Flash Cards Animals For Kids Garey Teacher,2020-12-19 FlashCards Animals For Kids, Ages 4-8, 8-12 Girls And Boys, With Some Motivation Pages As (Gift) Inside Book, Only For Animals Lovers.I know very well how to deal with a child in your child's years, especially in learning, because I work as a professorThis appears well in my book because I have moved from simple exercises to move step by step to what is more difficultThis is what it termedGradual learning.We have enabled the look-inside feature to make sure the content is very effective and appropriate for your child's ageWe don't have to start with the child. Any exercise, how difficult was it.This is unhealthy for your childAlso, we must not forget the motivational pages that make the child more willing to continue, and this is what we have in the bookWe have also put in place space for the mother and father to write a note on the child's achievement.Our book is very effective because we have been working in this field for a long timeAppropriate For girls and boysAdvice: Do not put your son in the learning cage while he reviews a lessonThis is a mistake, or you ask him to calm down and sit uprightThis is wrongThe child always loves to learn while he is moving at the same time, so this is the nature of children.Do not compare your way of learning with that of your childThis book is based on many different methods of learning that I have studied and applied with my studentsThe result is always good.
