The Little Flower King Kveta Pacovska,2015-12-01 The little flower king is lonely. His garden full of colorful tulips should cheer him up, but he longs for a princess to enjoy it with him. Where can she be? Kveta Pacovská's uniquely vibrant illustrations weave a magical spell in small, sweet treasure of a book.

The Flower King Andrew Peters,2010-04-01 How can flower seeds help a king find an heir to his kingdom?

War Flower Brooke King,2019-03-01 Brooke King has been asked over and over what it's like to be a woman in combat, but she knows her answer is not what the public wants to hear. The answers people seek lie in the graphic details of war—the sex, death, violence, and reality of it all as she experienced it. In her riveting memoir *War Flower*, King breaks her silence and reveals the truth about her experience as a soldier in Iraq. Find out what happens when the sex turns into secret affairs, the violence is turned up to eleven, and how King's feelings for a country she knew nothing about as a nineteen-year-old become more disturbing to her as a thirty-year-old mother writing it all down before her memories fade into oblivion. The story of a girl who went to war and returned home a woman, *War Flower* gathers the enduring remembrances of a soldier coming to grips with post-traumatic stress disorder. As King recalls her time in Iraq, she reflects on what violence does to a woman and how the psychic wounds of combat are unwittingly passed down from mother to children. *War Flower* is ultimately a profound meditation on what it means to have been a woman in a war zone and an unsettling exposé on war and its lingering aftershocks. For veterans such as King, the toughest lesson of service is that in the mind, some wars never end—even after you come home.

The Flower King: A Bloomsbury Young Reader Andrew Fusek Peters,2020-06-11 An entertaining retelling of a traditional tale, ideal for children practising their reading at home or in school. The king has a problem. A big problem. He doesn't have any children to rule the kingdom next. But an old, wise lady has a plan: whoever grows the best flowers within three weeks shall be king! There'll be sweet peas and poppies, marigolds and morning glories, but will there be a new ruler of all the land? This engaging tale from critically acclaimed author Andrew Fusek Peters is perfect for children who are learning to read by themselves and for Key Stage 1. It features colourful illustrations from Nathan Reed and quirky characters young readers will find hard to resist. Bloomsbury Young Readers are the perfect way to get children reading, with book-banded stories by brilliant authors like Julia Donaldson. They are packed with gorgeous colour illustrations and include inside cover notes to help adults reading with children, as well as ideas for activities related to the stories. 'Every child needs a Bloomsbury Young Reader. Fun, stretching, just the right length, full of adventurous vocabulary and punctuation.' (Julie-Ann McCulloch, Teacher) Book Band: Gold Ideal for ages 6+

The Flower King Lesley Howarth,1993 The narrator of this story doesn't just see colours, he feels them. At home, the colour is mainly panic button red. But when visiting old Mrs Pinder, yellow floods in, the yellow of the daffodil fields she worked as a child for the Flower King, whose tragic story lies at the heart of this tale.

Flower Flies of Minnesota Scott King,2021-05 Not unlike the wealth of wildflowers which they help to pollinate, the flower flies display a rich variety of colors and forms: from tiny ant-sized flies to large, brightly-colored mimics of wasps and hornets. This colorful group of insects has been neglected for far too long. This new field guide corrects this oversight, revealing the marvelous diversity and natural history of these beneficial insects. In addition to descriptions and color photographs for 138 species, included in the guide are

keys to several complicated genera and a complete checklist for all the recorded species known to Minnesota. Common, but commonly overlooked, learning about the flower flies in this richly illustrated book may, quite possibly, change your view of flies forever. Who is This Book For? For gardeners who want a guide to some of the visitors to their flowering plants. For farmers who want to firm up their knowledge of beneficial insects. For naturalists who want to explore another curious facet of nature.
