Birds of Prey (1998-2011) #109 Tony Bedard, 2011-03-23 When word reaches Oracle that Black Canary is considering a marriage proposal from Green Arrow, Barbara decides she must play devil's advocate to ensure Dinah doesn't make the biggest mistake of her life.

A Doll's House Henrik Ibsen, 2023-08-31 A Doll's House by Henrik Ibsen is a three-act play written by Norwegian playwright Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark, on 21 December 1879, having been published earlier that month. The play is set in a Norwegian town circa 1879. The play concerns the fate of a married woman, who at the time in Norway lacked reasonable opportunities for self-fulfillment in a male-dominated world, despite the fact that Ibsen denied it was his intent to write a feminist play. It was a great sensation at the time, and caused a storm of outraged controversy that went beyond the theatre to the world of newspapers and society. Synopsis: The play opens at Christmas time as Nora Helmer enters her home carrying many packages. Nora's husband Torvald is working in his study when she arrives. He playfully rebukes her for spending so much money on Christmas gifts, calling her his little squirrel. He teases her about how the previous year she had spent weeks making gifts and ornaments by hand because money was scarce. This year Torvald is due a promotion at the bank where he works, so Nora feels that they can let themselves go a little. The maid announces two visitors: Mrs. Kristine Linde, an old friend of Nora's, who has come seeking employment; and Dr. Rank, a close friend of the family, who is let into the study. Kristine has had a difficult few years, ever since her husband died leaving her with no money or children. Nora says that things have not been

easy for them either: Torvald became sick, and they had to travel to Italy so he could recover. Kristine explains that when her mother was ill she had to take care of her brothers, but now that they are grown she feels her life is unspeakably empty. Nora promises to talk to Torvald about finding her a job. Kristine gently tells Nora that she is like a child. Nora is offended, so she tells her that she got money from some admirer so they could travel to Italy to improve Torvald's health. She told Torvald that her father gave her the money, but in fact she illegally borrowed it without his knowledge (women were forbidden from conducting financial activities such as signing checks without a man's endorsement). Since then, she has been secretly working and saving up to pay off the loan. Krogstad, a lower-level employee at Torvald's bank, arrives and goes into the study. Nora is clearly uneasy when she sees him. Dr. Rank leaves the study and mentions that he feels wretched, though like everyone he wants to go on living. In contrast to his physical illness, he says that the man in the study, Krogstad, is morally diseased.

Ten Rules for Faking It Sophie Sullivan,2020-12-29 A wholesome, slow-burn romance that will warm your heart...This is a Hallmark movie in book form. - USA Today bestselling author Helen Hoang What happens when your love life becomes the talk of the town? As birthdays go, this year's for radio producer Everly Dean hit rock-bottom. Worse than the “tonsillectomy birthday.” Worse than the birthday her parents decided to split (the first time). But catching your boyfriend cheating on you with his assistant? Even clichés sting. But this is Everly's year! She won't let her anxiety hold her back. She'll pitch her podcast idea to her boss. There's just one problem. Her boss, Chris, is very cute. (Of course). Also, he's extremely distant (which means he hates her, right? Or is that the anxiety talking)? And, Stacey the DJ didn't mute the mic during Everly's rant about Simon the Snake (syn: Cheating Ex). That's three problems. Suddenly, people are lining up to date her, Bachelorette-style, fans are voting (Reminder: never leave house again), and her interest in Chris might be a two-way street. It's a lot for a woman who could gold medal in people-avoidance. She's going to have to fake it 'till she makes it to get through all of this. Perhaps she'll make a list: The Ten Rules for Faking It. Because sometimes making the rules can find you happiness when you least expect it. “Once you start reading, you won't be able to put it down.” - Lyssa Kay Adams, author of The Bromance Book Club

Flirting with Disaster Marc S. Gerstein, Michael Ellsberg, 2009-10-23 This analysis of catastrophes provides a pathway for those who want to foster truth-telling in their organization and head off disasters in the making. We tend to think of disasters as uncontrollable acts of nature or inevitable accidents. But are such incidents unavoidable or ever truly accidental? The authors of this remarkable book say we actually

do have the power to prevent tragedies such as the flooding from Hurricane Katrina, the death toll from dangerous medicines like Vioxx, and the explosion of the Space Shuttle Columbia. Marc Gerstein and Michael Ellsberg insist that disasters need not be inevitable if we learn from history, prepare carefully for the worst case, and speak out when we see danger looming. This revelation makes their compelling study extremely valuable for readers in business, government, medicine, academia—indeed all walks of life. *Flirting with Disaster* will do for catastrophe what *Blink* did for intuition, and *The Black Swan* did for probability: provide a popular audience with an engaging, in-depth view of a complex and important topic. Gerstein and Ellsberg examine the culture of institutions: why even people of good will and inside knowledge underestimate risk; feel psychologically incapable of averting tragedy and unable to pick up the pieces afterward; and don't come forward forcefully enough to head off catastrophe. They also celebrate those who go beyond the call of duty to save others, including Dr. David Graham of the FDA who courageously stood up to reveal Vioxx's deadly effects. One such whistleblower contributes both a foreword and an afterword: Daniel Ellsberg, renowned for releasing the Pentagon Papers.

Misdiagnosis and Dual Diagnoses of Gifted Children and Adults James T. Webb, 2005 Our brightest, most creative children and adults are often being misdiagnosed with behavioral and emotional disorders such as ADHD, Oppositional-Defiant Disorder, Bipolar, OCD, or Asperger's. Many receive unneeded medication and inappropriate counseling as a result. Physicians, psychologists, and counselors are unaware of characteristics of gifted children and adults that mimic pathological diagnoses. Six nationally prominent health care professionals describe ways parents and professionals can distinguish between gifted behaviors and pathological behaviors. ?These authors have brought to light a widespread and serious problem?the wasting of lives from the misdiagnosis of gifted children and adults and the inappropriate treatment that often follows.? Angels Dr. David Jeremiah, 2013-10-16 The remarkable truth about angels, the agents of Heaven, unveiled through Scripture—from the New York Times best-selling author of *Everything You Need* “Outstanding! As one would expect from David Jeremiah, this book reflects a theologian’s concern, a pastor’s heart, and a Biblicist’s accuracy.”—Dr. Bruce Wilkinson People have long been fascinated by stories of angel sightings, yet many contemporary beliefs about angels are based on misconception and myth rather than solid, biblical truth. As he’s done so brilliantly for decades, respected Bible teacher Dr. David Jeremiah of Turning Point Ministries uses Scripture to unveil the remarkable truth about these agents of heaven and their role in our world and our lives. What are angels? What is their role in God’s plan? Are they present? Do they appear? Do they give us personal insight about our work and our worship? In this broad and thorough survey of Scripture, Dr. Jeremiah clearly and simply separates fact from fiction as it relates to angels. His enlightening findings are supported with illustrations and insights from prominent teachers, such as Billy Graham, Corrie ten Boom, C. S. Lewis, and more. Dr. Jeremiah’s down-to-earth style guides readers around the hype about angels and directly into everything you need to know about the “substance of things unseen!”
