This is the ideal introduction to business offering diverse cases and coverage of the latest issues affecting businesses today to empower students on their course and beyond. With a contemporary approach to the topic, Foundations of Business provides a truly accessible and engaging guide that reflects current business environments and the global nature of business. Rich with international insights from the real world, this text is your key to gaining a holistic understanding of business and organisations in this modern world. Starting first by exploring the different types of organizations and their structures, you will then move on to explore the core aspects of a business such as marketing, accounting and finance; as well as the more people-centred issues such as leadership and business ethics. In engaging with this text, you will also develop a firm understanding of key external issues such as the competitive environment; and the political, economic, social, and technological contexts in which businesses operate. Intricately interwoven throughout Foundations of Business is a series of learning tools and features, all of which have been carefully crafted to help you apply theory in practice. Take the opportunity to put yourselves in the shoes of a manager and discuss how you'd approach certain business challenges; develop your skills in analysing business data; examine real-world business challenges from around the globe - and more. The following additional resources are also available to students: Practitioner videos, Career insight videos, Short (3-5 minute) video explanations of key concepts with further illustrative examples, Guidance on answering the Business insight questions in the book, A list of web links to the financial statements referenced in the book, Skills set Exemplar essays, and sample exam answers. Multiple-choice questions, Flashcard glossary, Adopting lecturers will have access to the following teaching support resources: Case study updates, Guidance on answering discussion question from practitioner video, Seminar activities, Example essay and examination questions, PowerPoint slides, Selling Points. The only book on the market to effectively bridge the gap between school and university level education. - Strongly supports the development of practical skills and highlights the relevancy of content to the world of work to help students better apply theory in practice and think to the future beyond their studies. - Avoids the Western-bias present in some existing books through exploration of global companies and practices such as entrepreneurship in Africa, Sony's Code of Conduct in Japan, the rise in food prices in Russia, and legislation in India limiting Chinese investments in Indian firms. This is evidenced through the Case Studies, Business Insights, as well as throughout the text itself. - Reflects a contemporary focus through exploration of current issues, better reflecting what businesses increasingly need to take into account in today's world. Digital formats and resources: This text is available for students and institutions to purchase in a variety of formats and is supported by online resources. The enhanced e-book gives students the flexibility to support their learning in ways that work best for them; embedded resources include practitioner interview videos, author videos which offer pithy explanations of key concepts, multiple-choice questions, a flashcard glossary and more.

**La estupidez colectiva** Julián Torres Gómez, 2019-07-01 Todo el mundo tiene ideas, pero solo algunos tienen el valor de ponerlas a prueba. YO TUVE ESA IDEA PRIMERO. ESA IDEA YA EXISTE. EMPRENDER ES PARA JÓVENES. LO INTENTÉ, PERO FUE MUY DIFÍCIL. EMPRENDERÉ CUANDO... Estas son frases que hemos dicho o que le hemos oído decir a alguien. ¿Saben por qué? Hemos sido contagiados de una grave enfermedad llamada estupidez colectiva, y nos hemos dejado engañar fácilmente por el inmenso flujo de información al que estamos expuestos a diario. Hemos comenzado a creer noticias falsas, artículos sensacionalistas y en la ilusión que proyectan las redes sociales. Nos hemos llenado de mitos y paradigmas que nos vuelven cada vez más perezosos, más idealistas y menos dispuestos a enfrentar los obstáculos propios de la vida y el emprendimiento. En este libro, Julián Torres, CEO y fundador de Fitpal, plantea todos los factores que se deben tener en cuenta a la hora de emprender y nos invita a recorrer un camino revelador que nos permitirá comenzar a vivir la vida que siempre hemos soñado.

**Apagando incendios con gasolina** Santiago Aparicio Izquierdo,2020-10-01 Santiago Aparicio, cofundador de Fitpal, una de las startups con mayor crecimiento en el continente, nos muestra que no existe un momento ideal para emprender. Una startup siempre será un incendio constante y el verdadero reto, después de empezar, es que esta crezca controladamente. ¿Cómo hacerlo? A todos, alguna vez, se nos ha ocurrido una idea de negocio que nos parece revolucionaria y que podría ayudarnos a cumplir el sueño de una jubilación temprana. Pero ¿cuánto llevamos planeando y esperando el momento ideal sin hacer nada al respecto? El fenómeno de Silicon Valley ha demostrado que una buena idea apalancada en la tecnología puede hacernos millonarios y, de paso, cambiar el mundo. Pero lo cierto es que las ideas por sí mismas no valen nada sin una buena ejecución. Aunque no es una ciencia exacta ni existe una receta mágica o instantánea para alcanzar el éxito, en sus más de diez años de experiencia en el mundo de la tecnología el autor ha probado y perfeccionado un método para crear y liderar una startup exitosa, y valorarla en millones de dólares en tiempo récord. En este libro, Aparicio comparte su fórmula y responde algunas de las preguntas más comunes de los emprendedores como: ¿cuál es la clave del hipercrecimiento? ¿Cómo empezar a levantar capital? ¿Cómo construir una visión exitosa? Valiosos tips, herramientas e historias de éxito y fracaso lo guiarán paso a paso por este camino para que las ideas encajonadas por fin exploten y arda todo a su alrededor.

**Hábitos poderosos** Julián Torres Gómez,2022-04-01 DESCUBRE CÓMO HACKEAR TU MENTE PARA SER MÁS PRODUCTIVO Y FELIZ ¿Te sientes agotado con frecuencia? ¿Crees que el tiempo no te alcanza para nada? ¿Por más que lo intentas no logras incluir prácticas que mejoren tu estilo de vida? ¿Has pensado que cumplir tus sueños es imposible? Entonces, este libro es para ti. Después de sufrir una crisis severa de salud mental, Julián Torres Gómez, autor de La estupidez colectiva, se dispuso a encontrar un set de hábitos poderosos que lo sacaran de la oscuridad en la que estaba inmerso, le devolvieran la paz interior y lo ayudaran a ser más eficiente en su vida y su trabajo. En este libro, Julian nos comparte todos sus aprendizajes y nos enseña, de manera práctica y dinámica, a reiniciar nuestra mente para adoptar hábitos que nos permitan conseguir lo que siempre hemos deseado.

*Separate and Unequal* Amir S. Cheshin,Bill Hutman,Avi Melamed,2009-07-01 This vivid behind-the-scenes account of Israeli rule in Jerusalem details for the first time the Jewish state's attempt to lay claim to all of Jerusalem, even when that meant implementing harsh policies toward the city's Arab population. The authors, Jerusalemites from the spheres of politics, journalism, and the military, have themselves been players in the drama that has unfolded in east Jerusalem in recent years and appears now to be at a climax. They have also had access to a wide range of official documents that reveal the making and implementation of Israeli policy toward Jerusalem. Their book discloses the details of Israel's discriminatory policies toward Jerusalem Arabs and shows how Israeli leaders mishandled everything from security and housing to schools and sanitation services, to the detriment of not only the Palestinian residents but also Israel's own agenda. Separate and Unequal is a history of lost opportunities to unite the peoples of Jerusalem. A central focus of the book is Teddy Kollek, the city's outspoken mayor for nearly three decades, whose failures have gone largely unreported until now. But Kollek is only one character in a cast that includes prime ministers, generals, terrorists, European and American leaders, Arab shopkeepers, Israeli policemen, and Palestinian schoolchildren. The story the authors tell is as dramatic and poignant as the mosaic of religious and ethnic groups that call Jerusalem home. And coming at a time of renewed crisis, it offers a startling perspective on past mistakes that can point the way toward more equitable treatment of all Jerusalemites.
