The Mom Test Rob Fitzpatrick, 2013-10-09 The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Forgotten Heritage Jonglez Publishing, 2016-10-01 Rediscovering our forgotten heritage. No Entry'; 'Dangerous Site Keep Out; Trespassers Will Be Prosecuted': common sights on walls or perimeter fences around many of the world's abandoned sites. These warnings allude to potential dangers and prove an ineffective deterrent against thieves and vandals. To the urban explorer/photographer these signs simply serve to whet the appetite for the promise of hidden wonders that may lie beyond. For those who ignore the warnings and climb the fences, what awaits is usually worth the risks. Vast industrial spaces that feel more like an alien landscape or poignant residential settings, which are slowly surrendering to the inexorable advance of nature. Places once alive with sound and movement, now

silent and still, but no less sensory. Immense and powerful beauty resides in these forgotten places. For some, just getting inside a location to experience this alternative form of sightseeing is enough to satisfy a desire to simply go where one shouldn't. But for some there is a need to capture the essence of a location in words and pictures, giving others a metaphorical leg-up over the fences, to walk them through the remaining ruins. Matt Emmett falls into the latter of these groups, travelling regularly to places in the UK and across Europe. He seeks out vast power stations and their cooling towers, steel works, mines, bunkers, tunnels, schools, engine sheds, hotels, castles and a myriad of other buildings. All have their own stories to tell in a variety of voices and without the distraction, sounds and people who inhabited them, those stories are clear and strong and the character of each location is laid bare. Architectural Digest: Photographer Matt Emmett has made a name for himself by pushing the boundaries to capture epic imagery of Europe's most forgotten ruins. International Business Times: Matt Emmett's 'Forgotten Heritage' photography project uncovers the brutal beauty of abandoned buildings and derelict industry.

RedHanded Suruthi Bala, Hannah Maguire, 2021-09-14 2021 Listeners' Choice British Podcast Awards Winner What is it about killers, cult leaders, cannibals, cults, and criminals that capture our imaginations even as they terrify and disturb us? How do we responsibly consume these kinds of stories as entertainment, and more importantly, what can we learn from them? RedHanded rejects the narrative of killers as monsters and that a victim was in the wrong place at the wrong time, and instead tells the stories we want to hear in a way that challenges perceptions and asks the hard questions about society, gender, poverty,

culture, and even our politics. After meeting at a party in London where they both discovered they listened to the same murder podcasts, Hannah Maguire and Suruthi Bala drunkenly promised to one day start their own true crime podcast together and the rest is history. From the hosts of the hit true crime podcast RedHanded (dubbed by Rick & Morty creator Dan Harmon as the best true crime podcast I've heard, ever), Hannah Maguire and Suruthi Bala have amassed a cult following of spooky bitches amounting to an incredibly strong 63k downloads per episode and 728k backlist downloads every month in the US alone. With candor, humor, interviews with experts, research on real-life cases, and an unflinching dissection of what makes a killer tick, Bala and Maguire take us through the societal, behavioral, and cultural phenomena that make victims -- and their murderers -- our collective responsibility and to find out once and for all: what makes a killer tick?
