Magic Chords Vol. 2 Laszlo Raduly, 2023-10-10 Whether you are a complete beginner or have been playing for a while, this book is designed to help you improve your guitar skills and take your playing to the next level. This second volume contains the songs of the fourth and fifth levels. These are the most technical songs, containing more chords with a high level of difficulty. As you were used to it in the first volume, you will also find photographic illustrations of the chords here, making practice easier. It is practical and easy to use, easy to navigate with the help of built-in links Convenient: it can be opened from any device, the chords and lyrics of the songs can be projected onto the screen Why is it unique among guitar textbooks? Here are 12 convincing arguments: 1. Short, comprehensible theoretical guide with illustrations at the beginning 2. Tabs and chords of the 200 best-known international hits played most often at guitar parties and gatherings in one place (Vols. 1+2) 3. The songs are transposed to the easiest chords to play, making it easy to practice 4. If you use a cap, we show you where to put it for the original tone 5. The chords of the original key are also indicated 6. Chords are in the right place, right where you need to switch (no sliding) 7. You will find a pictorial illustration of each chord in each song right next to the tab 8. The songs are grouped into 5 levels of difficulty, the level of difficulty is indicated for each song 9. We start with easy-to-play songs and gradually move towards

more difficult songs 10. At the beginning of the book, you can find all the presented guitar tabs in a table, which you can open immediately by clicking on the title of the song (you don't have to scroll there, your index finger won't get tired 11. By clicking on the orange arrow next to the songs, you can jump back to the above-mentioned table 12. Thanks to the digital format, you can practically project the guitar tabs onto the screen, so everyone has access to the lyrics and chords of the song in a group More information: <https://www.chordsforbeginners.com/>
