Fish Out of Water Eric Metaxas, 2021-02-02 What Happens When One of America's Most Admired Biographers Writes His Own Biography? For Eric Metaxas, the answer is *Fish Out of Water: A Search for the Meaning of Life*—a poetic and sometimes hilarious memoir of his early years, in which the Queens-born son of Greek and German immigrants struggles to make sense of a world in which he never quite seems to fit. Renowned for his biographies of William Wilberforce, Dietrich Bonhoeffer, and Martin Luther, Metaxas is the author of five New York Times bestsellers, the witty host of the acclaimed *Socrates in the City* conversation series, and a nationally syndicated radio personality. But here he reveals a personal story few have heard, taking us from his mostly happy childhood—and riotous triumphs at Yale—to the nightmare of drifting toward a dark abyss of meaninglessness from which he barely escapes. Along the way he introduces us to an unforgettable troupe of picaresque characters who join this quintessentially first-generation American boy in what is both bildungsroman and odyssey—and which underscores just how funny, serious, happy, sad, and ultimately meaningful life can be.

The night Travis's addiction transformed him from budding musician into something entirely different. The night Travis took his saxophone and disappeared. When Cordy's father falls ill, the sixteen-year-old vows to reunite the Wheaton family. This Is Water Kenyon College,2014-05-22 Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *THIS IS WATER*. How does one keep from going through their comfortable, prosperous adult life unconsciously' How do we get ourselves out of the foreground of our thoughts and achieve compassion' The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

The Day the Whale Came Lynne Cox,2007-09-19 The real-life story of how the world's most famous female long-distance swimmer encountered a grey whale separated from its mother - and how she helped to reunite them. Lynne Cox is the author of 'Swimming to Antarctica', a memoir of her life as a swimmer. From the age of fourteen she has been breaking records for long-distance swimming, culminating in a mile-long swim in Antarctica, in zero degree-temperature water. When Lynne was 17, and on a training swim off the California mainland, she found herself swimming with a grey whale that had lost its mother. For the next seven hours, she swam with the whale - through

pods of dolphin, and schools of sun-fish, between the pilings of a pier, and out to the base of an oil-rig, diving down as deeply as Lynne was able to, losing sight of the whale for minutes only to have it return and listen to its strange clicking and singing - in an increasingly desperate attempt to locate its mother. The whale was too young to survive by itself, and Lynne's account of the hours she spent swimming with it, and of the moment when they finally found its mother is remarkable. Heartwarming, beautifully-written, atmospheric and sparkling with descriptions of the ocean and the behavior of the magnificent creatures that live in it, 'The Day the Whale Came' is an unforgettable story of human resilience and natural wonder.
