**GLVAR Real Estate Salesperson Pre-licensing Course** Joseph R. Fitzpatrick, 2016-03-10 Thank you for selecting the GLVAR Publication, Real Estate Salesperson Pre-Licensing Course. This textbook was written to lay the foundation for your new career in real estate and to help you pass the national portion of the PSI real estate exam. All 50 states have their own real estate licensing authorities. As such, each state has determined its own educational requirements and what content is to be tested of new licensing applicants. PSI produces a publication entitled Candidate Information Bulletin that specifies the number of questions that will appear on the state exam per content category. We strongly encourage you to download the Candidate Information Bulletin from the PSI web site [www.psiexams.com](http://www.psiexams.com). The bulletin will answer your many questions such as how to register, fees, site locations, passing scores, rules for testing, the computer system, exam content, state licensing requirements, and more. The PSI state exam consists of test questions that fall within two broad categories: the national portion will contain questions based on general real estate principles and practices that are applicable to the real estate practitioner regardless of his or her home state; while the state portion consists of issues and laws that are specific to that one state. The GLVAR Real Estate Salesperson Pre-Licensing Course was written specifically to coincide with the national portion of the PSI outline topic by topic. Testing companies like PSI hire test item writers and maintain a bank of test questions. Many will randomly select questions from the bank in order to produce an individual exam thus preventing future test takers from knowing all the answers. No one really knows what is in a state's bank of questions. Although we don't have access to any specific questions, we do know the types of questions that you may see. This textbook includes quizzes following each chapter and two practice final exams to further help you prepare. The Greater Las Vegas Association of REALTORS(r) would like to take this opportunity to wish you the very best of success with the course, obtaining your license, and beginning a rewarding career in real estate.

Property and Real Estate Investments - How To Buy, Remodel, and Sell Fix-upper Houses Dueep Jyot Singh,John Davidson,2018-04-01 Table of Contents Introduction Investing in a Fixer Property And Disputes Mortgages and Foreclosures Locality DIY or a Contractor Do It? When Should You Buy a Fixer Taking Professional Advice Selling It or Renting It out Buying Foreclosed property My Property Is Going to Appreciate... The ABC's of Property Expansion Conclusion Author Bio Publisher Introduction It was somewhere around the early 90s, when I was on annual vacation and I found out that my aunt and my cousin were not coming back from the USA for their yearly visit home. It seems aunt had bought a new property, and my favorite cousin M. and aunt and all their network of friends were busy remodeling it, re-furnishing it, refurbishing it, to make something really market worthy. She would be arriving next year, after she had made a really handsome profit out of this fixer-upper property, and she did just that. This was in the 90s. It is only in 2020, that I found out that more and more people have woken up to the fact that they just have to invest in a property, buy it, modify it, fix it up, remodel it, and then sell it at a handsome profit. This book is going to tell you all about whether it is sensible to buy a fixer-upper property, under which circumstances you should buy it, under which circumstances you should definitely not think of investing your money in a fixer-upper property and other tips and techniques based on experience. Well, aunt did not mind taking the help of professionals, to remodel those properties. Her own daughter was an architect, fresh out of Berkeley. Her daughter’s friends were all eager new creative architects, who knew everything about building, plans, and what could be done to a house which needed a facelift. Living in the very welcoming city of San Leandro, and in a very friendly neighborhood, she did not mind that the neighbors arrived occasionally to do a little bit of carpentry, on the weekend. A neighbor’s daughter who was an interior decorator just loved the idea of having rooms on which to practice. Within one year, that job was done and aunt made such a handsome profit, that three years later, again, she was busy “sorry, I cannot come this year. I have just picked up another property going cheap and I intend to send it at a very handsome profit.”
