Foundation Isaac Asimov, 2004-06-01 The first novel in Isaac Asimov's classic science-fiction masterpiece, the Foundation series THE EPIC SAGA THAT INSPIRED THE APPLE TV+ SERIES FOUNDATION • Nominated as one of America's best-loved novels by PBS's The Great American Read For twelve thousand years the Galactic Empire has ruled supreme. Now it is dying. But only Hari Seldon, creator of the revolutionary science of psychohistory, can see into the future—to a dark age of ignorance, barbarism, and warfare that will last thirty thousand years. To preserve knowledge and save humankind, Seldon gathers the best minds in the Empire—both scientists and scholars—and brings them to a bleak planet at the edge of the galaxy to serve as a beacon of hope for future generations. He calls his sanctuary the Foundation. The Foundation novels of Isaac Asimov are among the most influential in the history of science fiction, celebrated for their unique blend of breathtaking action, daring ideas, and extensive worldbuilding. In Foundation, Asimov has written a timely and timeless novel of the best—and worst—that lies in humanity, and the power of even a few courageous souls to shine a light in a universe of darkness.

Foundation D. G. Leahy, 1996-01-01 This book presents the ontological and logical foundation of a new form of thinking, the beginning of an "absolute phenomenology." Thinkers dealt with include Plato, Galileo, Hegel, Kierkegaard, Marx, Nietzsche, Husserl, Heidegger, Peirce, James, Dewey, Derrida, McDermott, and Altizer.

Prelude to Foundation Isaac Asimov, 1989-03-01 The first of two prequel novels in Isaac Asimov's classic science-fiction masterpiece, the Foundation series THE EPIC SAGA THAT INSPIRED THE APPLE TV+ SERIES FOUNDATION It is the year 12,020 G.E. and Emperor Cleon I sits uneasily on the Imperial throne of Trantor. Here in the great multidomed capital of the Galactic Empire, forty billion people have created a civilization of unimaginable technological and cultural complexity. Yet Cleon knows there are those who would see him fall—those whom he would destroy if only he could read the future. Hari Seldon has come to Trantor to deliver his paper on psychohistory, his remarkable theory of prediction. Little does the young Outworld mathematician know that he has already sealed his fate and the fate of humanity. For Hari possesses the prophetic power that makes him the most wanted man in the Empire . . . the man who holds the key to the future—an apocalyptic power to be known forever after as the Foundation.

Foundation Eric Goodman, Peter Park, 2011-05-10 A sense of fatigue dogs the fitness world. Many of the new programs that are tagged as groundbreaking are actually recycled ideas. Foundation offers something completely different for novices and athletes alike: a simple program with powerful and proven results that will remedy bad posture, alleviate back pain, and help readers break

through fitness challenges and plateaus. Dr. Eric Goodman, a brilliant and dynamic young chiropractor, teams up with Peter Park, one of the top trainers in the United States, to radically redefine the core--shifting the focus from the front of the body to the back. Their groundbreaking approach works to strengthen the lower back and the full posterior chain and correct poor movement patterns by addressing mechanical imbalances and weaknesses. Foundation training involves simple movement patterns and is equipment free, creating maximum power, flexibility, and endurance. Word-of-mouth enthusiasm has inspired both Hollywood luminaries and world-class athletes to make Foundation training the core of their fitness programs. Eric and Peter's client list has grown exponentially to include Lance Armstrong, NBA star Derek Fisher, world-champion surfer Kelly Slater, and actor Matthew McConaughey.

Foundations Ruth Chou Simons, Troy Simons, 2020-03-03 Families are shaped one day at a time through the Word of God You want your children to become Christ followers, obedient to His commands, and fruitful in their faith, but where do you begin? Though there isn't a formula or prescription for raising godly kids, what you desire for your family begins with heeding God's instructions to remember and declare His faithful works to the next generation. Bestselling author and artist Ruth Chou Simons, along with her husband, Troy, are gratefully raising six boys on a firm foundation of God's Word by preaching that truth to themselves and their family daily. In this book, they

invite you to join them in the holy work of training children to know and love God for a lifetime. Foundations will help you direct your family one day at a time, as you explore 12 key truths that will help connect your children's hearts—and yours—to the heart of God. With a simple, chapter-a-day format that includes Scripture, devotional thoughts, meditations, and discussion questions, this book will guide you in leading your family.

Foundation News ,1989

The Ford Foundation at Work Richard Magat,2011-10-18 This report originated in a request to me from the Board of Trustees of the Ford Foundation in the summer of 1975. The trustees, aware that there would be a change of leadership at the Foundation before 1980, wanted to make a running start in the process of planning for the future. Their first step was to make a study of the great national and international needs that might lie ahead in the

next decade and a half, and where and how the Foundation might address them. They sought advice both within the Foundation and outside it, and they engaged in long discussions of their own. Although the exercise was directed toward planning for the future, the trustees also wished to review our past, not exhaustively but at least well enough to have a clear sense of what the Foundation had been up to in the quarter century of its existence as a national and international institution. In this connection, the chairman of our board, Alexander Heard, asked for /I a canvass of the Ford Foundation's experiences, successes, and failures during the last twenty-five years . . . [focused] on the broad objectives sought, the means pursued to achieve them, and the results.

Book Love Penny Kittle, 2013 Describes why secondary students don't read, and offers teachers practical advice and strategies for developing depth, stamina, and passion in adolescent readers.

Second Foundation Isaac Asimov, 1994 SECOND FOUNDATION One man understood the shifting patterns of the inhabited cosmos. This was Hari Seldon, the last great scientist of the First Empire. The mathematics of psychohistory enabled Seldon to predict the collapse of the Empire and the onset of civilisation in the shortest possible time, Seldon set up two Foundations. The First was established on Terminus in the full daylight of publicity. But the Second, 'at the other end of the galaxy', took shape behind a veil of total silence.

Because the Second Foundation guards the laws of psychohistory, which are valid only so long as they remain secret. When the First Foundation was conquered by a force Seldon had not foreseen - the overwhelming power of a single individual, a mutant called the Mule - the Second Foundation was forced to reveal its existence and, infinitely worse, a portion of its power. But so far its location, its most closely guarded secret of all, has been kept hidden. So far. The Mule and the remnants of the First Foundation will do anything to discover it. This is the story of the Second Foundation. One of the most staggering achievements in modern SF THE TIMES
