How to Not Die Alone Logan Ury, 2021-02-02 A “must-read” (*The Washington Post*) funny and practical guide to help you find, build,

and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

Project Everlasting Mathew Boggs, Jason Miller, 2007-06-05 A heartwarming and revealing look at the wisdom drawn from successful marriages and the secrets to making love last, not from Ph.D.s or therapists but from more than 200 real couples who have

walked the walk to more than forty years of marriage. Jaded by his parents' divorce, Mathew Boggs was a young man who'd lost all belief in lifelong love. After observing his grandparents who were madly in love after sixty-three years of marriage, Mat talked his best friend Jason into joining him on a cross-country search for America's greatest marriages. The two bumbling bachelors jumped in an RV and embarked on Project Everlasting, a 12,000-mile cross-country adventure to discover what it takes to make love last. Each chapter of Project Everlasting is dedicated to one of the pressing questions the bachelors asked the couples, such as: —How do you know you've found The One? —What's missing from today's marriages? —How do you keep the romance alive? —What's the most important ingredient for a solid marriage? As the traveled the country, meeting happy couples from all walks of life, Mat and Jason began to understand why their own relationships hadn't worked out quite as planned. They also realized that what they were learning from their wise new friends could change everything for them and—through Project Everlasting—show their generation and generations to come how to build a marriage to last.

Except it turns out that Griffin wants a little freedom from their relationship. Cue devastation. Heartbroken, Sophie flees to her grandparents' house, where the rest of her boisterous extended family is gathered for the holiday. That's when her nonna devises a (not so) brilliant plan: Over the next ten days, Sophie will be set up on ten different blind dates by different family members. Like her sweet cousin Sara, who sets her up with a hot guy at an exclusive underground party. Or her crazy aunt Patrice, who signs Sophie up for a lead role in a living nativity. With a boy who barely reaches her shoulder. And a screaming baby. When Griffin turns up unexpectedly and begs for a second chance, Sophie feels more confused than ever. Because maybe, just maybe, she's started to have feelings for someone else . . . Someone who is definitely not available. This is going to be the worst Christmas break ever . . . or is it?
