Excerpt: To Ernest Hemingway: Dear Ernest, Your stories were great (in April Scribners). But like me you must beware Conrad rhythms in direct quotation from characters, especially if you're pointing a single phrase and making a man live by it 'In the fall the war was always there but we did not go to it any more' is one of the most beautiful prose sentences I've ever read. So much has happened to me lately that I despair of ever assimilating it - or forgetting it, which is the same thing. I hate to think of your being hard up. Please use this if it would help. He is regarded as one of the greatest twentieth century writers. Fitzgerald was of the self-styled Lost Generation, Americans born in the 1890s who came of age during World War I. He finished four novels, left a fifth unfinished, and wrote dozens of short stories that treat themes of youth, despair, and age. He was married to Zelda Fitzgerald.

F. Scott Fitzgerald on Authorship Francis Scott Fitzgerald,1996 In a substantial introduction to the volume, Matthew J. Bruccoli positions Fitzgerald as a case history for the profession-of-authorship approach to American literary history formulated by William Charvat. Bruccoli notes that more is known about the professional life of Fitzgerald than about that of any other major American author, and, drawing on that wealth of information, he challenges familiar myths about Fitzgerald's squandering of fortunes and literary genius. Bruccoli exposes the error of segregating Fitzgerald's magazine and movie work from his novels, suggesting instead that a symbiotic relationship exists among these works and ties them together.

Flappers and Philosophers, the Original Collection (Large Print) F. Scott Fitzgerald,2015-03-02 This unlikely story begins on a sea that was a blue dream, as colorful as blue-silk stockings, and beneath a sky as blue as the irises of children's eyes. From the western half of the sky the sun was shying little golden disks at the sea—if you gazed intently enough you could see them skip from wave tip to wave tip until they joined a broad collar of golden coin that was collecting half a mile out and would eventually be a dazzling sunset. About half-way between the Florida shore and the golden collar a white steam-yacht, very young and graceful, was riding at anchor and under a blue-and-white awning aft a yellow-haired girl reclined in a wicker settee reading The Revolt of the Angels, by Anatole France.She was about nineteen, slender and supple, with a spoiled alluring mouth and quick gray eyes full of a radiant curiosity. Her feet, stockingless, and adorned rather than clad in blue-satin slippers which swung nonchalantly from her toes, were perched on the arm of a settee adjoining the one she occupied. And as she read she intermittently regaled herself by a faint application to her tongue of a half-lemon that she held in her hand. The other half, sucked dry, lay on the deck at her feet and rocked very gently to and fro at the almost imperceptible motion of the tide.
