*Fluent Forever* Gabriel Wyner,2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

**Nothing Is Forever** Vivian Stirpe,2021-08-25 Most of the incidents that took place during the great depression and during prohibition days are depicted in this story. It was a very difficult time for people. There were no TV's or cell phones. My father was a barber and he earned 40 cents a haircut. My mother sewed covers on baseballs for 10 cents each. We were very poor. There were many Italian immigrants that settled in the United States. They were so thankful to become citizens. They learned about our constitution and our history, got jobs and paid taxes, etc. They learned the English language and learned it well. My grandfather read the local newspaper daily and was self-educated. They were the melting pot of the world. They came from every country in the world. They all came here to be free, find a job and become an American citizen. They were happy to be in a free country. They were resourceful and got along with everyone. I lived in a Jewish, Italian neighborhood. We had no problems. Everyone got along. We had a good life in spite of our hardships.

It's all here: from how she got the role (and why she almost didn't) to romances on the set and wild nights in Salzburg; from the near-disaster during the gazebo dance to her relationships--then and now--with her six celluloid siblings.
