Artifact Space Miles Cameron,2021-06-24 Out in the darkness of space, something is targeting the Greatships. With their vast cargo holds and a crew that could fill a city, the Greatships are the lifeblood of human occupied space, transporting an unimaginable volume - and value - of goods from City, the greatest human orbital, all the way to Tradepoint at the other, to trade for xenoglas with an unknowable alien species. It has always been Marca Nbaro's dream to achieve the near-impossible: escape her upbringing and venture into space. All it took, to make her way onto the crew of the Greatship Athens was thousands of hours in simulators, dedication, and pawning or selling every scrap of her old life in order to forge a new one. But though she's made her way onboard with faked papers, leaving her old life - and scandals - behind isn't so easy. She may have just combined all the dangers of her former life, with all the perils of the new . . .

**Traitor's Blade** Sebastien de Castell, 2014-02-10 When every noble is a tyrant and every knight is a thug, the only thing you can really trust is a traitor's blade. The Three Musketeers meets Joe Abercrombie via Mark Lawrence: 'Guaranteed to increase household swashbuckling by 100%,' says Library Journal The Greatcoats - legendary heroes, arbiters of justice . . . or notorious traitors? The Greatcoats are travelling magistrates bringing justice to all . . . or at least they were, before they watched the Dukes impale their King's head on a spike. Now the land's heroes are reviled as traitors, their Greatcoats in tatters. 'One hell of a good book' - Conn Iggulden, author of the Sunday Times Top Five bestseller The Gates of Athens Facio, Kest and Brasti have been reduced to working as mercenaries, but when they find their employer dead - and are forced to watch as the killer plants evidence framing them for the murder - they realise things are about to get even worse. For the royal conspiracy that began with overthrowing an idealistic young king is spreading to Rijou, the most corrupt city in the land, and the life of a young girl hangs in the balance. When every noble is a tyrant and every knight is a thug, the only thing you can really trust is a traitor's blade.

Ocean of Sound David Toop, 1995 Ocean of Sound begins in 1889 at the Paris Exposition when Debussy first heard Javanese music performed. A culture absorbed in perfume, light and ambient sound developed in response to the intangibility of 20th century communications. David Toop traces the evolution of this culture, through Erik Satie to the Velvet Underground; Miles Davis to Jimi Hendrix. David Toop, who lives in London, is a writer, musician and recording artist. His other books are Rap Attack 3 and Exotica,

*That Hideous Strength* C. S. Lewis, 2000 She had begun by dreaming simply of a face. Its expression was frightening because it was frightened. The face belonged to a man who was sitting hunched up in one corner of a little square room with white-washed walls - waiting, she thought, for those who had him in their power to come in and do something horrible to him. At last the door was opened...She could not make out what the visitor was proposing to him, but she did discover that the prisoner was under sentence of death. Whatever the visitor was offering him was something that frightened him more than that. The visitor, still smiling his cold smile, unscrewed the prisoner's head

and took it away. Then all became confused. The third novel in C.S. Lewis's classic sci-fi trilogy begins with Jane Studdock's horrific nightmare. The next morning she sees the same face in a newspaper - a brilliant French scientist guillotined for poisoning his wife. Jane has the growing feeling that she is being warned of something real and sinister. Her husband, Mark, meanwhile, is drawn into the National Institute for Co-ordinated Experiments, which is engaged in a plan to control human life.--

*Sea and Sardinia* D. H. Lawrence,2019-11-21 'Sea and Sardinia' is a captivating travel book penned by the English writer D. H. Lawrence, chronicling his brief excursion with his wife Frieda, also known as Queen Bee, from Taormina in Sicily to the interior of Sardinia. The couple explored Cagliari, Mandas, Sorgono, and Nuoro, with their visit to Nuoro serving as a tribute to Grazia Deledda, although they did not personally meet her. Despite the short duration of their trip, Lawrence manages to capture the essence of the island and its people, creating a vivid depiction that remains relevant to this day.

**Surveillance Valley** Yasha Levine, 2018-02-06 The internet is the most effective weapon the government has ever built. In this fascinating book, investigative reporter Yasha Levine uncovers the secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine

shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, Surveillance Valley will change the way you think about the news -- and the device on which you read it.

**The Fox and the Bowman** Sebastien de Castell, 2021-10-14 Never cross a master of the bow . . . A young archer bent on revenge against the knight who impoverished his family encounters an enigmatic stranger who promises him a far more potent form of retribution. But when Thomas finds himself hurled by magic to fight battles in faraway lands, he soon discovers that the vengeance his mysterious benefactor offers could change not only one archer's destiny, but that of the entire world. A masterful short historical fantasy full of magic, archery, and intrigue by the author of the acclaimed Greatcoats and Spellslinger series.

**Fall of the Argosi** Sebastien de Castell, 2021-10-14 A brilliant story of adventure, wit and

philosophy from the origins of the SPELLSLINGER series to enrapture devotees as well as newcomers alike. New to the ways of the Argosi, the tribe of wandering philosophers who seek to defeat evil by wit and guile, Ferius Parfax encounters a hideous plague - the Red Scream. Highly contagious, caught by the hearing of a deadly verse, it turns its victims into mindless monsters that destroy all human life they come into contact with. With the help of a deaf boy whom she has saved from two horrifying victims of the plague, she sets out to find the source of the Red Scream and overcome its terrifying power. Along the way she is joined by another Argosi, Rosie, who purports to be so much wiser and more adept than Ferius, but who turns out to have her own dark secrets. Peopled with extraordinary characters and gut-wrenching drama, Ferius's story teaches her hard lessons about the limits of the Argosi's ways. Readers will delight not just in this amazing masterclass in plot pacing and narrative drive, but in the seemingly bottomless well of wit, thought and wisdom that the story brings up and that has changed lives down the ages. It takes the reader on a journey like no other.

Stick a Flag in It Arran Lomas, 2020-10-01 From the Norman Invasion in 1066 to the eve of the

First World War, *Stick a Flag in It* is a thousand-year jocular journey through the history of Britain and its global empire. The British people have always been eccentric, occasionally ingenious and, sure, sometimes unhinged – from mad monarchs to mass-murdering lepers. Here, Arran Lomas shows us how they harnessed those traits to forge the British nation, and indeed the world, we know today. Follow history's greatest adventurers from the swashbuckling waters of the Caribbean to the vast white wasteland of the Antarctic wilderness, like the British spy who infiltrated a top-secret Indian brothel and the priest who hid inside a wall but forgot to bring a packed lunch. At the very least you'll discover Henry VIII's favourite arse-wipe, whether the flying alchemist ever made it from Scotland to France, and the connection between Victorian coffee houses and dildos. Forget what you were taught in school – this is history like you've never heard it before, full of captivating historical quirks that will make you laugh out loud and scratch your head in disbelief.

**Tyrant's Throne** Sebastien de Castell, 2017-06-06 After years of struggle and sacrifice, Falcio val Mond, First Cantor of the Greatcoats, is on the brink of fulfilling his dead king's dream: Aline, the king's

daughter, is about to take the throne and restore the rule of law once and for all. But for the Greatcoats, nothing is ever that simple. In the neighboring country of Avars, an enigmatic new warlord is uniting the barbarian armies that have long plagued Tristia's borders--and even worse, he is rumored to have a new ally: Trin, who's twice tried to kill Aline to claim the throne of Tristia for herself. With the armies of Avars at her back, led by a bloodthirsty warrior, she'll be unstoppable. Falcio, Kest, and Brasti race north to stop her, but in those cold and treacherous climes they discover something altogether different, and far more dangerous: a new player is planning to take the throne of Tristia, and with a sense of dread the three friends realize that the Greatcoats, for all their skill, may not be able to stop him. As the nobles of Tristia and even the Greatcoats themselves fight over who should rule, the Warlord of Avars threatens to invade. With so many powerful contenders vying for power, it will fall to Falcio to render the one verdict he cannot bring himself to utter, much less enforce. Should he help crown the young woman he vowed to put on the throne, or uphold the laws he swore to serve?

**Play of Shadows** Sebastien de Castell, 2024-03-28 Swordplay, magic, intrigue and friendships

stronger than iron: the first volume in the new swashbuckling fantasy series set in the universe of THE GREATCOATS. Damelas Chademantaigne picked a poor night to flee a judicial duel. He has precious little hope of escaping the wrath of the Vixen, the most feared duellist in the entire city, until he stumbles through the stage doors of the magnificent Operato Belleza and tricks his way into the company of actors. An archaic law provides a temporary respite from his troubles - until one night a ghostly voice in his head causes Damelas to fumble his lines, inadvertently blurting out a dreadful truth: the city's most legendary hero may actually be a traitor and a brutal murderer. With only the help of his boisterous and lusty friend Bereto, a beautiful assassin whose target may well be Damelas himself, and a company of misfit actors who'd just as soon see him dead, this failed grandson of two Greatcoats must somehow find within himself the courage to dig up long-buried truths before a ruthless band of bravos known as the Iron Orchids come for his head. Oh, and there's still that matter

of the Vixen waiting to duel him . . . Readers love Play of Shadows! 'De Castell's masterful writing weaves an impressive tale with a fantastic plot, intriguing characters, and wondrous storybuilding. Another masterpiece' - 5\* reader review 'If you are looking for a swashbuckling adventure with a dash of romance and a leaven of humour, then go out and get a copy of this book' - 5\* reader review 'Everything that you come to expect from a Greatcoats world book - swashbuckling, emotional rollercoaster, a hero to root for and a great cast of characters some you will love and some you will hate' - 5\* reader review

**The Areas of My Expertise** John Hodgman, 2012-10-02 In the great tradition of the American almanac, *The Areas of My Expertise* is a brilliant and hilarious compendium of handy reference tables, fascinating trivia, and sage wisdom on all topics large and small. Although bestsellers such as Poor Richard's Almanack and The Book of Lists were certainly valuable, they also were largely true. Here is a different kind of handy desk reference, one in which all of the historical oddities and amazing true facts are sifted through the singular, illuminating imagination of John Hodgman—which is the nice way

of saying: He made it all up. John Hodgman brings his considerable expertise to bear in answering all of the questions book buyers have been asking: -What are the mottoes of the 51 United States? THE ANSWER IS PROVIDED -Who were the U.S. presidents who had hooks for hands? THE ANSWER IS PROVIDED -What role does the Yale secret society “Skull and Bones” play in the secret world government? THERE IS NO SECRET WORLD GOVERNMENT -What was the menu at the first Thanksgiving, and did it include eels? Technically, that is two questions, but do not apologize, for John Hodgman shall answer them both . . . LATER. -Aside from a compendium of fake trivia, what is the best kind of book to write? A SIMPLE TABLE OF THE 55 MOST DRAMATIC LITERARY SITUATIONS PROVIDES THE ANSWER, and John Hodgman is the author of that table. Imagine if The Book of Lists had been rewritten by Peter Cook and Jorge Luis Borges under the pseudonym of “John Hodgman” and then renamed The Areas of My Expertise, and you will only begin to have a sense of the dizzying, uproarious, sublimely weird, and strangely wise journey that is contained within this book (along with all the pages and words). Perfect for anyone who thirsts for knowledge, and especially for

collectors of books of fake trivia, *The Areas of My Expertise* offers through absurdity a better understanding of the world we share—and recognizes that while the truth may be stranger than fiction, it is never as strange as lies . . . or as true. Look out for John Hodgman's latest book, *Vacationland*, available from Viking in Fall 2017.

Praise for the Greatcoats First-rate fiction, first-rate adventure, first rate full stop. -Conn Iggulden, Bestselling Author of the Wars of the Roses This is a One-in-a-million Series -Fantasy Faction Great rollicking fun combined with an emotional punch. -John Gwynne, Bestselling Author of *Malice*
