Everybody Had a Gun Richard S.

Prather, 2014-04-01 Shell Scott. He's a guy with a pistol in his pocket and murder on his mind. The crime world's public enemy number one, this Casanova is a sucker for a damsel in distress. When a pair of lovely legs saunters into his office, he can't help but take the job, even when the case is a killer. Shell feels like a walking, talking target. He's not an easy guy to mistake for someone else, with his gray eyes, broken nose and missing ear tip, but who would want to take a shot at such a stunning and attractive man? Something's fishy in the state of Denmark when Shell finds he is dodging bullets and it seems like everyone is holding a smoking gun. This case just might land Shell a new, deluxe residence . . . in the morgue. Honored with the Life Achievement Award by the Private Eye Writers of America! Everybody Had a Gun is the 3rd book in the Shell Scott Mysteries, but you may enjoy reading the series in any order.

Ken Follett World War II Thriller Collection Ken Follett,2011-09-06 This collection of three books from the #1 New York Times bestselling master of World War II suspense includes "the most exciting novel in years" (Cincinnati Enquirer), about the espionage war between the British and the Nazis; "a very entertaining, very cinematic thriller" (Publishers Weekly) about a gang of female saboteurs behind German lines; and a "blitzkrieg-paced read" (People) about one man's desperate mission to bring crucial intelligence to England.

Jackdaws Ken Follett,2006-12-05 In his own bestselling tradition of *Eye of the Needle* and *The Key to Rebecca*, Ken Follett delivers a breathtaking novel of suspense set in the most dangerous days of World War II. D-Day is approaching. They don't know where or when, but the Germans know it'll be soon, and for Felicity "Flick" Clariet, the stakes have never been higher. A senior agent in the ranks of the Special Operations Executive (SOE) responsible for sabotage, Flick has survived to become one of Britain's most effective operatives in Northern France. She knows that the Germans' ability to thwart the Allied attack depends upon their lines of communications, and in the days before the invasion no target is of greater strategic importance than the largest telephone exchange in

Europe. But when Flick and her Resistance-leader husband try a direct, head-on assault that goes horribly wrong, her world turns upside down. Her group destroyed, her husband missing, her superiors unsure of her, her own confidence badly shaken, she has one last chance at the target, but the challenge, once daunting, is now near impossible. The new plan requires an all-woman team, none of them professionals, to be assembled and trained within days. Code-named the Jackdaws, they will attempt to infiltrate the exchange under the noses of the Germans—but the Germans are waiting for them now and have plans of their own. There are secrets Flick does not know—secrets within the German ranks, secrets among her hastily recruited team, secrets among those she trusts the most. And as the hours tick down to the point of no return, most daunting of all, there are secrets within herself. . . . Filled with the powerful storytelling, unforgettable characters, and authentic detail that have become his hallmarks, *Jackdaws* is Ken Follett writing at the height of his powers.

Hollywood Nation James Hirszen, 2005-08-30 Now entering Hollywood Nation—where fact blurs with fiction, virtue with vice Millions of Americans are outraged by the radical politics of self-appointed celebrity pundits like Michael Moore, Barbra Streisand, Sean Penn, and Susan Sarandon. And actually, these stars' public pronouncements could be the least of our worries, as New York Times bestselling author and media critic James Hirszen reveals in *Hollywood Nation*. Now more than ever, Hirszen shows, Hollywood elites are blurring the lines between entertainment and news to force their views onto the rest of the country. With their politically charged films, distorted documentaries, and skewed docudramas, they're

trying to set the agenda with little regard for the truth. Even worse, many so-called journalists are doing the same thing, dangerously mixing information and entertainment in an attempt to ratchet up ratings—and to inject their own views into the news. Hollywood Nation also reveals how the New Media are now leading the counterattack against the relentless liberal assault that comes from East Coast newsrooms and Left Coast studios. Through his extensive research and exclusive interviews with news and entertainment iconoclasts—including Bill O'Reilly, Mel Gibson, Ann Coulter, Dick Morris, Peggy Noonan, Laurie Dhue, and many others—Hirsen shows how liberals can no longer dominate the political and cultural debates. With a sharp eye and a keen wit, Hirsen takes the reader on a fun and fascinating journey through this Hollywood nation of ours. Along the way you'll discover:

- How mainstream media figures' fame fundamentally distorts the delivery of news
- How far news organizations are going in their quest to sex things up—and what celebrity journalists are saying about the plastic surgery push
- An exclusive behind-the-scenes account of Mel Gibson's *The Passion of the Christ*—a fascinating story that captures how the Left is finally losing its stranglehold on information
- A cable news journalist spilling the beans about a rival news channel's commercial stunt
- How Michael Moore's films are heralding a new trend toward over-the-top liberal propaganda—but how a newly emerging conservative Hollywood is fighting back
- How the New Media are shaking things up and evening things out

These days we're just one big

Hollywood nation. James Hirszen reminds us all that we need to pay attention to the Hollywood influence—not least because we must combat it.

Invincible Joan Johnston, 2010-11-01 Bella Benedict's five grown children are scattered around the world like a handful of precious jewels. Now she's dying and she has one last, secret wish. To bring her children home. And to give them what she once had: a marriage of passion. Wealthy playboy Max Benedict has no interest in long-term commitment. He had his heart broken once and that was enough. Instead, he travels the world, working as a sometime spy for the CIA. When he's asked to investigate a foreign threat against the president, he doesn't think twice about accepting—until he hears who he'll be working with in London. FBI Special Agent Kristin Lassiter is under investigation and on the verge of losing everything—her savings, her job, her beloved father. So when Bella Benedict approaches her with the offer to pay her mounting debts, she's tempted to accept. But there's a catch—a big one. Bella wants Kristin to win the heart of her son Max, the very man who destroyed Kristin years ago. A man unaware he fathered her nine-year-old daughter. If Kristin succeeds, she'll get the money she needs—and the priceless Blackthorne rubies Bella has offered to sweeten the deal. The

only problem is, can she win Max's heart without falling back in love with him?

Tough Sh*t Deluxe Kevin Smith, 2012-03-20 Kevin Smith is full of sh*t, and in this Deluxe eBook he introduces each chapter with a sh*tastic video—that's over 25 minutes of bonus sh*t talking! That Kevin Smith? The guy who did Clerks a million years ago? Didn't they bounce his fat ass off a plane once? What could you possibly learn from the director of Cop Out? How about this: he changed film making forever when he was twenty-three, and since then, he's done whatever the hell he wants. He makes movies, writes comics, owns a store, and now he's built a podcasting empire with his friends and family, including a wife who's way out of his league. So here's some tough sh*t: Kevin Smith has cracked the code. Or, he's just cracked. Tough Sh*t is the dirty business that Kevin has been digesting for 41 years and now, he's ready to put it in your hands. Smear this sh*t all over yourself, because this is your blueprint (or brownprint) for success. Kev takes you through some big moments in his life to help you live your days in as Gretzky a fashion as you can: going where the puck is gonna be. Read all about how a zero like Smith managed to make ten movies with no discernible talent, and how when he had everything he thought he'd ever want, he decided to blow up his own career. Along the way, Kev shares stories about folks who inspired him (like George Carlin), folks who befuddled him (like Bruce Willis), and folks who let him jerk off onto their legs (like his beloved wife, Jen). So make this your daily reader. Hell, read it on

the toilet if you want. Just make sure you grab the bowl and push, because you're about to take one Tough Sh*t.
