State of the Union Brad Thor,2008-09-04 From the bestselling author of THE LIONS OF LUCERNE and PATH OF THE ASSASSIN comes another electrifying international thriller featuring all-American hero Scot Harvath, as he plunges into the frigid heart of the Russian tundra to save the fragile state of the union. On a cold January morning, the United States awakes to discover that an old enemy, one long believed dead and buried, has crawled out of its grave to lay siege to the world's only superpower. With the stunning discovery that enhanced Soviet-made suitcase nukes have been secreted in America's major cities, President Jack Rutledge gathers his National Security Council to weigh the feasibility of a first strike against the

Russian Federation. There's only one problem. For over two decades, the Russians have been funnelling international aid money into a top secret air defence system, which has just been brought on-line and which will render any conventional attack upon their country utterly ineffective. After exhausting all of his other options, and with Soviet sleeper agents preparing to detonate their deadly payloads across the United States, the president turns to the nation's final hope, ex-Navy SEAL and Secret Service Agent Scot Harvath. As high-voltage and timely as they come, STATE OF THE UNION is a frighteningly real, headline-ripping tale of espionage and intrigue that will keep readers guessing until the last tantalizing piece of the puzzle locks into place.

That Is All John Hodgman,2012-10-02 John Hodgman—bestselling author, The Daily Show's Resident Expert, minor television celebrity, and deranged millionaire—brings us the third and final installment in his trilogy of Complete World Knowledge. In 2005, Dutton published The Areas of My Expertise, a handy little book of Complete World Knowledge, marked by the distinction that all of the fascinating trivia and amazing true facts were completely made up by its author, John Hodgman. At the time, Hodgman was merely a former literary agent and occasional scribbler of fake trivia. In short: a nobody. But during an interview on The Daily Show with Jon Stewart, an incredible transformation occurred. He became a famous minor television personality. You may ask: During his whirlwind tornado ride through the high ether of minor fame and outrageous fortune, did John Hodgman forget how to write books of fake trivia? The answer is: Yes. Briefly. But soon, he remembered! And so he returned, crashing his Kansas farmhouse down upon the wicked witch of ignorance with More Information Than You Require, a New York Times bestseller containing even more mesmerizing and essential fake trivia, including seven hundred mole-man names (and their occupations). And now, John Hodgman completes his vision with That Is All, the last book in a trilogy of Complete World Knowledge. Like its predecessors, That Is All compiles incredibly handy made-up facts into brief articles, overlong lists, and beguiling narratives on new and familiar themes. It picks up exactly where More Information left off—specifically, at page 596—and finally completes COMPLETE WORLD KNOWLEDGE. Look out for John Hodgman's latest book, Vacationland, available from Viking in Fall 2017.
