Allan Gaw

Gifted Touch Melinda Metz, 2023-09-26 From the author of the Roswell High series, an “engaging mystery” about a teen who discovers she has a paranormal gift, and a killer on her trail (School Library Journal). Rae can’t tell anyone about the voices she hears in her head. If she does, they’ll lock her up in the hospital again, only this time, they’ll throw away the key. She wouldn’t blame them either. Rae does feel like she’s losing her mind. This is how her insane mother must have felt right before she died. All this makes life at Rae’s private high school lonelier than ever. Anthony might be the only friend she has right now, if she can even call the empathetic stranger in her group therapy session a friend. But when someone sets off a bomb in a bathroom with Rae as the intended target, Anthony is the only person Rae can turn to. Only problem? Anthony is the number one suspect . . . “[A] fast pace and original premise.” –Publishers Weekly
