Dilettanti Bruce Redford,2008-08-07 Bruce Redford re-creates the vibrant culture of connoisseurship in Enlightenment England by investigating the multifaceted activities and achievements of the Society of Dilettanti. Elegantly and wittily he dissects the British connoisseurs whose expeditions, collections, and publications laid the groundwork for the Neoclassical revival and for the scholarly study of Graeco-Roman antiquity. After the foundation of the society in 1732, the Dilettanti commissioned portraits of the members. Including a striking group of mock-classical and mock-religious representations, these portraits were painted by George Knapton, Sir Joshua Reynolds, and Sir Thomas Lawrence. During the second half of the century, the society's expeditions to the Levant yielded a series of pioneering architectural folios, beginning with the first volume *The Antiquities of Athens* in 1762. These monumental volumes aspired to empirical exactitude in text and image alike. They prepared the way for *Specimens of Antient Sculpture* (1809), which combines the didactic (detailed investigations into technique, condition, restoration, and provenance) with the connoisseurial (plates that bring the illustration of ancient sculpture to new artistic heights). The Society of Dilettanti's projects and publications exemplify the Enlightenment ideal of the gentleman amateur, which is linked in turn to a culture of wide-ranging curiosity.

The Light of Truth Ida B. Wells,2014-11-25 The broadest and most comprehensive collection of writings available by an early civil and women's rights pioneer Seventy-one years before Rosa Parks's courageous act of resistance, police dragged a young black journalist named Ida B. Wells off a train for refusing to give up her seat. The experience shaped Wells's career, and—when hate

crimes touched her life personally—she mounted what was to become her life’s work: an anti-lynching crusade that captured international attention. This volume covers the entire scope of Wells’s remarkable career, collecting her early writings, articles exposing the horrors of lynching, essays from her travels abroad, and her later journalism. *The Light of Truth* is both an invaluable resource for study and a testament to Wells’s long career as a civil rights activist. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Art and Identity Vicky Coltman, 2019-11-14 This lively and erudite cultural history examines how Scottish identity was experienced and represented in novel ways.

Eversham, Institute of Terrestrial Ecology, 1996 This volume contains a complete set of distribution maps, and information on all the resident and more frequent immigration dragonflies in Britain and Ireland. It takes a look at the present and changing status of dragonfly species, provides insight into their distribution, gives descriptions to aid recognition, and

Allen, 2021-08-12 This timely volume documents the immediate, global impacts of the coronavirus pandemic (COVID-19) on teaching and learning in higher education.
