Censored 2007 Peter Phillips, Project Censored, 2011-01-04 The yearly volumes of Censored, in continuous publication since 1976 and since 1995 available through Seven Stories Press, is dedicated to the stories that ought to be top features on the nightly news, but that are missing because of media bias and self-censorship. The top stories are listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length, alongside updates from the investigative reporters who broke the stories.

Culture and Customs of Bolivia Javier A. Galván, 2011-04-06 In this book, contemporary representations of Bolivian art, music, religion, literature, festivals, theater, and cinema document how history and geography have shaped Bolivia's modern culture. Bolivia has long been neglected by North American historians and anthropologists. Now, author Javier A. Galván fills this gap with a book that analyzes the complex cultures of this South American nation within the context of its rich history and contemporary traditions. The first half of this text is dedicated to how and where people live—detailed geography, social traditions, religious practices, political institutions, and Bolivian cuisine and culture. The varied religious and linguistic traditions of the indigenous groups that comprise the majority of the national population are also described, giving readers a deeper appreciation for the diversity of Bolivia's character. The second half of the book explores the creative talent of Bolivians who are advancing the literary movements, painting styles, architectural design, theater productions, fashion design, and emerging film industry of the country. Culture and Customs of Bolivia also includes a detailed analysis of contemporary print and broadcasting media.
