The Fall of the House of Forbes Stewart Pinkerton,2011-09-27 Forbes: the legendary name in finance journalism. Synonymous with wealth, grand excess, glamour, and fun as well as style, insight, gossip, and hard-nosed reporting, the media empire and the family behind it form a remarkable story that has never been told. Now, in *The Fall of the House of Forbes*, veteran journalist Stewart Pinkerton reveals the hidden machinations, disastrous decisions, and personal foibles of a century-old dynasty that rose to glittering heights and crashed just as spectacularly. Writing from an insider's perspective and first-hand sources developed over his twenty years as a writer and editor at Forbes, Pinkerton takes us to the ritualized formal lunches inside the mansion-like headquarters at 60 Fifth Avenue in Manhattan; the lavish advertiser parties on board the family yacht, *The Highlander*; the sybaritic private life of Malcolm Forbes and the family's increasing discomfort with its patriarch; and the glory days of the magazine, with its news-making stories, high-rolling expense accounts, and bar-setting standards for anyone who aspired to wealth and its trappings. But as the media business changed, Forbes was slow to react, and found itself burdened by Malcolm's immense personal expenses, Steve Forbes's bumbling, self-financed presidential campaigns, and the family's hubris and hesitation in the face of reality. A series of devastating business decisions and an internecine struggle for power forced the sale of the Faberge eggs, the vintage toy collection, the homes, the private island, the yacht, and finally the sale of 40% of the company itself to outside investors...a collapse of shocking speed after decades of unsurpassed success. A compelling narrative account of a powerful family's dysfunction, *The Fall of the House of Forbes* is a parable of capitalism at its best and worst, and a metaphor for the current state of digital turmoil in media.

**Forbes@100** Randall Lane,2017-10-11 At once a time capsule, a master class in entrepreneurial thinking and a dazzling coffee table book, *Forbes@100* starts with the history of a century of capitalism - cover-by-cover, first-by-first - told through the prism of its definitive chronicler, *Forbes* magazine. But it doesn't stop there. In the characteristic *Forbesian* way, the book then looks toward the future, with the best-ever collection of original essays, anecdotes, and ideas from the 100 greatest living business minds all accompanied by original portraits taken by renowned photographer Martin Schoeller. Offering a unique window into the thinking of Mark Zuckerberg, Warren Buffett, Oprah Winfrey, Elon Musk, Bill Gates, Bono, Donald Trump, Sheryl Sandberg, Jeff Bezos, Paul McCartney and 90 others, *Forbes@100* is a once-in-a-century, inspirational keepsake.

*Forbes Greatest Business Stories of All Time* Daniel Gross,1996-10-24 What do Bill Gates, Henry Ford, J. P. Morgan, Mary Kay Ash, and Walt Disney all have in common? Uncompromising vision, a willingness to take risks, and exceptional business acumen. Not only did these individuals amass great fortunes, they revolutionized the business world and helped shape society as we know it. Theirs are just a few of the stories collected in this anthology of commercial ingenuity. Drawing on a wealth of sources, this priceless collection brings to life extraordinary achievements, many of them forgotten or little known: how Robert Morris, the preeminent merchant of the eighteenth century, financed the American Revolution with his personal credit; how Ray Kroc used a shrewd real estate strategy to turn a faltering hamburger franchise operation into the McDonald's fast food empire; and how Mary Kay Ash built a billion-dollar direct sales cosmetics company by preaching a message of economic empowerment to women. The Forbes Model for Journalism Inthe Digital Age: Training a New Gen Eration of Entrepreneurial Journalists Lewis Dvorkin,Forbes, LLC,2012-05-01 ABOUT THE BOOK Since its founding in 1917, *Forbes* has been providing insights, information, and inspiration to ensure the success of those who are dedicated to the spirit of free enterprise. Its flagship publications, *Forbes* and *Forbes Asia*, reach a worldwide audience of more than six million readers and its website, *Forbes.com*-the leading business site on the Web-attracts an audience that averages 30 million people per month. *Forbes* also publishes *ForbesLife* magazine and licensed editions in more than 25 countries around the world. Lewis DVorkin has always appreciated the importance of clarity, particularly in his professional life and in the media he consumes. When he first came to *Forbes* in the mid-1990s, he completely understood the brand and its voice. Then he left for AOL as the millennium turned. It was obvious the news cycle was getting faster and digital media was the place to be. After that, he founded a startup, *True/Slant*. He had a clear idea - well, he hoped he did - for a new way to produce news. Two years ago, he sold that company to *Forbes*, one of his investors. In re-joining a trusted brand and people he trusts as

the chief product officer, he saw a direct path for the True/Slant team to take its ideas to a bigger stage. It's worked out great. Why? Lots of reasons, especially this one: the clarity and strength of the Forbes mission. Journalism at Forbes is rooted in the conviction that success results from free enterprise, the entrepreneurial spirit, smart investing - and living a life beyond the mere accumulation of dollars. Forbes is about aspiration. That message has given tremendous focus to the task of dramatically re-imagining our products and culture in the era of digital publishing and social media. ABOUT THE AUTHOR Lewis DVorkin serves as Chief Product Officer at Forbes Media. His long journey has taken him from The New York Times, Newsweek and The Wall Street Journal, to tabloid TV, AOL-and an instrumental role in launching TMZ.com. DVorkin has lived through a newspaper strike (sounds quaint, right?), the New York City Black Out in '77, and a bout with the Cabbage Patch Dolls. He was the founder and CEO of True/Slant, which Forbes invested in and later acquired. DVorkin first got hooked on the News business as the student editor of the Daily Iowan during the days of Vietnam, Watergate and Roe v. Wade. He can quote all the best lines from All the President's Men, and still thinks Howard Beale did it better than all the real-life pretenders who followed him. DVorkin would like to express his gratitude to James Bellows-a truly gifted editor, an extraordinary human being and a mentor. EXCERPT FROM THE BOOK Entrepreneurial Journalism means digital screens that come alive with individual voice, real-time activity and dynamic content, not the homogenized, lifeless and static news pages I see on so many other news sites. When I spoke with Forbes staff reporter Deborah Jacobs about this change, she replied, You know what's changed for me at Forbes? I now write for my audience, not my editor. That's what our new model is about - listening and engaging with news consumers. Then we trust our full-time reporters and knowledgeable contributors to respond by producing content that meets their needs. And lots of it! Digital audiences can't seem to get enough information, so it's our job to supply it. Our unique model enabled us to provide them with quality, quantity and variety across eight key verticals, or subject areas. Our individually branded content creators, not burdened by outdated bureaucratic journalistic layers, use the publishing tools we built for them to turn out thousands of posts - nearly 100,000 in 2011. It was all about putting business topics (like this post on Best Buy) and cultural events (like this one on Snooki) through the Forbes prism of free enterprise, entrepreneurial capi
