Lockheed F-104 Starfighter Martin W Bowman, 2017-11-30 The F-104 Starfighter is quite possibly one of the most photographed aircraft of all time. It is certainly one of the most iconic. Here, Martin Bowman offers up a well researched, comprehensive and thoroughly entertaining history of this impressive interceptor aircraft and fighter bomber. Firsthand insights gathered from pilots who have flown the Starfighter in a variety of international contexts make for a rich and diverse narrative, interspersed throughout with a good selection of black and white and color illustrations that really bring the story to life. Over the course of an eventful history, the Starfighter has been caught up in an extensive variety of conflicts across the world. This book not only acquaints us with the landmark milestones of a widely utilized aircraft type, it also illuminates our understanding of the dynamic history of aviation in the second half of the twentieth century.

Nordic Sustainable Aviation Ydersbond, Inga Margarete, Buus Kristensen, Niels, Thune-Larsen, Harald, 2020-12-22 Globally, aviation accounts for a modest share of World total greenhouse gas (GHG) emissions from today's energy use. However, air transport has been rapidly increasing and many other sectors are expected to reduce their emissions. Hence, aviation's share of global emissions can be foreseen to rise and will constitute a significant part of the problem unless strong counteracting initiatives are taken. Efforts regarding aviation have so far been limited, although despite significant technological improvements of aircraft energy efficiency over the past decades. The Nordic countries all have high ambitions to become more environmentally sustainable. The aim of this report is to examine challenges and opportunities for increased Nordic cooperation with regards to increasing sustainability of aviation and, based on evaluation of alternative options, propose common policy measures.

Viking Spitfire Tor Idar Larsen, Finn Thorsager, 2012-06 This is the story of Finn Thorsager, the first Norwegian to open fire on invading German forces.

He escaped the Nazi occupation, fled Norway, and joined up with the RAF. He went on to have an illustrious war record as a spitfire fighter pilot.

Into the Swarm Chris Yeoman,Tor Idar Larsen,2017-06-08 Into the Swarm: Stories of RAF Fighter Pilots in the Second World War is a collaborative work by Christopher Yeoman (Rise Against Eagles) and Tor Idar Larsen (Viking Spitfire) which tells the sobering and heroic stories of RAF fighters pilots in the most ferocious air battles of the war. Accompanying gripping and detailed stories of aerial combat are previously unpublished photographs and letter extracts which adds to the rich content provided by these enthusiastic authors whose passion for the subject matter is evidently apparent within each chapter. A fine tribute to the gallant aviators who took to the air in hostile skies, this book tells of courage and sacrifice in France, to daring and determination, to gain air supremacy over the Luftwaffe in the Battle of Britain and Malta. This work also provides a wider story of RAF pilots of the Second World War, from those early battles in 1940 all the way up to a few days before VE-Day. These stories offer a broad and versatile insight into the life of fighter pilots from many countries, from different cultures but with a common determination of fighting Nazi Germany over Europe's aerial arenas.
