year-old Mafi Shahin is well-aware that life is not always fair. If it was fair, her parents might allow her to hang out with a member of the male species, other than her cat Mr. Meowgi. If it was fair, her crush and basketball hottie Jalen Thomas might see her as more than just her brother's kid sister. And if it was fair, her baba's brother and wife would be able to leave Afghanistan and come to America. Life might not be fair—but she can make it

a bit more even. Working as the Ghost of Santa Margarita High, Mafi serves dollops of justice on her classmates' behalf as the school's secret avenger. They leave a note declaring the crime and Mafi ensures the offender receives an anonymous karmic-sized dose of payback. Keeping her identity as the Ghost a secret sometimes means Mafi has to lie. But as those lies begin to snowball both at school and at home, even compromising their family's secret past and putting their relatives back in Afghanistan at risk, Mafi is forced to decide how she wants to live her life—trying to make the world more fair from the shadows or loudly and publicly standing up for what's right.

Honey and Hand Grenades Logan Sheffield,2013-04-16 For years I was a hero. Cure a worldwide epidemic, people tend to think highly of you. Pharmaceutical companies didn't see it that way. No good deed goes unpunished. Profits declining. They tried to eliminate me. Years away, reinventing myself. Now I'm back. New identity, the target on my back remains. I'd tell you my name, but it changes every day. Call me whatever you like, it's irrelevant. Names simply words after all. Actions speak volumes anyway. And my actions might just be more than anyone is prepared to handle.

Hawk of Peace Alessandra I. Maldonado,2018-07-25 I remember it so clearly. That little girl's life . . . my life . . . what it used to be. The old me died there on that dreadful day. Pro Agile .NET Development with SCRUM Scott Millett,Jerrel Blankenship,Matthew Bussa,2011-12-14 Pro Agile .NET Development with SCRUM guides you through a real-world ASP.NET project and shows how agile methodology is put into practice. There is plenty of literature on the theory behind agile methodologies, but no book on the market takes the concepts of agile practices and applies these in a practical manner to an end-to-end ASP.NET project, especially the estimating, requirements and management aspects of a project. Pro Agile .NET Development with SCRUM takes you through the initial stages of a project—gathering requirements and setting up an environment—through to the development and deployment stages using an agile iterative approach: namely, Scrum. In the book, you'll focus on delivering an enterprise-level ASP.NET project. Each chapter is in iterations or sprints, putting into practice the features of agile—user stories, test-driven development (TDD), behavior-driven development (BDD), continuous integration, user acceptance testing, extreme programming, Scrum, design patterns and principles, inside-out development, lean development, KanBan boards, and more. An appendix features code katas designed for the reader to get up-to-speed with some of the features of extreme programming, while also showcasing popular open-source frameworks to assist in automated testing and mocking. In addition, popular open-source architectural foundation projects such as S#arp and NCommons are demonstrated to allow you to base future projects on these frameworks, which already have many best-practice design patterns and principles built in.

Capturing Winter Ivy Thorn,2022-06-07 I thought I'd forgotten who I was. But now I remember—and there's going to be hell to pay. Gabriel kept everything from me. My past, my history, my family—or the memory of them, anyway. But the memories are coming back, along with the identity of the three men who did this to me, and the woman who pulls their strings. Dean Blackmoor, Cayde St. Vincent, Jaxon King—and Athena Saint. They stole everything from me—my home, my parents, my future. And now I'm supposed to give it all up, and let them win? I don't think so. I'm no one's fool, and I'm going to have my revenge. But deep down, I can't help but think of Gabriel, and

what it might mean to leave him. What else I might lose, if I go back to the life I used to want so badly. Every night he has me in his bed, in every way he pleases. But nothing can stop me from burning the Blackmoor heirs and their queen to ash, no matter the threats he makes, the punishments he exacts, or the way he makes me feel. I've plotted my revenge, and I won't give it up. But Gabriel has plans too. He's going to capture me for good. Capturing Winter is the second installment in the Blackmoor Revenge trilogy, featuring Winter and Gabriel. This is a DARK romance, and sensitive readers should be aware that there are no heroes or heroines in this story. This book contains material which may be difficult for some readers, and features characters that are damaged, and morally grey at best.
