Adobe Photoshop 7.0, 2002 When it comes to digital imaging software, Adobe Photoshop has long set the standard. Thus, when a new version of the popular program appears, designers tend to stand up and take notice--then get down to the serious business of learning about it! And for that, there's no better place to turn than the book from the people behind the product: Adobe Press' Adobe Photoshop 7.0 Classroom in a Book. Using the same style of self-paced instruction employed in the best-selling previous edition, this comprehensive set of Photoshop lessons provides everything you need to dive into the world of print, Web, and graphic design with Photoshop 7. Completely revised to cover all of Photoshop 7's new features (including the new Healing Brush, color correction commands, and file management tools), the book starts with an introductory tour of the software and then progresses on through 16

lessons, covering everything from Photoshop's interface to more complex topics like color management, Web graphics, and photo retouching. You'll find step-by-step instructions for a variety of projects (from beginning to advanced) and review questions at the end of each chapter to reinforce what you've learned. Easy-to-use project files on the accompanying CD-ROM complete the package.

"not Just Another Photoshop Book ..." for the Full Version, Cs5 and Earlier John Watts, 2011-11-17 This book is specific to the full version of Photoshop, CS5 and earlier ... This is not just another Photoshop Book ... (yes, that's really the name): I mean, really - there must be millions of Photoshop books out there, right? - - but how many of them are written by a custom photographic printer with almost 30 years of experience working with some of the finest photographers in the world? Why is this book different? It's unique because it's written for photographers (NOT graphic artists!) and focuses on what makes a good

color print. This book will show you how to use the basics of Photoshop to achieve your desired printing results, using your computer and printer / custom lab. Why does this book cost a bit more than other Photoshop books? Allow me to answer that with a question: What is your time worth? When you purchase my book, that's when our relationship starts - not too many other Photoshop books can claim that ... * I encourage you to contact me, via email or phone, as you're going through the book - you're going to have questions, and I want to answer them. * You'll also have access to an exclusive password-protected Exercises webpage to put what you've learned into practice. Frustrated by the Learning Curve with Photoshop? This book will show you how to effectively navigate through a complex program, showing those functions that you really need and want as a photographer. You'll benefit from this Book if: * If you're just getting started in Photoshop and Digital Printing, then this book is for you - I take the propeller-head out of the process! * OR If you have Photoshop and Digital printing experience, but you've been disappointed with the results, then it's time to get back to the basics and learn a system that works. _____

- Over 130+ pages in PDF Format - Organized in a unique system for ease and speed of learning - Relevant illustrations, examples, and tips - Based on Real Life images, not perfect images - Ready access to the author via email or phone
