Fleming's Flower Fields

Fresh from the Field Wedding Flowers Lynn Byczynski, Erin Benzakein, 2014-01-01 *Fresh from the Field Wedding Flowers* is a complete guide to using local flowers for weddings. It was created for the eco-conscious couple committed to having a greener wedding, the passionate gardener who wants to grow flowers for events, the floral designer who wishes to jump in on the locally grown trend, and the specialty cut flower farmer who will be offering wedding services. Beautifully illustrated with photographs from dozens of actual weddings, this book provides advice on where to find local flowers, what blooms are available in each season, how to stretch a floral budget and what to expect when working with local flower farmers. Five detailed step-by-step photo essays walk you through the process of creating your own bouquets, boutonnieres, centerpieces, and large arrangements. Four in-depth videos totaling 75 minutes teach you the basic mechanics and overall thought process that goes into creating the flowers for an event. Designer Erin Benzakein demonstrates how she constructs an abundant bridal bouquet, a large altar arrangement, a low and lush centerpiece, a boutonniere, and a pin-on corsage.

Field, Flower, Vase Chelsea Fuss, 2021-03-02 Floral expert Chelsea Fuss shows you how to make beautiful, natural arrangements with foraged and seasonal greenery, branches, and flowers Based on her extraordinarily popular flower-arranging workshops, Chelsea Fuss's first book combines an alluring sense of place with everything readers need to know to forage, gather, and arrange fresh and dried botanicals. Each arrangement is addictively easy to make, and the featured centerpieces, wreaths, garlands, and bouquets are designed to bring the perfect amount of scent, color, and atmosphere to a room. The book

features 28 eco-friendly floral projects, all using natural materials in lieu of floral foam and wire. Each arrangement is accompanied by foraging tips that can be applied to different locales. Photographed in the author's small village in Portugal, the book overflows with atmospheric images of flowers and foliage in the landscape to inspire readers to walk local trails (even if that just means the stalls of a city market) and gather ingredients in a pastime that is as much self-care and meditation as it is a practical pursuit.

Designed for easy use, the book features two-page spreads with descriptive text and range maps on one side facing pages of color photos on the other. The descriptions are concise, but thorough, and the range maps show both where the plant grows and what time of year it is likely to be in bloom. of leaves, and number of flower parts as indicated in the quick characters box at the top of each page.
