

Flashlight Flashlight Why

Matt Forrest Esenwine

Flashlight Lizi Boyd,2014-08-12 Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Both lyrical and humorous, this visual poem—like the flashlight beam itself—reveals there is magic in the darkness. We just have to look for it. • A wordless storybook with stunning visuals that aims to lighten the fear of the dark and the noises that come with it • Book inspires the imagination and creativity in young minds • Lizi Boyd is the author and illustrator of many children's books, including Inside Outside and Flashlight, and also creates papers, ribbons, cards, and other works of delight Flashlight allows readers to experience the wonder and excitement of nighttime exploration in the woods and wordlessly entices readers to explore the hidden nature outside their own homes. —The Busy Librarian • Appeals to readers of all ages with the calming, yet adventurous tone • Books for kids ages 5-6 • Children's picture books for preschool through first grade

My First Flashlight Dawn Bentley,1997 Sunny Bear, the friendly flashlight, helps youngsters see in the dark, while his accompanying storybook explains how to find things in the dark, make shadow puppets, play games, and more.

The Flashlight Alec Yates,2016-08-29 A group of children finds an abandoned house. They go inside to explore, go upstairs and find a large trunk, open it up, and find documents and a flashlight. They turn it on. They realize its not just another flashlight. They go through the portal, search for the inventor, find him, return the flashlight, and come home.

Flashlight Night Matt Forrest Esenwine,2017-09-19 Flashlight Night is an ode to the power of imagination and the wonder of books. Three children use a flashlight to light a path around their backyard at night; in the flashlight's beam another world looms. Our heroes encounter spooky woods, a fearsome tiger, a time-forgotten tomb, an Egyptian god, a sword-fighting pirate, and a giant squid. With ingenuity, they vanquish all, then return to their tree house—braver, closer, and wiser than before—to read the books that inspired their adventure.

Experiments with a Flashlight Angela Royston,2016 This low-level title introduces young students to the physical properties of light through an interactive approach. The science of light is explained to the reader through a series of photo-illustrated, step-by-step experiments, shown as being performed by their elementary-aged peers. The accessible text and experiments combine to teach important scientific concepts as well as promote critical thinking in young students. The (fun!) experiments strongly support STEM and CCSS programs, while also sparking ideas for science fair and maker spaces projects.

Science Fun with a Flashlight Herman Schneider,Nina Schneider,1974 Suggestions for experiments with a flashlight which demonstrate concepts about light, shadows, colors, filters, the sun and moon, and more.

Hope Corrine Averiss,Sébastien Pelon,2019-08-20 Hope is keeping a light on, however dark things seem. Comet is Finn's dog, and his very best friend. They do everything together. But one day Comet won't get out of his basket - not even for his very favorite things! The vet tells Finn that Comet needs to stay in overnight for an operation. That evening, Finn sits in his den feeling very alone. Dad tells him to keep on hoping. At night, as Finn sleeps, thousand of little lights appear in the sky, each one a hope from a different person in the world. Emotional, funny, and uplifting, this beautiful picture book is a pure delight from start to finish. A wonderful story that shows children not to give up hope when times are uncertain.

Flashlight Fighting Phil Elmore,2006-04-01 A simple 6-inch flashlight is an extremely potent self-defense weapon if wielded properly and is among the few useful items one may carry that has yet to be legislated into liability. Guns are strictly controlled in some areas; knives are subject to as many if not more laws, some of them so vague that they defy interpretation. Collapsible batons, billy clubs, mace and pepper sprays are often illegal, but few, if any, regulations concern the possession of the common pocket torch. About now you're probably thinking that you're in deep trouble if the only weapon you've got is a battery-powered flashlight, but anyone who knows how to use a palm stick knows just how effective even a short length of rigid material can be. Thrust into the body's soft targets, joints and other vital areas, it can debilitate and even kill an attacker.

Make Your Own LED Flashlight Julia Garstecki,Stephanie Derkovitz,2020

Light Georgia Amson-Bradshaw,2019-07-15 There are so many sources of light in our world: the sun, fire, electric lamps, flashlights, lightning, and countless more. Even some animals give off light. What makes these sources light up? This lively look at a fundamental segment of science combines a colorful comic-book design with important and accessible curricular content. Readers will be motivated to test their understanding of the topics with quiz questions and they'll appreciate the bright graphics that highlight need-to-know concepts.

Flashlight Night Elisabeth Hasselbeck, 2021-02-02 NATIONAL BESTSELLER • In her first picture book, New York Times bestselling author and mother of three Elisabeth Hasselbeck reminds us that little hearts can be anxious too—and that God is always listening to their prayers. Flashlight Night is narrated by a boy whose parents have used chalkboard paint to create a wall where he and his siblings can write out all their fears, cares, and concerns: Will I learn to blow a bubble? Tie my shoes? Stay out of trouble? Be the friend they choose? The boy shares the wall with a friend, who records her own prayers. Later, they visit the chalkboard wall at dusk with a flashlight. The boy's mom shines the light on some prayers and turns it off at other times, pointing out that their prayers (and the children's faith) are still there, even in the dark, and that God hears every request. Mom says, Sometimes we see God's yes, and other times we don't. But just because it hasn't happened, doesn't mean it won't. Even when it's dark and dim and when we cannot see, let's choose to place our trust in God. He's close to you and me.
