How to Do Nothing Jenny Odell,2020-12-29 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, How to do Nothing is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

A Larger Sense of Harvey Dimitri Anastasopoulos,2001 This edition of A LARGER SENSE OF HARVEY begins with two chapters that were missing from the original published in 1992. The author, Harvey Rocketsch, wrote the chapters at a villa in Paros, Greece several months before his death in a ballooning accident over his native Belarus. For several months, the entire world assumed the early chapters were forever lost with the balloon at the bottom of the Dvina River. But luckily, a British tourist discovers the missing pages. The opening chapters add to the record new revelations about the infamous langoo-adj plot to break down Indo-European language barriers. They provide a new gloss on the research team, their friendships and hatreds, the true tensions which sabotaged their dangerous work. Indeed, were it not for the tourist's discovery, this second edition would never have made it to print.

Mr. Lear Jenny Uglow,2018-04-17 A sparkling biography of the poet and artist Edward Lear by the award-winning biographer Jenny Uglow Edward Lear, the renowned English artist, musician, author, and poet, lived a vivid, fascinating life, but confessed, “I hardly enjoy any one thing on earth while it is present.” He was a man in a hurry, “running about on railroads” from London to country estates and boarding steamships to Italy, Corfu, India, and Palestine. He is still loved for his “nonsenses,” from startling, joyous limericks to great love poems like “The Owl and the Pussy Cat” and “The Dong with a Luminous Nose,” and he is famous, too, for his brilliant natural history paintings, landscapes, and travel writing. But although Lear belongs solidly to the age of Darwin and Dickens—he gave Queen Victoria drawing lessons, and his many friends included Tennyson and the Pre-Raphaelite painters—his genius for the absurd and his dazzling wordplay make him a very modern spirit. He speaks to us today. Lear was a man of great simplicity and charm—children adored him—yet his humor masked epilepsy, depression, and loneliness. Jenny Uglow’s beautifully illustrated biography, full of the color of the age, brings us his swooping moods, passionate friendships, and restless travels. Above all, Mr. Lear shows how this uniquely gifted man lived all his life on the boundaries of rules and structures, disciplines and desires—an exile of the heart.
