*Flash!* Kate Flint,2017 *Flash!* presents a fascinating cultural history of flash photography, from its mid-nineteenth century beginnings to the present day. All photography requires light, but the light of flash photography is quite distinctive: artificial, sudden, shocking, intrusive, and extraordinarily bright. Associated with revelation and wonder, it has been linked to the sublimity of lightning. Yet it has also been reviled: it's inseparable from anxieties about intrusion and violence, it creates a visual disturbance, and its effects are often harsh and create exaggerated contrasts. *Flash!* explores flash's power to reveal shocking social conditions, its impact on the representation of race, its illumination of what would otherwise remain hidden in darkness, and its capacity to put on display the most mundane corners of everyday life. It looks at flash's distinct aesthetics, examines how paparazzi chase celebrities, how flash is intimately linked to crime, how flash has been used to light up - and interrupt - countless family gatherings, how flash can 'stop time' allowing one to photograph rapidly moving objects or freeze in a strobe, and it considers the biggest flash of all, the atomic bomb. Examining the work of professionals and amateurs, news hounds and art photographers, photographers of crime and of wildlife, the volume builds a picture of flash's place in popular culture, and its role in literature and film. Generously illustrated throughout, *Flash!* brings out the central role of this medium to the history of photography and challenges some commonly held ideas about the nature of photography itself.

The Machine Gun George M. Chinn,1955 The series of books entitled *The machine gun* was begun with the belief that the next best thing to actual knowledge is knowing where to find it. The research summarized within the covers of these volumes has been compiled by the Bureau of Ordinance, Department of the Navy, in order to place in the hands of those rightfully interested in the art of automatic weapon design, the world's recorded progress in this field of endeavor.--Vol. II, p. v.

**Italian Tattoo Flash** ,2014 Stizzo, the proud owner of Best of Times Tattoo, presents the best work to come out of his famous parlor in Milan, Italy, in the form of beautiful flash, and provides an intimate look into the house artists in action. At turns exotic, religious, and cryptic, but always classy, highly detailed, and distinct, their work and their legacy could spark a new generation of artists who care about tradition and aren't afraid to push their skills to the limit. Showcased on textured paper, the vibrant, iconographic art and bold designs look just as outstanding on artificial surfaces as they would on skin. Enthusiasts and ambitious tattoo artists who hope to imitate these remarkable samples

will appreciate the hard work and dedication that goes into Stizzo, Max Brain, and Pellico's craft, which they can catch a glimpse of--at the drawing board and in the studio--in arresting black and white and color photography.
